FINE PICTURE COMING HERE

When "Captain Hood" comes to Sherry's theater tomorrow for a three day run La Grande movie fans will witness one of the outstanding pictures now on the screen.

The drama, vivid, fresh and gripping, is portrayed by a cast that is absolutely "fitted" in every sense of the word, a cast that brings out in each case every possible scene with a skill and truthness that can result only in praise-worthy comments by the audience.

To go into detail in reference to the story itself would not be fair to the fan because it would take much zest that would diminish in some respects the attractiveness of the entire show. The plot keeps one guessing throughout and to know what the next reef of film would bring out would take the edge from its interest.

La Grander who have been in the picture declare that Sherry is offering a show far above the ordinary to its public — a veritable screen masterpiece.

Gold Fish

One of the most attractive things for the home is a bowl of the beautiful Japanese Fan Tail Gold Fish. These fish are very hardy and live to be many years old. They require but little attention and cost almost nothing to feed. They have become the most used of all pets in the past few years and on home is complete without them. The Richardson Art & Gift Shop, today, received another hundred of these beautiful Fan Tail Fish, in all sizes both in gold and black. Make your selection before they are too badly picked over. Also a new lot of howls at better prices. See them in the window of the Richardson Art & Gift Shop. 2-7-11

WASHOUT CAUSES DETOUR.

THE DALLIES, Ore.—Continued rain of the last several days have caused considerable damage to roads of the mid-Columbia district. Highway 318, on the highway east of Mosier, blocked traffic for a short time this morning. A large fire on the Mill creek road was waded out by the flooded condition of the creek, while 50 feet of the retaining wall on the old route of the Dallis-Columbia highway east of The Dalles caved in this morning.

Trains were derailed over tracks of the Spokane, Portland and Seattle by the O.-W. R. & N. company's tracks, crossing the river at Fallbridge, as a result of a washout near Lytle.
