

27 YEARS AGO

Daily Morning Observer, May 6, 1898.—Miss Maggie Rybhorst returned last evening from a trip to Baker where she has been visiting her sister Mrs. J. H. Melton for the past two weeks.

The K. P. lodge in Union is now making arrangements to erect a \$5000 building.

Mrs. Lyle's pupils, assisted by Mrs. Lyle herself, gave one of their delightful recitals yesterday at the home of Mrs. Holtbrook. The following pupils took part: Leah Harria, Bessie Gekeler, Mabel Holtbrook, Pearl Parker, Mrs. Fred Frommiller, Hattie Young and Melba Atkies.

James Parker is again behind the bars. This time upon a more serious charge than usual. As near as the facts can be learned, he was feeling a little sore over his rough treatment Tuesday evening and having armed himself with a pistol started out in search of some one to kick. He did not seem very particular but rather preferred to find

the man who disposed of him so quickly Tuesday evening. He found the man in the reception saloon surrounded by several of his friends and began upbraiding the entire company in a manner more forcible than gentlemanly, when Dick Kelley, proprietor of the saloon, ordered him out of the barroom. Parker left the room and called the man he was quarreling with out on the side walk, when instead of putting up his props and fighting like a man, he pulled a gun and began firing. At the first shot the man started back into the saloon, but Parker followed him up shooting three or four more shots from the inside of the room. William, the man who was shot, says he was hit while on the outside in front of the saloon. The shot took effect in the left shoulder near the neck, passing through the muscles but not striking any bones.

Bender is a log driver and has been working with the Grande Ronde Lumber company during their log drive. He will recover according to Dr. Bliggers.

New York minister wants boys to stop playing marbles and will let boys want him to stop talking.

A fool and his straw hat are soon sat upon.

HELIGOLAND NOW STRIPPED

HELIGOLAND (AP)—Inhabitants of this little wind-swept island which has been converted from the status of a fortress and summer resort to that of a peaceful district of fisher folk, who follow an entertainment of summer visitors as a side line, have been wondering of late how the great change has taken place here is going to affect their business. The outer structure of the harbor has been completely blocked, as part of the scheme of dismantlement, and rendered useless for all but fishing boats and small pleasure boats bringing summer tourists from the continent.

The work of demolition, carried out under the peace terms by the Inter-allied Commission of Control, is said to be the largest task of this kind ever attempted, and with the blocking of the harbor entrance the warlike of all kinds has been brought to a conclusion. While this work was in progress great numbers of visitors arrived from spring until fall to witness the different phases of transmission but with the blasting away of the fortifications at an end, the great guns taken down and melted into potting implements, the inhabitants feel that the public generally will lose interest in this one-time island arsenal which the Germans took 24 years to equip at a cost of approximately \$35,000,000.

Nearly 200,000 cubic yards of concrete and brickwork were demolished in the harbor works. 60-ton feet of drilling were carried out and about 300,000 pounds of explosives used in the operations. Demolition of the fortifications was accomplished by cutting up the masonry guns by means of oxy-acetylene and oxy-hydrogen flame by the burning of holes in the gun turrets as a preliminary to breaking them up by explosives by drilling and blasting and removal of concrete gun equipments, and the destruction of extensive underground chambers which served as an enormous storehouse and where the German gunners lived.

The terms of peace stipulated that the work should be done at the cost of the German government by the aid of German labor. Now that this has all been done the inhabitants say they feel much more happy and contented than formerly, when the great guns pointed their noses out toward the sea. However, there is much uncertainty because the tourists fell of considerably last year, and indications that there will be fewer sightseers than ever during the approaching season.

ADVERTISERS CONVENE SOON

HOUSTON, Texas (AP)—Advertising peace and progress to the world will be the underlying thought for the convention of Associated Advertising Clubs of the World, meeting here May 9-14. The general theme of "Advertising as a Means to World Peace" has been selected as a topic for general discussion.

Houston is ready for the greatest convention it has ever entertained, a convention to which almost the entire state will be host. More than 5000 delegates will attend, including representatives of Great Britain, Australia, South America and other European countries.

Four tours have been arranged as features of the entertainment program, reaching San Antonio and Mexico on the west, Houston and New Orleans on the east, the Chesapeake, Washington and Dallas on the north, and Florida via scheduled electric trolleys to other parts of the state.

Gov. Miriam A. Ferguson, United States Senators Hiram Bingham, Connecticut, and Morris Sheppard of Texas; Congressman Charles Andrew Eaton, New Jersey; Bishop C. S. Quinn, Episcopal bishop of the Episcopal church; George E. Tompkins of New York and Mrs. Edith McClure-Patterson of Dayton, Ohio, chairman of the budget committee of the General Federation of Women's clubs, are among the speakers.

The first event will be a formal reception of officials of the organization and official spokesmen of each club and department of the National Advertising commission at the city auditorium the evening of May 9.

Addresses of welcome will be delivered by the governor, Senator Sheppard, Mayor O. P. Hollombe, Amos G. Carter, publisher of the Fort Worth Star-Telegram, and William S. Patton, president of the Advertising Association, Houston. The response will be made by Lou K. Holland, president of the Associated Advertising Clubs of the World.

The subjects of sermons in Houston churches on Sunday, May 10, will be along the theme of the convention. At the city auditorium in the afternoon of that day the

Prater View Normal chorus of 125 negro voices will sing. Congressman Eaton will be the speaker of the afternoon. Sunday night there will be a concert of Houston's famous hands, the majority of the city's hands playing as one unit. Bishop Quinn and Harry H. Rogers of San Antonio will speak on world peace.

