Partisanship Not Main Issue in Warren Case (Continued from Page One) ... The truth would be, of course, that partisanship played equally as dominant a part in the fight to put Warren across as it did in the fight to block his confirmation.

Speak This Evening Mrs. Downey, state missionary worker for the Christian church, arrived in La Grande this morning and will speak this evening at the church. Mr. Downey is an experienced worker and her talk this evening will be one of interest to everyone.

Advise Detour Chas. McCarty, who has just returned from a business trip to Portland, via auto, advises anyone planning a trip to the western city to detour at Echo to avoid driving through the thirty mile section of the highway that has just been cut. The detour is a good market road and connects with the highway at Heppner Junction. Talking the detour is about thirty-two miles farther but is better than driving through the oil, according to those who have made the trip recently. The section of the road being oiled is open to traffic, but once the oil is on a car it is difficult to get off.

Hunter in Portland "I received more kicks over the armory bill than over anything else handed by the legislature," confided Albert Hunter, representative of Union county, who is registered at the Imperial from Island City. For four terms a matter of eight years, Mr. Hunter has been elected. He is nominated on both the Democratic and Republican tickets in the primaries, which shows that the people in his county are satisfied with his work.

FIGHTERS PUNISHED BY BOARD (Continued from Page One) ... McCarty took the count shortly after the beginning of the second round apparently from a body punch. He was plainly outclassed by the colored fighter from the very beginning of the bout.

CARLTON NURSERY CO. Carlton, Oregon.

Wanted to Catch Train To sum the whole thing up it seems that both boys were anxious to make the night train out of town and so hurried the fight up. One of them mentioned something to this effect before ever going in the ring. With a good understanding between them they went out to put on the bout but here was where the hitch came in.

Ford Beats Barrett Ernie Ford in his first appearance in the ring here for some time made short work of Kelley Barrett of Baker in the semi final. Barrett was not at all enthusiastic about the fight after Ford hit him a few good pops at the beginning. He took the count after about a minute of scuffling and went his way glad that the thing was over with.

The best fight of the yard was staged by Henry Becker and Kid Sarp. Becker was in his first ring fight and took a lot of punishment from Sarp in the first two rounds. He about held his own in the third and won the decision in the fourth and last round with knockdown which left Sarp groggy for the rest of the session.

20 years' imprisonment. Girard had supported the women in luxury for years. He was an insurance agent, who in spare time studied bacteriology. His procedure in crime was always the same. He cultivated acquaintances, ingratiated himself into their friendship and sold them insurance. The policy would be taken out in the victim's name, but Girard would force his acceptance and application, and using an assumed name for a beneficiary.

Then, taking advantage of a meal in cocaine, he dosed his victims with one of his strange alkaloid drugs or infected them with the germs of disease—typhoid or pneumonia. As soon as his victim died, he would collect the insurance.

A recent germ poisoning attempt which did not end fatally for the victim was the efforts of Clarence O. Baring of New York to poison his wife. Mrs. Baring, a witness against her husband, told of quarrels over her husband's devotion to another woman. On Baring's plea of forgiveness they became reconciled.

Returning from a trip to Europe, Mrs. Baring became ill. Investigation led to the arrest of her husband and he confessed that he had given his wife arsenic and diphtheria and pneumonia germs. He was confined to a sanatorium.

Kansas City police in 1909 accused a man of attempting to kill a relative by one of typhoid germs but the man was never convicted.

VILE BOOZE TAKES TOLL; BOY PASSES (Continued from Page One) ... ed youth consumed a part was purchased from Jim Best, according to the testimony given by Charles Michael, who with Cecil Wagner and the Sprague boy, were the purchasers of one gallon of liquor. Michael, 18 years of age also, testified that the purchase was made by young Wagner and that he personally did not know who furnished it but that Wagner afterward told him that Best furnished the one gallon for either \$11 or \$12.

REPAIR NERVES WORN TO SHREDS To live on your nerves is like drawing money out of the bank instead of living on the interest. Soon there is none left. Then you are bankrupt. So with nerves. To live on nervous energy alone is to draw on your reserve force. The nerves give way under the strain. Then a very serious and oftentimes fatal condition follows. The nerve strain must be relieved or danger lies ahead.

Kops Neuritis Tablets are compounded to soothe and relieve inflammation of the nerves. They are absolutely harmless, contain no bromides or narcotics or other habit-forming drugs. By going direct to the cause of the trouble they act to cause the nerve pains that result from diseased and "high-strung" nerves which usually respond to their healing influence with amazing rapidity.

Kops Neuritis Tablets offer a sane, common sense, scientific treatment, endorsed by many leading physicians. Start this treatment today. The price is \$1.00 a bottle. Your druggist will recommend them.

Red Cross Drug Store will supply you. Mail orders filled. Advt.

FIRES RACE ON PRAIRIES IN 3 STATES (Continued from Page One) ... south of Crookton in the devastating prairie fires which have been raging in this district since Wednesday.

UNDATED (By the Associated Press)—Whipped along by a brisk wind, prairie fires Wednesday night and Thursday swept over widely separated sections of North and South Dakota and Nebraska causing extensive property loss and giving rise to unconfirmed reports of fatalities.

One fire zone centers on the North and South Dakota boundary south of Bismarck, S. D., while the other area affected is straight south on the South Dakota-Nebraska line embracing part of the broad Indian reservation and extending toward Valentine, Neb.

In each zone several distinct separate fires were reported, all traveling in a south and slightly east direction. Reports that a man had perished near Waller, S. D., and a woman and two children had lost their lives at Tut Hill, S. D., had not been confirmed.

In the southern part of South Dakota the inland towns of Tut Hill and Veto were reported virtually destroyed.
