Pride In Property

Pride in the property you own, in the home you live in, and in the appearance you make not only pays dividends in property valuation, and small depreciation but it pays even greater in the satisfaction of living.

Clean up, paint up, and fix up this week—it will pay both you and your city.

Fresh, Clean Draperies

SNOWY CURTAINS AND BLANKETS JUST BACK FROM THE LAUNDRY, AND A CLEAN, ATTRACTIVE HOME INSIDE AS WELL AS OUT!

That's one of the advantages of our service. Step to the phone, ask us to get your curtains, draperies, blankets, etc.—and that part of your cleaning worry is ended.

Attractive Housewives

--and--

Attractive Homes

A clean, well-kept home is the desire of every housewife—but she is often handicapped by the drudgery of doing the family washing.

Swear off this spring—we can remove the drudgery at a cost no greater than you now spend in money, time and effort—and a less cost. Have us call and be free from wash days—get out more and have more time for worthwhile things. An unexcelled service is ready for you.

A Small Cleaning Job

--BUT IMPORTANT

While giving your attention this week to a general property clean-up, it is an excellent time to take equal care of your watch, clocks, jewelry.

Careful cleaning and repairing by an expert not only improves the looks and service of a timepiece, but also keeps its value high. Have your watches and clocks gone over this week—the charges are moderate.
