JUNIOR PLAY IS SELECTED

Class in Imbler High School Preparing to Stage "Path Across the Hill."

IMBLER, Ore. (Special).—Rev. William Crosby Ross of the Presbyterian church of La Grande, held services at the Imbler church Sunday afternoon at 3 o'clock. Mr. Ross talked of the last week of the life of Christ, in preparation for Easter.

Junior Play Chosen.

"The Path Across the Hill" has been selected by the juniors of the Imbler high school for their annual play. The date of the play and the selection of the cast will be given in the near future.

Mr. and Mrs. C. C. Hammerly, Mrs. L. L. Stringham, Mrs. G. E. Conklin and Charles Thompson attended the teachers' institute at La Grande Saturday.

An Easter program will be given by the children of the Imbler Sunday school at 10 o'clock Sunday morning. Songs and recitations suitable to the occasion will be given and a cordial invitation is extended to all to attend the services.

A. J. Shillings of Poplar, Minn., who has been visiting relatives in Imbler and the valleys for some time, returned to his home Sunday. Saturday evening a farewell party was given for Mr. Shillings at the home of F. L. Shillings.

Mr. and Mrs. H. A. Watson, Letha and Donna Watson, Lydia Cleaver, Chick Cleaver motored to North Powder Sunday.

Mr. and Mrs. Sherwood Williams visited Imbler during the week.

Mr. and Mrs. James McKinnis, Mrs. Ed. Dennison and Mrs. Roy Campbell spent several days with Mr. and Mrs. W. C. Jasper of Eagle Valley.

A dance will be given at the Imbler amusement hall Friday evening. Music will be furnished by Olson's orchestra.

With the coming of spring, many people from La Grande and the valley towns have been taking advantage of the Imbler greenhouse to get their spring bulbs and plants for early planting. Gladiola bulbs, pansy plants, snapdragons — everything needful for flower beds can be found at the greenhouse, in addition to a variety of house plants. Mrs. M. H. Payne, the owner, takes great pride in her work, which is shown by the beautiful collection of plants.

Mrs. Etta Loney and Mrs. A. E. Prior attended the Summerville Ladies Aid, which met at the home of Mrs. Mike Royse last Thursday.

Mrs. Walter Young and children, of La Grande, Mrs. Laurence Martin and son, of Lone Pine, spent Sunday with Mr. and Mrs. Frank Martin.

Mrs. R. E. Trill and granddaughter, Evelyn Read, of Enterprise, and Mrs. Marcia Skaggs of Enterprise, called at the Imbler greenhouse Wednesday. Mrs. Trill has been visiting her daughter, Mrs. Fred Read of La Grande.

Has Pneumonia.

The many friends of Frank Oliver of Summerville will regret to hear that he is seriously ill with pneumonia.

Mrs. Ephemia Sanderson and Charles Sanderson of Summerville called at Imbler the past week.

Among the out-of-town visitors this week were Mrs. S. J. Fisher and Columbus Fisher of Summerville.

The Imbler M. I. A. presented a comedy-drama "Mammy's Lil' Wild Rose" at the Imbler amusement hall Thursday evening. A large crowd was in attendance and thoroughly enjoyed the play.

have picked the day better.

As a friend of the family puts it: "While Wheeler will be fighting for his reputation in Great Falls, Mrs. Wheeler will be fighting for her life here in Washington."

Washington will have its chance to bid for literary immortality late this month when several hundred literary ladies, some with long hair and many with short, some poets, some novelists, some scenario writers and some dramatists, assemble here in the annual meeting of the League of American Pen Women.

If the capital recognizes its opportunity and reveals its real self, we may look forward to a new series of novels, plays and poems dealing with the beauty, mystery, intrigue and romance of Washington.

Too bad Congress is away. For Congress is the capital's richest mine of "local color."

Prohibition agents are getting set for spring housecleaning.

Spring, rather than winter, it seems, is the time when the wave of contraband booze, both smuggled and home made, reaches its crest. And it is this wave Uncle Sam's agents have been ordered to mop up.

Increased quantities of Scotch and Canadian whiskies are reported to be coming in across the New England and New York borders. Facing what threatens to be the greatest spring drive by rum runners in the history of prohibition, Commissioner Haynes has assigned additional men to the dry squads there.

Warm weather, it is explained, stirs anew old appetites that crave the highball, the rickey and the julep. Spring-time fishing expeditions, too, swell the demand for potent bottled "fish bait." And with an increasing seasonal demand, there is an increasing activity by the bootleg brigade, than which no other line of trade reacts more quickly to the old law of "supply and demand."

Birth control advocates, who have just concluded a convention in New York preparatory to launching a drive for federal legislation on that subject next winter, may as well mark one United States senators off their calling list.

A woman representative of the "Voluntary Parenthood League," an agency working for birth control, sounding out members of the new Senate, recently called on Rice W. Means, new member from Colorado. Means laid down an ultimatum:

"I don't want to discuss it now or at any other time. Moreover, I wouldn't discuss it with a woman."

As the V. P. L. worker left, a clerk in Means' office explained: "The senator is a little old-fashioned, you know."

Body Found in River.

ALBANY, Ore. — The body of Harold Hamilton, who was drowned December 29, 1924, when he was swept over the spillway and falls at the Mountain States Power company plant while breaking ice floating in the canal above the spillway, was found by Seth French while canoeing on the Calapooia river about 250 yards below the falls. The body was caught on a willow. Coroner Fisher took charge. The funeral services will be held at Oakville.

Many mothers have learned this "better breakfast" secret—have you?

MOTHERS, more and more, are coming to sense the health-importance of "better breakfasts." But a better breakfast need not mean a get-up-earlier, harder-to-get breakfast. Not when Carnation Mush is pantry-handy! For, in five minutes, these creamy white flakes are transformed into a tempting, tasteful energy-breakfast.

Carnation Mush is all *energy* because it is all wheat. We take white *Semina* wheat—specially selected. We wash it. We clean it. We remove only the outer husk of the wheat—nothing else. We keep all the bran, all the minerals, all the health-value. Then we steam and roll the golden grains into crisp, wafer-thin flakes—

So that you can have them for your "better breakfast" tomorrow morning—and have them piping-hot and jiffy quick!
