**Windshield Stickers Out—**  
 Members of the Monday Musical are circulating windshield stickers advertising Music Week. The stickers are bright blue and carry the caption "Give More Thought to Music, National Music Week, May 3-9." These stickers may be obtained at Silverhorn-Wright's drug store at the Chamber of Commerce office.

**To Have Offices Here—**  
 Merwin Stephenson has been appointed district bridge engineer of Eastern Oregon with offices here according to announcement from the state highway offices this morning. He will move to La Grande the middle of May. For the past several months he has been bridge engineer in Western Oregon with offices at Salem.

### Personal Mention

R. B. Hollenbeck, salesman for Chevrolet, was in Welltown county yesterday.

Mr. and Mrs. Carl Park were visitors to La Grande yesterday from their home at Summerville.

Alex McKinnon and his mother, Mrs. Mary McKinnon, were in La Grande yesterday from Summerville.

Gus Levy is spending a few days in La Grande. He went to Eugene yesterday.

After spending several days in Portland Mr. and Mrs. Henry Turner returned to La Grande this morning on train No. 24.

### DOKIES PLAN CEREMONIAL

(Continued from Page One.)  
 Fortcoming led further agony and torture shall be their and the exceeding wrath of Moloka and his brigand band be unnecessarily aroused and his savage revenge mercilessly bestowed.

"Therefore, I command all you-atics in Klashed Temple No. 179 to don your robes and be prepared for the big ceremonial and banquet to be held at the Knights of Pythias Castle Hall, La Grande. What say you boys, (Signed) Walter James, Royal Visitor.

### Citizens Responding to Clean-Up Period Plans

(Continued from Page One.)  
 A number of citizens are striving to make their property the best kept in La Grande, and their efforts are proving very successful.

Not only is the property being raked and trimmed but a considerable amount of repairing and painting is going on.

From a general survey of the town, it appears that a large number of the citizens are taking more pride in the appearance of their residences and the lots they own than ever before.

### Consider Indorses Italy Plans

KLAMATH FALLS, Ore.—Pole endorsement of the plans of any of all railroads which seek entrance to Klamath county was given by the chamber of commerce directors as a result of letters received last week by four of the leading business organizations of the county. The four organizations in a resolution adopted Saturday urged that the bill be added in every possible manner.

Most about \$1000 in new equipment and other about \$2000 worth of our present investment. Even after considering this investment, however, we will be able to effect reduction in operation which will more than offset the carrying charges of the additional investment. We do not expect to make any direct monetary gain by these changes. We are simply following out our established policy of improving our service and reducing our prices whenever it is possible to do so.

**Hearing Postponed.**  
 After considerable debate, a motion was passed postponing until next Wednesday night a hearing at which Miss Jessie Hayes must appear to show cause why her retaining home license shall not be revoked. Advances H. Rose represented Miss Hayes last night. The reason for the postponement is to await the results of her trial in justice court, which is set for Friday.

A petition to establish an arc light at the intersection of Depot Street and "A" street was referred to City Manager Cress.

**Ordinance Read Twice.**  
 An ordinance dealing and providing for the licensing and taxing of solicitors was read for the second time last night. The ordinance applies to solicitors who operate from house to house, and who demand all or part payment before goods are delivered. The ordinance provides that solicitors be licensed and that they must obtain \$500 bonds. The reason for the ordinance, as brought out last night, is to provide protection to citizens and to insure them of delivery of all goods ordered when a payment is made in advance.

Several other minor matters were attended to before adjournment. Commissioner H. F. Lane also was absent, being out of town.

### GIRLS ELECT DELEGATES

SALLEM, Ore.—The Older Girls conference of Oregon, which closed its annual sessions here started eight delegates to attend the national conference to be held at Denver, Colo., near Denver, next Saturday.

### Markets

**PORTLAND MARKETS.**  
 PORTLAND, Ore. (AP)—Cattle and sheep steady today; hogs 25c to 50c lower; lightweight, \$12.25 to \$12.50.  
 Eggs and butterfat steady; butter, 42c.

**BUTTERFAT.**  
 SAN FRANCISCO (AP)—Butterfat here today.

**PORTLAND GRAIN MARKET.**  
 PORTLAND, Ore. (AP)—Wheat—Hard white H. S. Hard, April, \$1.61; May, \$1.61; soft white, April, \$1.56; May, \$1.57; western white, April, \$1.54; May, \$1.55; hard winter, April, \$1.54; May, \$1.54; northern spring, April, \$1.55; May, \$1.56; western, red, April, \$1.53; May, \$1.54; H. H. H. hard white, April, \$1.57; May, \$1.57.  
 Corn—No. 2 E. Y. shipment, April, \$42.50; May, \$43.25.

**MARKETS AT A GLANCE.**  
 NEW YORK (AP)—Stocks Steady; Western Union at record high.  
 Bonds—Irregular; Virginia railway 2 1/2% rally.  
 Foreign exchange—Easy; French francs drop 4 points.  
 Cotton—Risky; bullish Texas crop advice.  
 Sugar—Easy; increased crop estimates.  
 Coffee—Irregular.

**CHICAGO (AP)—Wheat—Higher; Kansas future reports.  
 Corn—Steady; in sympathy with wheat.  
 Cattle—Unsettled; mainly lower.  
 Hogs—Steady to weak.**

### TO REPLACE LA GRANDE ARC LIGHTS

(Continued from Page One.)

