CHEVROLETS WELL TESTED

Close Check at New Cars Made at Manufacturing Plant at Flint, Michigan.

The Chevrolet Motor Vehicle Corp. has just completed the most thorough test of its new cars since they were first introduced. The cars were tested at the Chevrolet Manufacturing Plant at Flint, Michigan.

These cars were tested for 100,000 miles on the test track at Flint, Michigan. The cars were tested for 100,000 miles on the test track at Flint, Michigan.

How Time Does Fly

MAUD ADAMS, 1900 - BETTY BRONSON, 1925 - STARS OF PETER PAN

Time brings many changes, and how great these are within the short span of a quarter of a century is shown by two large yet unimpaired industries—the automobile and the theater. In 1900 Maud Adams was announced the brightest star in the sparkling stage through her wonderful presentation of Barrie's "Peter Pan."

"What Would Anyone Want In An Automobile Finer Than This?"

That was the remark of one of La Grande's leading business men recently after driving his new Studebaker Sedan up to Wallowa Lake and back.

He can't imagine any motoring necessity that would not more in an automobile than the Studebaker gives.

"More than enough power under the worst road conditions—more speed than anybody wants to see—more in driving and handling on the road than's remarkable—a beautiful body that has maximum comfort and convenience."

These are some of the things you have come to say in praise of the new Studebaker. And every note of praise is promptly appreciated when you take it and drive the car yourself.

Is it any wonder that the demand is so great and that you are urged to urge you to place your order early?

When Better Automobiles Are Built, Buick Will Build Them

No. 7

Question: What indicates best what people think of their motor cars?

Answer: Whether they buy another of the same make when they come to buy a new one. More than 75% of the Buicks built each year are purchased by former Buick owners.

A MODERN GARAGE FOR DISCRIMINATING MOTORISTS

The Blue Mountain Garage is one of the best and most complete garages in Eastern Oregon—a garage offering you courteous and expert service under all conditions.

A repair shop manned by mechanics of careful training and long experience, an accessory department ready to take care of any accessory need, adequate storage with day and night service, and a large stock of United States Tires and Tubes (Cord and Balloons) for any emergency.

These are some of the facilities that permit us to serve the particular motorist in a particular way.
