

STUDEBAKER COACH IS OUT

Long looked for with much interest, the Studebaker coach comes into the automobile market this week with a new standard of construction for this type of car.

Built for the same long-time ownership and service of all Studebaker products, the Standard Six coach, on a 113-inch wheelbase and with a 50 horse power engine, teams with quality of construction.

Striking in the appearance of its Belgian blue, low-swing body, with black, satin-finished, lacquered top, the new coach contains full steel panels, and the same high quality of framework as characterize all body building by this pioneer vehicle-making company.

The chassis is the full Standard Six chassis, which has set new records in the industry for reliability and durability. Tires are full balloons, around the lines of which the whole body—and even the fenders—has been built to conform.

Roominess is one of the outstanding characteristics of this coach. Ample clearance between folding seat and the doorpost; wide cushions for the driver and the passenger of the folding seat; plenty of leg room for all passengers; these are conspicuous.

The broad doors provide for

easy entrance; rear windows are nearly as wide as the doors. The rear seat back is high, giving restful riding quality.

Upholstery is woven from mohair and wool, rich in its grey-blue coloring with grey stripe effect on cushions—handsome and durable. It covers the same, deep, springy, durable cushions which have given Studebaker cars a reputation for riding comfort not reached in any other car at any price.

IDENTITY YET UNKNOWN

SALEM, Ore. (AP).—The amnesia patient who was taken in custody by the police here a few days ago and later sent to the state hospital for medical treatment has not yet been identified, according to announcement at the institution.

Hospital authorities believe the man's name is Williams and that he recently suffered injuries in an automobile wreck. Photographs and descriptions have been sent to all sections of the northwest.

He is about 60 years of age and was well dressed when found walking aimlessly about the streets.

Heavy Penalty Provided.

SALEM, Ore.—The city council approved an ordinance carrying a maximum penalty of \$500 fine and six months in jail for driving a motor vehicle while intoxicated. The ordinance also provides for suspension of the driver's license for 30 days. The minimum penalty under the ordinance is a fine of \$50 and five days in jail.

RELAX THOSE "JUMPY" NERVES

Only those who suffer with "nerves" can appreciate the agony and torture they endure. It seems as though rest and relaxation are forever denied them. To sit still is impossible. To sleep peacefully and restfully is out of the question.

No wonder many unfortunate people who suffer from nerve inflammation seek relief in bromides, narcotics and other dangerous, habit-forming drugs. But the nerves are only fooled for a short time. Back they come after the temporary effect wears off, throbbing, twitching and aching with a maddening intensity worse than ever before.

The only way to obtain permanent relief is to heal the affected nerves, not merely deaden them. Epsa Nerve Tablets are compounded for this purpose. Harmless. They contain no bromides or narcotics. They go direct to the cause of the trouble. Endorsed by many leading physicians. Get a one-dollar package and start this effective treatment today. Your druggist will recommend them.

Red Cross Drug Store will supply you. Mail orders filled.—Adv.

Albers flapjack flour

She Says:
"I Am Thin"
Her Friend Says:
"She Is Skinny"

If she only knew that she could put on at least 5 pounds of good healthy flesh in 30 days she wouldn't be worrying about her peaked face, hollow cheeks and neck and run-down looks.

She has tried Cod Liver Oil, but the ill-smelling, nasty tasting stuff upset her stomach and made her feel worse than before.

Doctors and good pharmacists know that Cod Liver Oil is full of vitalizing vitamins that make flesh, create appetite, restore vigor, build up the power to resist disease and chase away nervousness.

Here is the pancake flour the West takes to its heart—and its stomach. And you don't have to be a "sharp" at cross-word puzzles to figure out the reason: **flavor!**

No other pancake flour can hope to rise to the flavor-heights of Flapjack; because no other pancake flour is blended in quite the same way. For instance:

No cornmeal or other heavy ingredient goes into Albers Flapjack Flour. The leavening is highest-quality. Even the salt used is as fine-texture as the flour itself. Everything that goes into Flapjack Flour goes in for just one reason:

To make sure you'll get light-and-airy, tender-and-tasty hot cakes every time. Simply add a little water or milk and bake on a hot griddle.

You'll be able to use the cheaper grades in some parts of the construction as well as the fine quality. We manufacture these cheap grades and naturally can sell them at a lower price than you can hope to get from an outside market. We have the finer grades also, but we have the cheaper lumber for its place. We are glad to quote on any grade you wish.