## BUCKS TO BE TIGER'S HOST ON SATURDAY

Walla Walla, La Grande and Pendleton to Compete on Track and Field in Triangular Meet.

The real test of the Tiger track team preceding the Eastern Oregon meet is expected Saturday afternoon when the La Grande athletes clash with the Pendleton and Walla Walla track outfits in a three-cornered meet to be held at Pendleton.

With the exception of Hatton, Pendleton has practically the same track outfit as last year and with the addition of another season's coaching and experience.

The Bucks were timed and measured during practice Tuesday afternoon and in competition with each other ran up some good marks. The century was won by Metcalf in 16.3 seconds, the mile run by Walters, 5 minutes 27 seconds; the 880 yard run, by Har- through, 2 minutes 38 seconds; dis- cuss by Newton, 166 feet 9 inches; 220 by Christensen in 24.4 seconds; pole vault by Newton, a feet 6 inches and high jump by Boyden at 2 feet 6 inches.

Comparing these marks with the ones hung up by the Tigers against Baker last Saturday we find La Grande 4-10th of a second better in the 100, 18 seconds better in the 880 run, and four seconds better in the 220 dash.

La Grande is way behind the marks set by the Bucks in the weights. The discus was won here last week by Snyder with 51 feet four inches which is considerably lower than Newton's 104 feet nine inches. MacTavish is expected to take about 20 men on the trip. The squad will leave in cars at half past eight Saturday morning.

## SUN'S CORONA PARTLY SOLID

WASHINGTON, (AP)—A summarization of scientific knowledge gathered from the sun's eclipse Jan. 24 has led the Bureau of Standards to three main conclusions. These are:

That the sun's corona, which is the scientific term for the radiant halo of material stretching to great distances from the main orb, is in part composed of solid or liquid material, and not entirely of gas.

That the existence of an element in the sun, provisionally dubbed "coronium," which has never been encountered on the earth's globe, is fairly well established.

That a new method of timing eclipses, based on the phenomena of light, can be worked out and applied on June 28, 1927, when the next great eclipse of the sun, visible in Europe, is due.

Dr. George K. Burgess, director of the bureau, and his staff of experts who made a variety of investigations during the few moments the sun was veiled, reached these conclusions at a meeting at which they brought their preliminary computations together. They are continuing comparisons with the findings of other scientists.

The conclusions as to the solid and liquid matter in the corona rest largely upon the experiments of Mrs. H. T. Stetson and W. W. Collins, aimed at establishing the exact temperature of the sun. Dr. Collins, using better instruments than his predecessors, found the corona temperature to be 2,000 degrees above absolute zero, in spite of the fact that previous observations have indicated the temperature to be about 6,000 degrees. The difference in the two temperatures gives ground for the inference that the corona is made up in part of dense matter, because if it were an incandescent gas, the temperature would be higher.

In measuring the time of the eclipse, or rather the time of duration of the observation, I. G. Priest, another bureau expert, sought to give astronomers better data for calculating the movement of the moon. There is a gap in proven data which makes the time of the coming of eclipses uncertain by several seconds, and although this circumstance is philosophically accepted by ordinary humanity, it is annoying to scientists.

The bureau also was concerned in a general attempt to establish the influence exerted upon wireless transmission by the sun's observation, but his decisions on that point await the assembling of a large number of observations.

Members of Eugene high school, Miss Anna Popenchuk of Chemung, Miss Mary Cole of Monmouth, Miss Ruth Ross of Salem, Miss Ruth Church of Salem, Miss Esther Schaeffer of Clifton college and Miss Esther Moore of Portland.

### "Honor Bright" Staged At Union by M. I. A.

"Honor Bright," a three act comedy, with members of the local M. I. A. taking part, was given at Union Tuesday evening under the auspices of the Union M. I. A. at the auditorium there. The house was filled and the play was excellent. Features between acts were two tenor solos by Derwood Wardell of Cove, and a waltzing number by Nephie Combs. The cast will go to Amber tomorrow night where they will give the play under the auspices of the Interior M. I. A. in the theatre there.

Wednesday evening, April 22, the players will appear here again at the high school auditorium for the benefit of the athletic field. The play is under the auspices of the school, supported by the 111 Tads.

### Hale Pictured on New One-Half Cent Stamps

(Continued from Page One.)  
 He is reported to have captured by night a British provision sloop which was protected by the man-of-war Amia.

Early in September he volunteered to visit Long Island and New York, to obtain much-needed information from the enemy.

### INCREASE NOTED IN SCHOOLS

(Continued from Page One.)  
 schools, in his first year here, the enrollment for all the schools in the city of May 25, 1917 was 1489 students.

Thus, in the ensuing space of time the registration in the schools has gained 639 pupils or three more than the combined enrollment in Greenwood and Willow schools today.

Comparisons of the registrations of the various schools one year ago show that the high school has enrolled the largest number of new students. Last year the high school had 432 students and this season 51 more have enrolled to help make life interesting for the teachers.

A total of 2061 students in all the schools was recorded a year ago which shows increase of 117 students in the 12 months time. Willow school, the new addition to the La Grande school system has
