Kaplan Will Meet Mascart On March 20

NEW YORK (AP)—Negotiations practically have been completed for a 15-round match for the world's featherweight title at Madison Square Garden on March 20 between Louis (Kid) Kaplan of Meriden, Conn., recognized as world's titleholder, as a result of his victory in the recent tournament conducted by the New York state athletic commission, and Edouard Mascart of France champion of Europe.

The announcement was made by Sparrow Robertson, Paris sporting writer, who is here as American representative of Mascart in the negotiations with Kaplan. Robertson came to a tentative agreement with the promoter Thursday last explained that it must be approved by Mascart before articles are signed. The terms were called Thursday night to the French fighter and Robertson expressed belief that they would be quickly accepted.

Kaplan, who is fighting on the Pacific coast this month, is understood to have come to an agreement with Rickard for the fight.

The fight would constitute a real world's title contest, Robertson pointed out, since Kaplan and Mascart are recognized as kings of their divisions here and abroad.

It would also mark the third Franko-American battle for the featherweight crown in a few years. Eugene Crigui, French war hero, won the crown from Johnny Kilbane at the Polo Grounds in the summer of 1923 but lost it two months later to Johnny Dundee, who forfeited the crown last year because he could not make the weight.

BRAVES READY TO LIMBER UP

BOSTON (AP)—Manager Dave Bancroft of the Boston Braves will take the advance guard of his baseball squad, 16 pitchers and catchers, to St. Petersburg, Fla., February 26 for the opening of the spring training season. The remainder of the squad will report March 5.

A number of promising new players, among them Jimmy Welsh, an outfielder secured from Seattle of the Pacific Coast league for players and cash said to amount to \$50,000, will be on hand. Welsh, a big, fast youngster, hit for .342 last season.

New pitchers include William Vargus, considered by Dick Rutolph, pitching coach, as one of the team's best prospects.

Regulars on the pitching staff are Jess Barnes, Larry Benton, Joseph Genewich, Timothy McNamara, John Conroy and Rube Marquard.

The Braves will depend on the regulars, George O'Neil and Frank Gibson, for most of the catching. Bill Cunningham and Casey Stengel secured from the Giants in a trade, are looked for regular outfield service.

Yale has placed 84 men on Walter Camp's All-American football team. Harvard is second with 71 and Princeton third with 55 and Pennsylvania fourth with 38. Until 1921 Camp confined himself to the big three. Then he included Pennsylvania, and until 1925 his selections were limited to the big four. Wyckoff of Cornell broke in 1925, and in 1926 Hirschberger, the famous Chicago fullback, was given preference. For the first time in 35 years not a member of any of the three teams landed premier honors.

One of the finest drop kickers of the late football season was Forest Griffin of Buena Vista college, Iowa, whose kicking leg as a result of infantile paralysis, is hardly two-thirds the size of the other, although of the school says, "His best kick was of 21 yards at an angle. Others of 25 yards or more were made."

A. A. Stagg, athletic director of the University of Chicago starts Sunday on a speaking tour of the west and south. His itinerary will include Texas, the Pacific coast, and Utah.

Utah "Red" Falter, Chicago American pitcher, whose home is in Cascade, Iowa, is the first of the White Sox to start training. After a winter of tree chopping at his home he has gone to Hot Springs, Ark., before going to the club training camp at Shreveport, La. His arm is reported in good shape.

PUPPY GIVEN TO UNIVERSITY

EUGENE, Ore. (Special to the Observer)—"Phyrex," the pedigreed German police pup which Dr. W. T. Ploy gave the University of Oregon arrived in Eugene this morning. The puppy is to be the mascot for all athletic events, and was sent in charge of Dr. Ploy's friend, William Haywood.

"Phy" Haywood as he is known has an available record at the University where he has been trainer for a long time.

The lively little eight-week-old puppy gives every evidence that he will be an ardent "rooter" for the university and without doubt a mascot that will bring many victories to the various teams representing the U. of O.

So Says C. Schmidt, Astorian Fish Packer, Now Stopping at Hot Lake.

HOT LAKE (Special)—An native citizen of the port of Astoria, C. Schmidt of the Schmidt & Co., a large fish packing establishment is here for general medical attention. Mr. Schmidt remarked that the burning of the old town of Astoria was a blessing although it did not seem so at the time. The old town consisted of wooden buildings and even the sidewalks were of wood. In fact it was an old time fishing town. A fire started in the wooden structures and spread rapidly to the rest of the town. Mr. Schmidt's home was dynamited in the attempt to stop the spread of the fire. At the present time Astoria is a thriving town which cost about 14 million dollars to rebuild. Between 19 and 22 million pounds of fish are produced yearly, chiefly salmon, and the logging industry employs a large number of people the year around. Mr. Schmidt was invited to attend the regular meeting of the Fish Commission of Oregon Feb. 3 and 4, but was unable to attend.

The man who was called the champion hi-climber of the world by the Aberdeen World, Charlie Roberts, has returned to Aberdeen after an extended stay at the sanatorium where he has been recovering from an accident. Mr. Roberts took out of an incline car and was run over when the driver lost control of the car. Mr. Roberts has told many interesting stories at the sanatorium of his life as a climber. A short time ago he stood on his head in a tree in the attempt to win a bet. It was this trick that won him the title of champion. Mr. Roberts will probably return to his work in a few weeks.

Edward Melhorn of Halfway is at Hot Lake for a course of treatment. Mr. Melhorn is engaged in lumbering and milling in Halfway.

AN HONEST MAN'S WORD

More than three hundred years ago, Miguel de Cervantes said: "An honest man's word is as good as his bond." Advertisers must be honest men, if they would remain advertisers. Their announcements are signed. They must tell the truth in their advertising. For their own protection, as well as yours.

What would it profit a man to advertise "Pure-virgin wool suits," only to have you discover they were shoddy? You would soon separate the sheep from the cotton. And you would never deal with that man again. And, further, you would tell all your acquaintances what a shifflint he was.

As a matter of business, if not of personal principle, an advertiser must tell the truth in his signed announcements. That's what makes the advertising columns of this paper such reliable guides to honest merchandise. The printed announcements are bonds between you and the advertiser.

Read the advertisements. Read them regularly. To be informed on the newest and best in everything. To save hours of shopping. To make the family purse do a bigger, better job. To get goods of known quality at the most attractive price.

You would not plan a motor trip without first consulting road-maps and guide-books. Is it logical to plan a shopping trip without first consulting the advertisements? Read the advertisements. Then go to the stores with your mind more than half made up.

A Signed Advertisement Is, in Effect, a Sealed Bond Between You and the Advertiser
