JOKER FOUND IN LAW

TILLAMOOK, Ore. — A traffic ordinance passed by the city council here April 21 that unwittingly carried a joker that would have worked a hardship on motorists was returned to the council unapproved by Mayor S. A. Moulton at the Monday night meeting.

The ill that the ordinance sought to remedy, however, was accomplished through the co-operation of the local garages, who agreed to remove their dead storage from the city's streets.

Billy Evans Says

BABE RUTH

The present illness of Babe Ruth is strongly emphasizing his great value as a drawing card.

* * *

I understand that his absence from the Yankee lineup has caused the New York attendance figures to shrink at least one-third compared with last season.

Not only have the Yanks failed to draw as well at home but also on the road, proving Ruth is a favorite everywhere.

It seems the fans get as much pleasure out of jeering him when he strikes out as cheering him when he makes a home run.

* * *

The big fellow will be welcomed back when he sufficiently recovers from his illness to join the Yanks. Ruth is a real attraction. Baseball needs him.

* * *

ACTOR JACK?

Jack Dempsey says he aspires to be a movie star rather than heavyweight champion.

After paying good money to see Jack in several reels of a thriller in which he was recently starred, I strikes me he should continue to be a fighter if he wants to shine in the movies.

John Barrymore need have no fear of Dempsey as an actor. It would be perfectly correct to say that, as an actor, Dempsey is a great heavyweight champion.

If Dempsey really wants to put over a few movies starring himself and wife, he must continue to do a little fighting, occasionally defending his title.

* * *

The moment the glory and glamor of the prize ring passes out of Dempsey's life, he can retire from the movies. His only attraction as a movie actor is the fact that he is heavyweight champion.

* * *

GIANTS CLASSY

Prior to the opening of the major league seasons I expressed the opinion that the New York Giants were the classiest team I had seen in spring training.

Already McGraw's club has made good on that prophesy by showing its heels to the rest of the National league clubs.

Unless the Giants run into all the tough luck in the world the team looks set to win its fifth straight pennant.

While Washington is running true to form as tough opposition, early season results make it appear as if the race in the American league would be much more bitterly contested.

* * *

A more even balance to the teams makes it certain that the competition will be keen in the American league, and the winner in doubt until the home stretch.

Turbulent Channel Is Swimming Goal Of Gertrude Ederle

NEW YORK (AP) — Gameness and determination in addition to exceptional strength and stamina, as shown in her past performances, will be of great aid to Miss Gertrude Ederle, 18-year-old mermaid of the Women's Swimming Association of New York, when she undertakes to swim the English channel this summer.

This struggle through 20 miles of turbulent water has been contemplated for some time by Miss Ederle, who is an experienced outdoor swimmer and quite at home in rough seas. As a result of competitions in the south last winter she became convinced that she possessed the necessary speed.

While she thrives in chilly water, Miss Ederle will find the Channel a worthy foe, for in midsummer the temperature seldom arises above 62 degrees. However, this is not likely to interfere with her trial, for she will start outdoor training at once to accustom herself to conditions over there.

Miss Ederle's perseverance in face of defeat has figured largely in all her successes and will no doubt aid her materially in bridging her way to additional conquests. Although still in her 'teens, she already has acquired most of the world's free style swimming records.

Apparently unknown up to the summer of 1922, she came into prominence as a long distance swimmer in the international three and a half mile race for the Bay Cup in New York Bay. Then she was but 15 years old. Before that summer had passed, she had captured several national titles and set many world records for distances between 150 yards and 500 meters.

Each year Miss Ederle spends four months at the family country place near Atlantic Highlands, New Jersey, and daily covers several miles regardless of weather, so that in every way she is prepared for the coming classic. She intends to keep up her routine until June 17 when she will sail on the Berengaria for England. She will attempt to cross the channel in late July or early August.

LA GRANDERS GATHER SIX RUNS SUNDAY

Twenty-Eight Baker Men Faced Pirate Twirler—Two Reach First But Fail to Advance.

Sunday Results

At Walla Walla: Walla Walla 2, Pendleton 1.

At La Grande: La Grande 6, Baker 0.

(By J. S. Ir)

Again Baker is out scouting for more ball players. When Ortman failed to hang the crepe on the Pirates a week ago the Colts immediately scouted for more men. Another gentleman by the name of Swartze, a portside twirler, arrived from Portland to take Ortman's place in the Baker battery and was even more promptly sent to the bench.

