WALLA WALLA TEAM STRONG

Nine That Pirates Must Face in Opening Game of Season, Rounding into Shape.

WALLA WALLA (Special)—Selecting Jeff Olson as playing manager and naming Dan Hennessey as secretary-treasurer, those interested last evening effected the organization of the Legion Bears for this season. At a largely attended meeting at the Legion club rooms in the armory building was displayed in the prospects for a fourth pennant on the part of the local nine. Sponsored this year, as it was last, by the Walter F. Lee post of the American Legion, the league favored around second last season will be there again this year while Ray Dean will be on short. Clint Ward and Turnbull will fight it out for third base with the odds favoring Ward. In the outfield Olson, Blackman, Frank Hill, Cotton Harmon and numerous others will strive for places. "Footie" Paris is on hand for a pitching assignment while Hodgins who pitched for the college last year will be given an opportunity to show his wares. The first game will be played in Walla Walla, April 12 with La Grande playing Walla Walla. La Grande finished second last year after fighting Walla Walla to a finish. With the last games to be played the two teams were tied for first. Walla Walla won its game from Dayton while Pendleton defeated La Grande. The one contest played between La Grande and Walla Walla here was an epic that will long be remembered by Walla Walla fans.

Here we have Steve O'Neill, catcher on the left, and "Red Sam" Jones, pitcher, back together again with the New York Yankees. Some years ago, O'Neill and Jones were room-mates on the Cleveland club. A trade then took Jones to Boston and thence to the Yankees. Oddly enough, O'Neill later followed a similar route. This season finds them on the same team once more. They're great pals—Steve and Sam.

SUNDAY SHOOT AT LA GRANDE

With La Grande four points behind Enterprise in the series of trap shoots being held by the Eastern Oregon Trap association, the local marksmen will attempt to again jump in the lead in the standings tomorrow. Baker, Enterprise and La Grande will all shoot at home tomorrow, keep record and compare scores afterward. The shoot will start at the Wing, Fin and Peetfoot trap grounds near Lone Tree at 10:30 tomorrow morning. All shooters are urged to come out and help La Grande get back at the top of the list.

The biggest crowd that ever attended a prize fight in San Francisco is expected in the ball park, where the ring has been erected. Stribling has a slight advantage in weight but Loughran's reach is longer. TUNNEY WINS FROM GIBB ST. PAUL, Minn. FLYING SLANG IS COLORFUL

WASHINGTON (AP)—The army air service, upon which the Congressional spotlight has recently played with brilliancy, has developed a vocabulary all its own. An air service officer who can't fly is popularly known as a "knee-wee" from the Arctic bird with undeveloped wings. When one becomes confused in conversation, he is referred to as being in a "flat spin." "Ground" flying" denotes conversation concerning flying. When a speaker at a banquet orator at undue length, an air service hint to him to "land" is to place two matches to form a T, representative of a plane's outline. "Colling" is the highest point an aircraft can reach, depending on its horsepower and the air density. "Washed out" is the army aviator's designation for getting killed, and "cracked up" means a wrecked plane, in which the pilot might not be dead. "Archite" is an endearing term that army fliers have for all anti-aircraft artillery. Any particular design of aircraft is known as a "job," the propeller being termed the "prop." "Give 'er the gun" is the air equivalent of stepping on the gas to speed up. To "set down" is to land, but when the flier tries to run parallel to the ground beyond the conventional landing height and falls a few feet in his intentional descent to mother earth, he is said "to pancake."

TRACKMEN IN MUDDY RACES

The bad weather made it impossible to run off the high school track meet as had been planned this morning but several of the boys were out in running tops in spite of the rain. The 220 yard dash, the 440 yard dash and several other events were run and timed. The bad weather made it impossible to make any time especially with water on the track. The regular inter-class meet is scheduled for next Saturday.

Helping Stalled Cars Discouraged by Court

NEW ORLEANS, La. (AP)—The Louisiana state court of appeals has "decided" that you can't somebody else's automobile do as entirely at your own risk. Harry Perkin of this city broke his arm in obliging J. K. Lewis, a produce broker, whose car would not start, and then sued Lewis for \$1250. The court's decision was that Perkin knew or should have known, the risk he was running. Perkin claimed Lewis asked his aid in cranking the automobile, and also asserted that Lewis gave the engine too much spark as it was being cranked.