The convention proper opens Monday morning, May 11. President Holland will preside. C. Harold Vernon of London, Norman S. Hutchins, Sydney, Australia and Arthur Heiser, Switzerland, will respond on behalf of foreign countries to addresses of welcome. Representatives of Mexico and South America are to be selected later.

The annual meeting of the National Advertising commission will be held at noon, May 11. There will be many departmental meetings throughout the convention, touching all phases of advertising. The last afternoon, Thursday, May 14, will be devoted to reports of committees, passage of resolutions and election of officers.

SCAPPOOSE TYPISTS WIN
SCAPPOOSE, Ore.—The first Columbia county typewriting contest, held at Scappoose, was won by Scappoose High school with a net average of 45 words a minute. The award was a silver trophy cup, presented by the First National Bank of Scappoose. St. Helens high school placed second with a net average of 28.5 words a minute.

In the junior division James Stierba of Scappoose won first prize ribbon, Amelia Kiblan of St. Helens second, Bertha Johnson of Scappoose third. In the senior division first ribbon was won by Vernon Mattson of Scappoose, Evelyn Truett of St. Helens second and Alva Wikstrom of Scappoose third. Vernon Mattson of Scappoose won a medal for writing with the least number of errors.

For the benefit and protection of our depositors with checking accounts, we have installed the Protectu Check System.

With this System, you can write your checks for a certain amount and then protect your check by tearing it at that amount. That being done, no check can be raised to a higher amount.

Call at our bank and let us demonstrate this System to you. It is free to all depositors.

MALTHOID ROOFING

-costs less

The cost of Malthoid Roofing is less than the cost of the paintings necessary on ordinary roofing.

Ordinary roofing must be painted every three years or it will leak and dry out—Malthoid Roofing need only be painted every ten years.

It's true economy to cover every roof with Malthoid Roofing.

PIRETS MAKES RADIO RUN ELECTRIC LIGHTS

LONDON (AP)—Father Maurice Beckett, of Westminster Cathedral, whose hobby is experimenting with high frequency currents or wireless electricity for lighting purposes, announced recently that he had progressed to such an extent that he had been able to light a 60 candlepower lamp with his system of wireless.

"And what's more," he said, telling of his work, "at my last public performance I sent the waves through a peer of the realm and two of my brother priests as a part of my program of entertainment."

UTAH COAL LANDS LEASED

WASHINGTON (AP)—A lease of approximately 157 1/2 acres of public coal land in Sevier county, Utah, was awarded Monday by Secretary Work to Herbert Z. Land and others. The Land interests must invest one hundred thousand dollars in developing the property during the next three years and must produce a minimum of 75,000 tons of coal beginning with the fourth year. The government is to get a royalty on all coal mined.

Queen Contest Starts

ROSEMOUNT, Ore.—The contest for the election of a queen for the Roseburg strawberry carnival to be held May 21-23, was started here. Six young women have been nominated. Misses Fern Rejmers, Charlie Harpster, Catherine Statta, Verita Kuhlthagen, Dorothy Eddy and Vivian Credit. The contest will end May 14 and it is anticipated that some of the nearby communities are planning to enter a candidate in the race.

Hindenburg Jr.

His father elected president of Germany, Captain Von Hindenburg, son of the field marshal, is expected to figure prominently in affairs of the new republic.

Insist on ZEROLENE even if it does COST LESS

Where are the SUPERSTITIONS OF YESTERYEAR?

Superstitions don't last long, especially when it costs money to believe in them. For example, the majority of western motorists have long since stopped paying tribute to the superstition that there is something mysteriously "better" about "eastern" motor oils merely because they cost more and are made in the East.

Zerolene is First Choice of Western Motorists

Zerolene lubricates more motor cars in the Pacific Coast states—high and low priced cars alike—than any other oil made. Six out of the seven trophies in the 1924 Yosemite Economy Run were won by Zerolene-lubricated cars. The "anti-western" oil bogie simply doesn't hold up. Zerolene increases gasoline mileage, reduces upkeep costs and lengthens engine life, in high priced cars and motor trucks alike.

Why pay tribute to a superstition? **Insist on Zerolene even if it does cost less.**

Get the Facts!

A series of independent and impartial reports showing the experience of large users with Zerolene has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.

It's Time to Paint

NATURE has given everything a nice, new, clean, bright dress. Why not follow the lead and freshen up your home? Maybe you don't want to paint your house. But there are probably any number of things in your home that would look a lot better if they were touched up a bit.

Stop in and we will be glad to tell you how easily and cheaply you can do this touching up. You will be proud of your work when you are through.

Enameling kitchen or bathroom woodwork and furniture with Luduro Enamel is a pleasant task. Such a finish is easy to wash clean and lasts for years.

Neptunite Varnish Stain will give a new and youthful appearance to your furniture. It comes in a variety of colors. Good for floors and woodwork too.

Floor Paint will give new life to your kitchen floor, hallways and stairways. Apply it in the evening and it is dry the next morning.

A coat of Screen Enamel will make your old screens look like new and add several years to their life. Good for both wood and metal frames.

Truck and Tractor Paint will protect your machinery from weather. You'll be money ahead if you keep your truck and tractor well painted.

A can of Auto Enamel is brush and a few hours' time will make your car as new and shiny as the day you got it. Plan to paint your car next Saturday afternoon.

W. H. Bohnenkamp Co.
