BEAVERS WIN OPENING GAME FROM ANGELS

PACIFIC COAST LEAGUE

Club	W.	L.	Pct.
Salt Lake	1	0	1.000
San Francisco	1	0	1.000
Portland	1	0	1.000
Sacramento	1	0	1.000
Vernon	1	0	1.000
Seattle	0	1	.000
Los Angeles	0	1	.000
Oakland	0	1	.000

SAN FRANCISCO (By the Associated Press)—Four well-contested games in as many different cities ushered in the 1925 Pacific Coast league baseball season Tuesday. In three cases the home town fans saw their favorites win, but at Los Angeles the visiting Portland club took the Angels into a hard-fought battle and won the eighth inning. As a result, Portland, Salt Lake, Sacramento and San Francisco teams Tuesday night had percentages of 1.000, while Los Angeles, Vernon, Oakland and Seattle had yet to enter the winning column.

It took the San Francisco Beas 19 terrific innings to win their arrangement with the Seattle champions at the local grounds, thus furnishing the first extra-hitting engagement of the season. Salt Lake, where the opening game had been endangered by rain, turned in the first victory, due to the difference in time and a speedily played game.

Lake Bees began their race for the Pacific Coast league baseball pennant Tuesday by taking the opening game of the series from Vernon Tuesday, 4 to 1. Percy King Barfoot engaged in a mid-morning pitching battle and both went the entire nine innings.

Heavy rain in the morning and continued threatening weather retarded the opening day crowd to 1000, which, under the circumstances was pronounced remarkable by the Salt Lake management.

The game was presided by a parade and flag-raising ceremonies were held at the park. United States Senator Fred S. Hunt pitched the first ball which was caught by Congressman Dan S. Colton.

Score: R. H. E.
Vernon..... 1 2 1
Salt Lake..... 4 7 0
Innings..... Barfoot and Murphy; Piercey and Peters.

LOS ANGELES (AP)—R. H. E.
Portland..... 7 10 2
Los Angeles..... 3 7 2
Innings..... Winters, Varrison, Keefe and Crosby; Howland; Root, Hainey and Shadler.

BOXING

GILBERT KAYOS GARFINKLE
SALT LAKE CITY (AP)—Pat Gilbert, Salt Lake featherweight, knocked out Ivey Garfinkle, local boxer, in the third round of their bout here Monday night.

Adrian Elton, Bantamweight, Utah, Floyd and Harvey Bateson of Logan, Utah fought six fast rounds to a draw.

Leo Hanson, local featherweight, was awarded the judges' decision at the end of his six-round bout with Red Downs.

Tom Jones, Salt Lake featherweight, outclassed Wild Bill Barrett and gained a decision in six rounds of eleven boxing.

JUDGES FAVOR BRENNER
LANSCASTER, Pa. (AP)—Len Brenner, Lancaster, won a 10-round judges' decision over Joe Lynch, New York, former bantamweight champion, in an eight-round fight Monday night.

SHARKEY GIVEN VERDICT
BOSTON (AP)—Jack Sharkey, Boston heavyweight boxer, was awarded the judges' decision at the end of his 16-round bout with Jack Bentala of New York here Monday night. There were no knock downs.

TENDLER BEATS JULIAN
PHILADELPHIA (AP)—Law Tandler, Philadelphia featherweight, won a technical knockout over Tony Julian of Brockton, Mass., Monday night when Referee Arthur Nolan, stopped the fight in the third round, after Julian appeared to be unable to continue. Tandler weighed 142 pounds and Julian 144.

BRITTON GETS DECISION
COLUMBUS, Ohio (AP)—Billy Britton, Columbus, Kan., won the judges' decision over Charlie Tarsan, Columbus, Ohio, in 12 rounds Monday night.

The winner of a national beauty contest has returned from Paris minus her husband. This speaks well for Paris.

SOOTHE THOSE TWITCHING NERVES

Many who suffer with aching, throbbing nerves, who feel as though they "would like to jump out of their skin" are often ready to give up in despair. They have no time for long, expensive cures, sometimes recommended. So they suffer in silence the untold agony of nerve inflammation, not knowing which way to turn.

Epsa Neuritis Tablets were compounded to help just such cases. It is remarkable the results that have been obtained by this simple, effective treatment. They help to remove the inflammation of the nerves and restore the diseased nerves to sound, healthy condition once more.

No narcotics or habit-forming drugs or bromides are contained in Epsa Neuritis Tablets. They are endorsed by many leading physicians, begin taking Epsa Neuritis Tablets today. Price \$1. Your druggist will recommend them. Red Cross Drug Store will supply you. Mail orders filled.—Adv.

FLORIDA WINS LEGION RACE

(By Earl N. Walter)
INDIANAPOLIS (Special)—Florida did it again!

