

Local News in Brief

COMING EVENTS

March 5, 6, 7—District high school basketball tournament at Union.

Going to Baker—Victor Depinto, violinist will leave this evening for Baker where he has a class in violin tomorrow.

Star Street Property Sold—The Pyramid Land company today received the sale of the R. Roy Smith home, at 2111 Cedar Street, to Charles Diqua.

Mr. Ledbetter Ill.—E. L. Ledbetter, who has been ill for the past week with throat trouble, is somewhat improved at the present time, although it will be several days before he will be able to return to his work at the Ledbetter garage.

Will Make Arrests—Orders from the secretary of state have been received here by the police department to arrest all persons now driving cars without 1925 license. All persons without license at the present time who wish to continue driving their cars must obtain temporary plates at the sheriff's office. No arrests under the ruling have been made as yet.

Will Elect Officers—The American Legion drum corps which won third place last year at the state convention in Portland is to be reorganized next week and will start working for the contest at Prineville next week. Officers will be elected at a meeting next week. Officers to be elected are Drum Major and Manager.

Personal Mention

Lydia Hug of La Grande departed on Number 24 this morning to spend the remainder of the winter season in southern Utah.

Carl Christiansen, Enterprise butcher was registered at the Foley hotel yesterday.

Mr. and Mrs. H. V. Melville left yesterday by car for Portland and Seattle. They visited here at the John Melville home.

Albert Currey made a trip to Union yesterday on business.

Mrs. W. W. Courtney left on Number 24 this morning for Baker to visit, Mrs. J. M. Allen.

Mrs. W. B. Pickens and her daughter and granddaughter, Mrs. Lynn Bohnenkamp and Grace Helen Bohnenkamp went to Boise this morning to spend a few days visiting friends.

Harry C. Pluss of Kamela was here yesterday transacting business at the government land office.

Mrs. Harry Proctor and Mrs. N. A. Ridd left this morning for Wallawa. Mrs. Ridd is a resident of Wallawa who has been visiting here for some days. Mrs. Proctor will visit at the Ridd home while in Wallawa.

Mrs. C. H. Gensett left on the branch train this morning to visit her daughter in Wallawa.

Mrs. Charles Sanderson who has been visiting here for several days returned to her home in Summerville this morning.

MYSTERY VEILS GIRLS' DEATH

(Continued from Page 1.)

The grave pointed to its having been thrown there by the person or persons who buried the little girls, or else indicated that it had dropped from the little inert form an Nina's body was borne to the shallow sepulcher.

Search for Sticking—Further search is being made for May's sticking, which was not on her body when it was uncovered.

Sheriff's deputies and detectives

from the city police headquarters working independently on the mystery, invaded the Mexican settlement of Los Angeles. This district, on the east side of the city, known as "Sonora town," was submitted to a careful combing in the search for clues to the slaying.

The sheriff's officers' descent on the east side was the result of information that an identical man in that region had been heard to voice remarks which pointed to some knowledge of the identity of the killers.

Detectives from city headquarters were sent to Sonora town following a careful study of the case by their bureau chief, W. L. Chapman.

COMMERCE CLUB VOTING TO END TOMORROW NOON

The balloting for the nomination of directors of the chamber of commerce will close at 5 o'clock tomorrow afternoon, according to Earl Reynolds, secretary.

Ballots may be either brought directly to the chamber of commerce offices or mailed in. The members of the organization have had ballots for some time containing an entire list of the ones belonging to the chamber of commerce and were to vote for 12.

Ray O. Williams is chairman of the election board with L. V. Bostwick and A. V. Lindgren assistants.

DISCIPLES AWAIT END OF WORLD

(Continued from Page 1.)

doctrines are false, and contrary to the teachings of the church.

Some of the believers are praying, others fasting, while yesterday many were continuing their regular work, despite the fact that their homes were virtually stripped of furniture, except for the barest necessities. Cammell plodded away at his work in a local dentist's laboratory, where he is a utility man.

Mrs. Cammell said that she did not expect the earth to be swept away in the twinkling of an eye today. She stated that it would require seven days from midnight today.

"It will begin with a small cloud in the sky, no bigger than a man's hand," she said. "That will be Christ, on His way from heaven. It will require seven days for him to reach the earth. He will make several stops on His way to the earth. One of the stops will be at a planet not now visible to most, but near heaven. There arrangements will be made to meet the earth. He will take back with him from the earth.

"The journey back will take seven days also, for there will be more stops at various planets where more saints will be gathered in."

CIRCULATION OF PICTURES IS APPROVED

(Continued from Page 1.)

With these facilities the library will be able to handle the picture distribution as readily as book distribution is now.