When Lewis struck out for Baker ending the ninth inning he brought to a close one of the nicest ball games played here for some seasons. When the game ended the Pirate flag still floated proudly along at the top of the league standings. Score: Baker 0, La Grande 6, and Hein, La Grande chucker credited with a no hit, no run game.

Buck Hein earned all the glory that goes with pitching a nine inning session in which only two

men reached first base but a deal of the credit must go to the rest of the team for the support given the local moundsman.

Support Strong.

The Baker batsmen whacked out several balls which might easily have been hits in other days and against other teams but on each and every occasion the ball dropped down with a Pirate waiting to put it in the basket. Hartman caught a hard chance as easily as if he had been playing bean bags, again Alexander scooped in the horsehide after a long run, Tex Knight picked a high fly out of the air and every man on the team contributed a few bits of sparkling play.

Lewis and Sorenson were the only Baker men who made the trip to first. Lewis was presented with a base in the seventh inning when Hein bounced one off him on the first pitched ball. McCormick, next up, grounded to Williams, Pirate shortstop and right then and there this same Williams tossed the pellet to Heim on second whi in turn pelted the horsehide to Knight at first, and two men were out and a beautiful double play completed.

No Hits Until Fifth

The game was tight until the fifth inning. The Pirates had not registered a hit until this frame. Big Red Alexander started things out by getting on and was later scored by Hein's double. At the opening of the next inning Swartze was wobbly and Gosset whacked the ball out along the motor row where it hid among the cars. Mr. Swartze was just hanging on. Barth singled, Davis struck out and with two men on bases Alexander did a Frank Merriwell stunt and lifted a home run out by the fence. Three more runs for the Pirates and with Swartze handling the ball like a grape fruit the Baker manager was compelled to set another one up in the other alley.

More Runs.

By this time the Pirates were started and it would have taken more than one man to stop them. Anyway Mr. Fesbury, who took Swartze's place was unable to do it. Heim and Barth both scored and Davis connected with a circuit clout which he lost because he failed to touch second base on his way around. Rube ran with his feet up and his head down and missed the keystone bag by fully six feet.

Neither team scored for the remainder of the game. The Pirates will make a trip to Pendleton next Sunday.

Mackmen In Top Berth in Fourth Week

NEW YORK (AP)—The fourth week of major league baseball accomplished the double result of establishing early eastern supremacy in both circuits and in so clearly defining the status of every team that no position in the standing remained under dispute at the close.

With no lapse in the powerful hitting which carried them through the early season period of ineffective pitching, the Philadelphia Athletics claimed the major interest of baseball men by attaining and holding undisputed possession of first place in the American league through five victories in six starts against the Yankees and Cleveland Indians.

The rise of the Mackmen after more than 10 years in the American league depths to the heights occupied by the championship machine of Baker, Collins, Plank, Bender and other diamond immortals, accompanies brilliant pitching by the undefeated Sam Gray and timely hitting by Simmons, Bishop and Miller.

The Washington Senators, tripped in two games by Chicago and Boston, dropped back to second place, while Cleveland, pace makers of a week ago, were caught in the Philadelphia undertow.

Brooklyn Improving

The Brooklyn Robins, after a slow start, rallied sharply under improved hurling by Grimes, Petty and Ehrhardt and contributed the week's best performance in the National by winning five of their seven games. Fournier's exceptional batting was an inspiration.

Braced by the terrific hitting of their pilot, Ty Cobb, the Detroit clubs outbatted and outscored the team in both loops, but failure of their pitchers to show signs of improvement, prevented the Tigers from vaulting out of the pit on an even break for the week.

Unexpectedly good pitching which confronted both teams in the east checked Chicago at Boston and Cincinnati at Brooklyn and the New York Giants had to win only three of their five games to retain the National league lead.

The Browns remained in fifth in the American with an even break for the week, content in their enthusiasm over the hitting streak of George Sisler. The St. Louis National entry breaking their long spell on the first day of the week, bore up a display of hard hitting which did not subside even as they passed the portals of the Polo grounds.

A revival of old time slugging, coupled with a fair brand of pitching, checked the steady drop of the Yankees, who were charged with two defeats by a single tally and with a third only after extra innings were required.

The Boston Braves put in their best week of the season, rising to sixth place on the crest of superlative mound performances by Genewich, Marquard, Cooney and Barnes.
