some time ago that the scenery in the western territory is unlike that in any other part of the world and prophesied that other motion picture directors would awake to the opportunities. Probably the filming of scenes from the Rex Beach picture "Wild or Chance" will take two or three weeks.

Clean-Up Week Is Set

EGGENE, Ore.—Mayor Park issued a proclamation asking the people of Eugene to observe the week from May 12 to 22 as Clean Up Week and urging that all rubbish be carried away. It has been the custom for many years past for the city to build all rubbish away free, but this will not be done this year on account of lack of funds, the mayor said.

Markowitz, a fruit peddler, hopped from his wagon and after overpowering the negro, kept the crowd from him until police arrived. Would Raise Business School's Standards

MINNEAPOLIS (AP)—Methods of promoting a professional interest in the study of business and business systems in an effort to place schools of commerce on the same professional basis as schools of law and medicine will be discussed at the annual convention of the Alpha Kappa Psi fraternity here June 19-22.

Means also will be discussed by which the organization can become more closely affiliated with the schools of commerce throughout the United States. It is proposed that banquets and meetings be held at which prominent business men would address the fraternity—in which the student becomes acquainted with business men and business methods before he gets through college.

Alpha Kappa Psi, the first professional commerce fraternity, was founded at New York University in 1905 by law students registered in the School of Commerce, Accounts and Finance. Its membership now includes dozens of prominent deans of universities, noted educators, bankers and accountants.

GRANGERS AT LOSTINE IN BIG MEET

bigger than better fair this year than ever held before, and are anxious to enlist the full cooperation of all grangers of the county, in the matter of exhibiting as liberally as possible. The association has added some important features this year, among them the ten-fitter contest which promises to create some interesting competition.

Mr. Maris was the next speaker on the program, and gave a very interesting talk along the line of work which is being carried on at the college.

W. R. Gekeler, national organizer of the granges, was present, and spoke briefly, telling of the rapid progress of the grange in the state during the past year, in which three Pomona granges have been organized and 15 subordinate organizations.

Paul Carpenter, county agricultural agent of Baker county, spoke on the work of the grange, and told of the work of organizing a Tri-county Pomona, composed of the granges of Baker, Union and Wallawa counties.

Many granges believe such an organization would help materially in strengthening the granges of Eastern Oregon, and help in bringing about some very satisfactory results.

County Agent Discussed.
The matter of securing a county agent for Wallawa county was again taken up, and discussed at some length. The Pomona grange was in favor of sending such a delegate.

Master C. F. Davies, and Rev. G. H. Fesse were nominated. The results of the balloting showed Master Davies elected as regular delegate, and Rev. Fesse as alternate. Both plan on attending the state meeting.

A check-up was made on the progress being made in securing a delegate for this year. It was stated that the result of the balloting showed Master Davies elected as regular delegate, and Rev. Fesse as alternate. Both plan on attending the state meeting.