A rapidly growing interest all classes is evidenced following the announcement of this new library service. 47th officials state that they have had innumerable expressions of approval and appreciation from both parents and school children. Being the first city in the state to inaugurate a picture distribution, La Grande becomes the leader of a movement that promises to reach large proportions.

LIVESTOCK PROPERTY LOSS HUGE

(Continued from Page 1.)

In the narrow part of the valley six families have been washed out of their homes. Every house in Vale was damaged to some extent.

The flood struck Vale about 6 o'clock this morning, while most of the population of 1800 were asleep. At 7 o'clock Vale was under three feet of water. A few inches of water remain in the streets.

And with all the water, a water shortage threatened the city due to flooding of pumps and motors over the west of the city plant.

The Bully creek dam was also known as the Dennis Brogan dam, built about 1911 as a private enterprise to impound water for irrigation. The dam was of concrete, 128 feet high, seven feet broad at the base and four feet at the top. Two years ago there was a proposal to get rid of the dam, people realizing the danger from high water, but nothing was done.

Mackay, a mountain town of Idaho, has two water supplies—a cold spring for summer use and a piping-hot volcanic hot-water stream for winter.

TEAM COMING HERE TONIGHT ONE OF BEST

The Pendleton girls' basketball team will arrive here this afternoon bearing the reputation of being one of the fastest girls' hoop sextets ever seen in Oregon.

La Grande people who have seen the Pendleton team play claim that it could beat many high school boys' teams. Be that as it may the Pendleton team has so far won games with The Dalles, Pilot Rock and other cities by almost overwhelming scores.

Local Girls Ready. At 7:15 this evening at the high school gymnasium the La Grande team will line up against the Buckaroo sextette with the earnest intention of giving it the battle of the season.

The local girls have been practicing at mornings, in vacant periods and at almost every opportunity in order to brush up on their team work and basket shooting and have gained considerably the last week.

The absence of Ann Stange from side center has weakened the team to some extent and has caused several slight changes in the lineup. The lineup which will start tonight, according to Miss Dalch, coach, will be Thelma Brown and Marjorie Reynolds, guards, Goldie Owen, center, Dean Wright, side center, and Lena Campbell and Cora Stanley, forwards.

Freshmen to Make Debut Following the girls' game the local frosh basketball squad composed of the younger boys and the Union second team will mix in what is expected to be a game featuring a great deal of action. The frosh lineup was given in the Observer yesterday evening.

Regular Game Saturday. The regular boys' team will leave tomorrow afternoon to play Baker Saturday evening. The men who will make the trip on the squad are Hummel, Unamuno, Lyman, Zundel, Glass, Larson, Meyers, Hanks, Royce, Patten, and Williams.

So far Baker has won one and lost one game to Wallawa and so would rate a little better than the local boys on the dope sheet. Payne, Duff, Illness, Manary and Cundiff are the mainstays of the Baker team this year. Most of these have had a year or so of experience.

COUNTY FAIR DESIRES HELP

(Continued from Page 1.)

ton, and the next day a message came in reply stating that a bill had been introduced appropriating \$1500 a year for two years. A letter from Mr. Hunter followed giving fuller information but adding doubts whether fair which had not received state money in former years would get anything this year.

Meanwhile Mr. Miller was sent by the chamber to Salem and is still there.

SENATE VOTES DOWN VETO OF PIERCE TODAY

(Continued from page 1.)

ated Press)—Each member of the legislative committee investigating the state constitution department in preparing his own recommendations concerning the findings which will be turned in at a meeting this afternoon.

From these the committee will attempt to formulate its recommendations.

The veto and means committee has voted to appropriate \$100,000 for the public service commission, instead of \$140,000 requested by the commission.

The budget commission by the vote of Governor Pierce and Jefferson Myers, majority members, refused to recommend anything for this department.

WOULD BAN GLARE SALEM, Ore. (By the Associated Press)—Glaring headlights and spotlights that dazzle will vanish at midnight August 31, if one of the house bills is enacted as reported favorably by the house and high way committee. The bill incorporated the ideas gained from research by a special committee named early in the session.

move down that street alone?"

Against this proposed vandalism of the city's beauty to clear a way for the "traffic" of "progress," the Fine Arts commission, the City planning commission and organized civic associations have so far been able to hold their ground.

As you think so you eventually look.

Black Sat Sign Put Up; Has No Reading Matter

A new electric sign has been installed by the Black Cat confectioners which has several unusual features. The sign is almost unique in that it contains no lettering of any sort but simply the figure of a large black cat.

The sign itself as made of leaded glass illuminated from the interior. The cat's eyes are red and flash intermittently at brief intervals.

Still on cheese, named for the village of Chilton, Huntingdonshire, England, was first made by the village innkeeper, and travelers calling at the inn soon spread its fame.

SENATE CONFIRMS STONE; VOTE 71-6

(Continued from Page 1.)

announced that had Senator La Follette, Republican, been present, he, too, would have voted in the negative.

