HIGH SCHOOL TRACKMEN OUT

O. UNIVERSITY TO BROADCAST

Although some preliminary work has been done the real track training will start this week at the high school under the direction of Coach MacTavish.

MacTavish plans to get a line on what the boys can do next Saturday morning when a little meet among the track men of the school will be staged. The meet this week will not count for anything but will be solely for the purpose of giving the men competition.

The track prospects seem fairly good although the Tigers are notably minus in the sprinting department of the game. So far Unamuno, the ex-center on the basketball team is the only man out who has shown even average speed in the 100 and 220 yard events.

Some hopes are held for the middle distance events with Jensen, Bauman, Faus and Smutz perhaps the best bets. Jensen and Bauman are milers and 880 men and Faus and Smutz are showing good stuff in the 440. Incidentally Jensen was recently elected track captain for the year.

The low hurdles are well taken care of by Cecil Sherwood who will also be entered in the high hurdles and the shot put. McKennon and Sunda are promising for the high hurdles and will also be entered in the low hurdles.

Men for other events are rounding into shape and a better estimate of what the men can do may be obtained this week and at the MacTavish is planning on staging.

The shoot was held at Enterprise with Baker, La Grande and the Wallowa county men competing. It was the third of a series being held by the Eastern Oregon Trap association composed of sportsmen of the three cities.

La Grande went ahead in team standing until yesterday when they lost to Enterprise. The Enterprise shooters were aided yesterday by marksmen from Wallowa who were of assistance in keeping the score up.

Although the team as a whole slipped behind, several La Grande men won prizes which were courteously put up by the Enterprise merchants and the club.

WALLOWA, Ore. (Special)—Severe colds and "flu" which has been prevalent here for the past several weeks, has assumed a near epidemic form during the past week especially among the school children, the past three or four days as many as fifty and sixty pupils have been reported absent. Fredde Hensil is a patient at the hospital here, having been operated on for appendicitis recently. His condition was reported as very serious for a few days, but latest reports say he is getting along nicely.

Adverse Weather.
 The weather conditions here have been very stormy during the past several days. About three inches of snow fell the first of the week, and remained on the ground for several days, in some sections of the county. The ground is extremely wet at this time, making any start at farm work very difficult.

A number of the farmers in the valley have been busy for the past week or more plowing and sowing.

A small daughter of Mr. and Mrs. Dick Galloway is reported to be very sick at this time, suffering from "flu."

Ray Martin and family have moved to the Coated place west of town. Mr. Martin expects to run the small place and continue his work at the sawmill here.

H. C. Hoaring of Middle Valley finished his lambing recently. He reports a very high percentage of lambs saved, setting seventy lambs from a flock of about forty ewes.

Mr. Churchhill, superintendent of public instruction, is scheduled to speak here Saturday afternoon and also in the evening.

The cold, stormy weather of the past few weeks has made the growth of grass on the ranges very slow. During the warm weather of the latter part of February the grass became well started, but with the freezing which came in March has not grown any to speak of.