Yes, the Sunshine and Real Estate State won the Lindsey Trophy for 1925 by pulling under the wire first in the department membership derby ever run under the auspices of the American Legion.

Now if there's any person extant that doesn't know what it's all about and why, let him peruse the following snappy bulletins put out by the official announcers here at national headquarters:

"Official: The Department of Florida, American Legion, with a percentage of 89.12, is hereby declared the winner of the Henry D. Lindsey membership trophy for 1925. The Lindsey cup is annually awarded to the department of the Legion attaining the highest percentage of membership over its preceding year's membership by March."

Which is all very convenient inasmuch as Florida's victory precludes the necessity of curbing the Lindsey silverware from one location to another. The trophy now resides on the Florida trophy shelf where it was placed when the Floridians won it in 1924.

Florida won by a nose and a short one at that; her lead was less than one per cent and only 6 per cent greater than Nebraska's mark of 83.24.

Nebraska, with a big 1924 membership to overcome before they began to figure in the money, made an unusually great race for the trophy, declared Frank Shubert, director of membership and organization.

The first ten departments finished in the following order: Florida, 89.12; Delaware, 88.20; Nebraska, 83.24; Oregon, 82.49; Kansas, 79.86; Wyoming, 71.56; North Dakota, 69.41; West Virginia, 68.10; Minnesota, 67.72; and Alabama, 67.41.

Commenting on the results of the Lindsey contest, Director Samuel said: "In many ways the 1925 race was the greatest yet. More interest has been shown in the race. This is evidenced by the fact that twenty departments worked intensively during a period of months for the trophy. Twenty departments each had, on March 1, fifty per cent or more of their 1924 membership paid up for 1925. The membership situation has never been better and in great measure this is due to the activities of Lindsey trophy aspirants."

Juvenile Star

Though she is only a bit over two years old, little Betty Norton bids fair to emulate her older sisters as a water nymph. Betty can swim 50 yards with ease, and is a diver of ability. Her parents are Mr. and Mrs. Fay Norton of Los Angeles, Calif.

DEMANDS FOR LABOR NORMAL

PORTLAND, Ore. (Special)—Following fairly heavy seasonal calls for men from nearly all industries during the last half of March, employment demands on the west coast have decreased and settled down to little more than normal replacements due to labor turnover, according to reports from 41 unemployed service offices in various northwestern cities received at 41 headquarters here today.

Labor turnover in the fir camps was larger last week than it has been at any time this year.

Woods work in the Inland Empire is being held up on account of snow, but stock cutting at pine mills is under way. Reports from districts east of the Cascades indicate that there is plenty of resident labor there to meet present demands. Condensed reports from the 41 offices follow:

Portland
There was a marked increase in labor turnover at both camps and sawmills in this district last week. The demand for loggers, estimated to be 65 per cent replacements, was the heaviest it has been at any time this year and an average of more than 150 men left Portland daily for camps in the various districts which surround this city. A very few logging operations have increased their output by adding a side, but activity is far below normal for this time of year. Skilled sawmill help is quite generally employed.

Aberdeen
There has been a noticeable shifting of loggers in Grays Harbor camps and last week saw the largest labor turnover in many months. Production at about one-half of sawmills here continues to be curtailed to five days weekly. There is little skilled help of any kind now unemployed. The National Lumber company will next week open two of its camps, it is reported, and will clean up all down timber before the fire hazard begins.

Tacoma
Nearly all sawmills in Tacoma and vicinity continue to operate but four or five days weekly. There are no experienced mill workers out of employment here, although there is some surplus of common labor which is gradually being absorbed by building, farms, railroad and highway construction work. Logging in this district is about 60 per cent of capacity.

Seattle
Logging camps in Puget Sound districts last week added a few men to their crews; log production is less than 75 per cent of capacity. There has been but little change in sawmill operation and a majority of mills in Seattle, Everett and up-Sound points

EX-CONVICT IS ARRESTED

ALBANY, Ore.—Harry D. Hainey, ex-convict, and Tony Quay, 14-year-old wife, were arrested near Corvallis by Traffic Officer Bloom on a charge of breaking into a half dozen homes in Albany and stealing an automobile belonging to Professor Finerty here.

Hainey was taken before Justice of the Peace Oliver and bound over to the grand jury on two charges, burglary and larceny of an automobile.

Spokane
Although Spokane still has some unemployed men, the number is being steadily reduced as more sawmills of the Inland Empire start night shifts. Railroads here also are hiring a few men every day but not in large numbers. Night crews will be put on this week at both the Lone and Spirit Lake mills of the Panhandle Lumber company, and next week second shifts will be added at the Potlatch plant, Elk River, and at the Honberg Ferry mill. Woods work is slow in getting started, due to snow in the hills. The demand for ranch help has declined. There are plenty of men in this district to meet all demands for any sort of labor.

