Jacob Cable of Butler, Pa., shown above, thinks Culbert LaPringle of northern Michigan, below, is just a youngster and has lots to learn. Jacob is 107 years old, while Culbert is a mere 104. Jacob says: Chew tobacco moderately and exercise moderately to live long. Culbert advises keeping away from tobacco and going to bed with the chickens.

It Is Fine to Regain Health -- But Much Better to Keep It

There are unavoidable illnesses. Regular physical examinations, however, would do away with a great percent of our sickness. Through them any health menace is found in its incipient stages and corrected before it impairs our efficiency.

Such examinations are of value only when made where every scientific equipment is complete.