Wheeler and Walsh Do Not Vote. Senators Wheeler, Democrat, Montana, and his colleague, Senator Walsh, withheld their votes, the latter announcing that he did so because he is counsel for Senator Wheeler in the proceedings brought here and in Montana.

While Senator Herlin attacked Mr. Stone for the position he took

WARNICK TAKES UP INSURANCE

Lee Warnick, who has served Union county as sheriff for the past 5 years and is well known in Eastern Oregon, has been appointed district manager for the National Life Insurance company with headquarters at La Grande. E. N. Strong of Portland is general manager of Oregon.

Mr. Warnick has just returned from Portland where he has taken the company's insurance training. Mr. Strong who is well known in La Grande, in making the appointment while here, stated:

"Back in 1850 there were not many life insurance companies in the United States; Dr. Julius Y. Dewey, father of the late Admiral Dewey, organized the National Life Insurance company. Associated with him in the enterprise were the Honorable Henry Clay of Kentucky, Honorable Jas. Treadway of Virginia, Honorable Thomas Abbott of Massachusetts, Honorable Alex. Ramsey of Pennsylvania and others."

The National Life Insurance company is a national company, having returned over \$158,000,000 to policyholders. "After having spent 14 years organizing the sales force of the Oregon Life, I decided to build an agency for a purely mutual policyholders company," said Mr. E. N. Strong, who was in La Grande recently. "I am a firm believer in a purely mutual life insurance on a legal reserve basis, and Lee Warnick, whom we have appointed district manager, is of the same opinion. Mr. Warnick will be prepared to render the very best life insurance service to the citizens of Eastern Oregon and we bespeak for him the support of the community."

As you think so you eventually look.

announced that had Senator La Follette, Republican, been present, he, too, would have voted in the negative.

Wheeler and Walsh Do Not Vote. Senators Wheeler, Democrat, Montana, and his colleague, Senator Walsh, withheld their votes, the latter announcing that he did so because he is counsel for Senator Wheeler in the proceedings brought here and in Montana.

While Senator Herlin attacked Mr. Stone for the position he took

as counsel in the supreme court hearings in the case of executors of the estate of J. Pierpont Morgan against James A. Owensby, Colorado mining man. Senator Norbeck made the basis of his opposition the viewpoint which he said Mr. Stone must have by reason of his long services as corporation counsel.

Paying high tribute to the character and ability of Mr. Stone, Senator Borah, Republican, Idaho, and Fred, Democrat, Missouri, entered their protest against the theory that the government had a moral right to compel an accused to stand trial far from his home. They also took occasion to deny that the Stone nomination had been held up because of an attempt to indict a member of the senate.

Senator Irvin, Democrat, Maryland, added his protest to those of the two senators, declaring that the fact that Senator Wheeler had prosecuted an inquiry into the administration of the department of justice furnished an added reason why he should not be brought to trial in the District of Columbia where the influence of government is "presumed to be great."

Highway Softens Near Enterprise, Report Says

(Continued from Page 1.)

Investigation of conditions, accompanied by Oscar Cutler, the engineer who built the road below Enterprise.

Stages Barred. "Mr. Baldock said that the heavy stages would not be allowed to operate beyond Wallawa until the roads settled. The large busses will come from La Grande to Wallawa for the present, and there transfer passengers in lighter cars which will make the run on to Joseph. Mr. Baldock and Mr. Cutler said the roads would be very seriously damaged if the wet weather continues and heavy cars run over it.

The Wallawa county sent newspaper goes on to state that "another earth slide is expected at Wade point this spring. The embankment rises at a steep pitch and is composed of earth and rocks intermingled. This mass is now soaked and as the frost goes out it would be strange if the earth would not weaken and slip down on the highway. It is thought that as great a quantity of material will come down, however, as did last year."

According to Ernest Crockett, E. O. L. & P. Co., who drove to La Grande from Baker yesterday, the state highway between North Powder and Union is in excellent condition.

ALLEN'S FOOT-EASE

For Tired Feet It Can't Be Beat

At night when your feet are tired, sore and swollen from much walking or dancing, sprinkle two ALLEN'S FOOT-EASE powders in the foot-bath, gently rub the soles and inflamed parts and relief is like magic. Shake Allen's Foot-Ease into your shoes in the morning and walk in comfort. It takes the friction out of the shoe. Sold everywhere. For FREE Sample and Foot-Ease Walking Doll, address, ALLEN'S FOOT-EASE, Le Roy, N. Y.

There's No Hope

For a man who takes a chance when he's buying tires. It's not necessary any longer. We give a personal guarantee, in addition to that of the factory on GENERAL COILS—and we make our own adjustments. They must give you full Dollar-for-Dollar Service.
