A FEW REASONS

Don't buy a range because it's cheap, or because it is pretty. These qualities should be considered but after all, neither will spell much in a few years. A range is used about three times a day, every day in the year and it costs money each time you use it. Monarch ranges are not only good looking and not only are our prices low but best of all they will last a lifetime and are most economical in fuel and upkeep.
