C. J. Sutherland, assistant to General Manager O'Brien, of the O.-W., Portland, was in La Grande today in connection with the organization of employees' athletic clubs, in response to requests from employees in line with the management's announcement in the Union Pacific Magazine, February issue.

It is expected that such clubs will be organized on the second division for baseball at Huntington, La Grande and Pendleton-Rieth. Employees at Portland are organizing and organization of similar clubs has been asked for at the principal points on other divisions. Prospects are that baseball clubs will be organized at these points which will be formed into an O.-W. league playing a schedule of seven or eight games for the championship of that line.

Though not definitely decided, it is under consideration that later a field meet will be held at some central U. P. System point, the winners of the different units to play for the entire Union Pacific championship.

Aside from baseball, all other sports which the employees may desire will be arranged for, according to Mr. Sutherland.

FOOTBALL WORK HALTED BECAUSE OF EXAMINATIONS

UNIVERSITY OF OREGON, Eugene, Ore. (Special)—Owing to the approach of term examinations, all spring football practice has been suspended by Coach Dick Smith until the beginning of the spring quarter the first week in April. The final workout of the team was held yesterday afternoon with more than two full teams running signals and kicking and passing the ball.

Over sixty men have drawn suits and a number more are planning to don molecules with the resumption of training in April. Three and possibly four more weeks of intensive training are in store for the varsity squad. Surtmidge will be started soon after the renewal of workouts next month and a number of new plays will be given to the squad.

Medical pictures of the Notre Dame style of play as taught by Knute Rockne will be exhibited to football men as part of their training this spring. The pictures will give the men a better conception of some of the plays already given out for spring work and several new plays for Oregon will be depicted on the screen.

WRANGEL FLEET ROTTS AT ANCHOR IN BIZERTA

OREGON WILL MEET AGGIES THIS EVENING

UNIVERSITY OF OREGON, Eugene, Ore. (Special)—Oregon will meet the Oregon Aggies here Thursday night at 5 o'clock in the first game of the play-off series for the title in the northern section of the Pacific Coast conference instead of Friday night as was originally announced. The second game will be played as planned Saturday night in the Corvallis gym at 7:30 p. m.

The committee of officials in charge of arrangements for the series was unable to obtain the Eugene armory for Friday night and so the change was made necessary. The early time for the Thursday contest was set because of a conflicting date for the use of the armory later in the evening.

No definite announcement has been made as to the floor which will be used in case a third and deciding game is found necessary. The logical floor for the contest appears to be the Multnomah floor at Portland.

BOY RESCUES BROTHER

DALLAS, Ore.—Dwight Warthen, 14, rescued his smaller brother, Kenneth, from drowning when Kenneth slipped from the logs on which he and a number of other boys were playing and fell into the Willamette Valley Lumber company's mill pond. Not only did Dwight jump in and save the younger lad, but he did it with one hand, as the other arm was useless in a plaster cast, having been broken some time ago. Dwight was unable to pull himself out of the pond and slung to a log with his good hand until a passing man hauled him out.

Dwight was cold and wet and the cast on his arm was ruined, but he was still plucky. Marching up to one of the older boys, who he said, pushed Kenneth into the pond, he gave him a punch with his broken arm, bandage and all.