HANGMAN REQUEST IS IT
SALEM, Ore.—Whether William Lamb will be reinstated as official hangman at the Oregon state penitentiary probably will be decided this week. This was announced by Governor Pierce. Mr. Lamb previously served as hangman at the prison, but was discharged soon after A. M. Dayrampie became warden of the institution. A petition asking for Mr. Lamb's reinstatement was presented to the governor Saturday by members of Scout Young Camp, Spanish-American War Veterans, of Portland.

The governor also has under consideration a petition requesting clemency for Alvin Straight, who is serving seven years in the penitentiary on a charge of assault with a dangerous weapon. Straight was alleged to have fired several shots at the district attorney and deputy sheriff of Morrow county.

Executive clemency for Straight

HAINES HI NINE TRIUMPHS OVER COVE STICKERS

COVE (Special)—The Haines and Cove baseball teams met Friday afternoon at Cove and at the close of the game the score stood 9 to 7 in favor of Haines.

RING CHAMPIONS ARE RE-INSTATED

NEW YORK (AP)—Mickey Walker, world welterweight champion, and Johnny Dundee, retired featherweight champion, who have been under suspension by the New York athletic commission for some time, were reinstated Tuesday.

The ban on Walker, who is expected to meet Harry Greb, middleweight title holder, in a charity bout in June, was lifted after Walker had agreed unconditionally to meet Dave Shade, Pacific coast welterweight. It was the champion's failure to box Shade that led to his suspension last October.

Mike McTigue, world's light heavyweight champion, also was reinstated upon his agreement to box anyone the commission selects within 60 days. McTigue was suspended October 24, 1924, for his refusal to accept a challenge filed by Gene Tunney, American light heavyweight champion.

Ruth Collapses as Result of Grippe

ARHEVILLE, N. C. (AP)—A case of grippe hit a heroism at back, are likely to keep Babe Ruth out of the Yankee line-up when the baseball season opens next week. The slugging star suffered a nervous collapse when he arrived Tuesday with his team mates from Knoxville, Tenn., and was taken to a hotel where he was unconscious part of the afternoon.

Physician's Gland Experiments Astound Scientific World

Through a New Scientific Discovery the Vital Glands May Be Assisted in Their Work of Supplying the Energizing Glandular Secretions Which Are So Necessary to Vigorous Health.

Thousands of Men and Women Now Take Glandogen to Help Regain Normal Health, Vigor and Strength

Wonders have been worked in the rejuvenation of youth and vigor by glandular treatment in one of California's State Institutions. This "Scientific Magic" has been performed by the head physician and surgeon, who reports success in 90% of 1000 cases treated.

Probably the most remarkable instance is the case of a 23-year-old man who displayed the athletic prowess of a youth of twenty by running a 50-yard race in 6 seconds.

EMINENT SCIENTISTS AND PHYSICIANS REVEAL AMAZING FACTS ABOUT GLANDS.

Dr. Serge Voronoff, an international authority in Organotherapy has said: "The brain, the nerves, the muscles, as well as the liver, the kidneys and all other organs would be incapable of playing any useful part without the aid of the glands. The functioning of our organs is so more than the activity of our glands."

At a recent medical convention in Chicago an eminent physician stated that because of the intimate connection of the nervous system with the glands, many sufferers from nervous disorders were receiving remarkable benefit from glandular treatment. He further stated that this glandular treatment could be taken by mouth like any other medicine, and that an operation is not necessary.

Dr. Arnold Lorand says in his book, "Old Age Deferred," in speaking of the glands: "We must insist upon the reinforcement of their functions, if changed by age or disease by means of extracts obtained from the similar organs of healthy young animals."

GLANDULAR TREATMENT (GLANDOGEN) CAN NOW BE TAKEN IN CONVENIENT TABLET FORM.

"Thousands of men and women are now turning to glandular treatment... their strength, vigor, vitality and health. Since science has prepared a glandular treatment in simple, compact tablet form—Glandogen—it is a simple matter to take glandular treatment. Glandogen is scientifically prepared in two different forms, one for men and one for women, from the vital glands of healthy young animals, combined with other efficacious ingredients. Accept no substitutes, insist on genuine Glandogen, the original gland tonic."

"LINE IS BUSY" ---
When you receive the report, "the line is busy" it means the line, not the telephone you called. There may be two, three or four telephones on the line. With one in use the others can not be called. Less labor is involved for the operator to complete a connection on the first call when she can than to report "line is busy" and be called again. She knows you will call again if she gives you a busy report. It lightens her burden to complete your call at once.
