Notice is hereby given to every person, firm, partnership, company, or corporation, owning, leasing, occupying, possessing or having charge of or dominion over any land or place in Union County, Oregon, which land or place is or will be incited with ground squirrels or other noxious rodents that the most effective time for placing poison baits for the destruction of the above mentioned animal pests is the period of thirty days immediately following the first publication of this notice.

The bait recommended by the undersigned for general use throughout the season consists of and is prepared as follows: stercorine (powdered alkaloid) 1 ounce, Bicarbonate of soda (baking soda) 1 ounce, Saccharine 1-2 ounce, Heavy Corn Syrup 1-4 pint, Thin Marsh Paste 1/2 pint, Glycerine 1 tablespoonful, Table Salt 1 tablespoonful. Mix thoroughly in a clean vessel 1 ounce of powdered stercorine (alkaloid), 1 ounce of common baking soda, and 1-2 ounce of saccharine. Over this pour 1/2 pint of thin, hot starch paste and stir well. (The starch paste is made by dissolving 1 heaping teaspoonful of dry glass starch in a little cold water, which is then added to 1/2 pint of boiling water. Boil and stir constantly until a clear thin paste is formed). Stir in 1/2 pint of heavy corn syrup and 1 tablespoonful of glycerine, making sure that none of the heavy syrup paste sticks to the bottom of the container. Stir in the salt. For the Oregon ground squirrel or size rat (citellus Oregonus) stir this mixture thoroughly into 15 pounds of clean bright oats and mix until each grain is coated. For the red or timber squirrel (citellus columbianus) treat in the same manner 12 pounds of clean oats that have been steamed and rolled sufficiently to flatten but not to pulverize the kernels. Persons handling the concentrated poison paste should remember it is exceedingly dangerous to all kinds of livestock as well as to human beings. The prepared grain bait should be stored where stock may not get to it.

This notice is published in accordance with the provisions of Section 5, Chapter 127 of General Laws of Oregon, 1915, and of Oregon Senate Bill 22, Session of 1925.

First publication April 2, 1925. H. C. AVERY, Agricultural Agent for Union County, Oregon.

PUBLIC LAND SALE. Department of the Interior. U. S. Land Office at La Grande, Oregon, February 26, 1925.

Notice is hereby given that, as directed by the Commissioner of the General Land Office, under provisions of Sec. 2452, U. S. C., pursuant to the application of William P. Foland, of Pilot Rock, Oregon, Serial No. 021658, we will offer at public sale, to the highest bidder, but not less than \$2.25 per acre, for Lot 2, NE 1/4 SW 1/4, Section 29, and at not less than \$1.50 per acre for Lot 4, Section 26, at 10 o'clock A. M., on the 11th day of April, 1925, next, at this office, the following tract of land: Lot 2, NE 1/4 SW 1/4, Lot 4, Section 26, Township 4 North, Range 26 East, W. M.

The sale will not be kept open, out will be declared closed when those present at the hour named have ceased bidding. The person making the highest bid will be required to immediately pay the amount thereof.

Any persons claiming adversely the above-described land are advised to file their claims, or objections, on or before the time designated for sale. J. H. PEARE, Register.

2 START QUEST FOR GOLD. SPRINGFIELD, Ore.—William Simons of Springfield, earlier post 78 year of age, and George Carson, Springfield young man, left for the mountains above Marcola to make their fortunes. Their intention is to prospect for gold, with a view to filing on the land for mineral rights if they find it.

According to the story which they have been telling their Springfield friends, small nuggets the size of peas have been found in the crevices of rocks in the vicinity of their destination, and they plan to find the spot where they were picked up.

Mr. Simons says that if there is any gold in the mountains he can find it, having spent nearly 20 years mining.
