(CHICAGO AP)—The veteran, Walter Johnson, held Chicago to five hits Monday while Washington lunched its hits and shut out the locals 9 to 0. It was Johnson's tenth shut-out of his major league career of 18 years. By fanning four men he ran his strike-out record for his term in the majors to 2232. Johnson pitched a great game, only two Chicagoans getting as far as second base and none beyond that station. R. H. E. Washington 9 13 0 Chicago 0 5 2 Batteries: Johnson and Ruel; Blankenship, Cvegens, Mangum and Crouse, Blischoff.

ST. LOUIS (AP)—Six home runs and 18 bases on balls featured a wild game here Monday in which the Browns defeated the Yankees. R. H. E. New York 10 12 3 St. Louis 19 17 7 Batteries: Ferguson, Jones, Shulvey, L. H. Johnson, Benit, Hoyt and O'Neill, Schang; Danforth, Gaid, Bush and Beverley.

CLEVELAND (AP) R. H. E. Philadelphia 2 8 1 Cleveland 1 7 0 Batteries: Harris and Cochran; Shaute and Myatt.

NATIONAL LEAGUE CHICAGO (AP)—Chicago at Boston, postponed, rain and wet grounds. Pittsburg at Philadelphia, postponed; rain. Two games today. No other games scheduled.

RELAY RECORD BROKEN PALO ALTO, Cal. (AP)—The world's intercollegiate record for a four man half-mile relay race was bettered by a team from Manual Arts high school of Los Angeles, running in the California interscholastic federation meet in Stanford stadium Saturday. The time was 1 minute, 30.8 seconds, one-tenth of a second faster than the record.

spelling Veach at Veach. Incidentally, it is not unusual for the printer setting up the box sets to get a letter in the wrong place. Such a mistake sometimes slips by the proof reader.

Veach is a big husky right-hander, better than six feet and weighing about 180. He is very fast for his size and weight. He takes a healthy swing at a ball that would shame Babe Ruth's best. In other words he can hit.

Veach in appearance is a double for the late Frank Chance, except that he is built along larger lines. He's making good.

PINCH FITTHER "Vean Gregg should be a whale of a relief pitcher for us," remarked Manager Stanley Harris to me during the spring training trip. "He still has plenty of stuff, and if given the proper rest and has his spots pitched, should be a great help in my club."

Gregg has on three or four occasions already proved the wisdom of Harris' judgment. His work as a pinch pitcher has been almost perfect. Recently, sent into a game against the Athletics with the bases filled and only one out, he fanned Welch and Simmons, two powerful right-handed hitters. His better pitching saved the game.

Twelve years ago, Gregg was the best southpaw in the American league. He ranked close to the great Tom Waddell at his best.

Grammar Teams Clash COVE (Special)—A baseball game was played on the Cove diamond Friday May 8, between the fifth and sixth grade boys and girls of Cove and the fifth and sixth grade boys and girls of Union. The Cove girls lost to the Union girls by a 16 to 8 score. The Cove boys won from the Union boys, by a 29 to 2 score.

The Making of a Home Run

Where's the ball? Look at the umpire's eyes. The catcher's eyes. And the batter's eyes. It's easy to see that the ball is going high over the fence for a home run. Strange to say, the lucky batter is Lefty O'Doul, of the Salt Lake Bees, who failed as a pitcher in the big leagues, but who seems destined to go back to them some day as a heavy-hitting outfielder. The home-run above was one in a game between the Bees and Seals at San Francisco.

GOLFERS HERE NEXT SUNDAY

A return golf tournament between the La Grande and Baker country clubs will be held here Sunday. A letter from Dr. Roy Gale, chairman of the tournament committee of the Baker Country Club, was received here yesterday stating that 15 men will be here next Sunday.

The La Grande team has not been selected yet. The match will be conducted on the point system. Play will start at 9 o'clock Sunday morning.

MONMOUTH NEWS—The Juniors of the Oregon Normal school held their annual May day festival on May 9. The celebration started with a breakfast on the campus, after which there was a tug of war between the young men of the junior and senior classes. Next was the crowning of the May queen, the maypole dance and other dances. The junior class put on a play. Several hundred people witnessed the program. The festival was held on the new tennis courts.

Australia's Lumber Industry Is Hard Hit

PORTLAND (Special)—That the lumber industry of Australia is in a serious condition, with thousands of lumber workers unemployed and less than half the mills operating, is the unusual information received at 41 headquarters here from a prominent lumberman of Melbourne, who gives the low prices of competitive west coast timbers as the chief reason for the inability of Australian lumber manufacturing plants.

"At the present moment the Australian timber industry is in a most serious position," says the letter to the 41 office. "This is due to the fact that your west coast timbers and Baltic timbers are being sold here at prices that result in their being used for purposes which hitherto our native timbers were put to. Our native timbers in many cases are acknowledged to be superior to your timbers for various classes of work, but price has proved the deciding factor in allowing imported woods to oust us in our own markets."

"Today thousands of Australian timber employes are out of work, and the only possible chance the industry has of meeting the fierce foreign competition, is to secure a fair measure of protection. In Tasmania, one of our largest timber producing states, no less than 100 out of 192 mills are now closed down and many of those now running are working only part time."

The letter indicates that action for a strong protective tariff will be taken by Australian manufacturing associations.

Hard Working Farmers Find Time for Daily 12

SAN FRANCISCO (AP)—The director of a radio broadcasting station here says many California farmers are going through their daily dozen with the aid of the radio.

Promptly at 7 o'clock every morning a physical culture expert broadcasts directions for setting-up exercises and there is a piano accompaniment. Whole families sometimes appear to attend in the privacy of their homes the class in waistline reduction.

The only objection thus far received by the broadcast director came from some farmers, who asked for an earlier hour for their daily dozen. They wanted their exercises before milking the cows. But since the farmers are in the minority and the city radio fans consider 7 a. m. early enough, the hour is unlikely to be changed.

Many in other states pick up the gymnastic broadcasts. The oldest radio daily listener to report is a 79-year-old Civil war veteran in the soldiers' home at Yountville, Cal. The youngest is a five-year-old girl in Billingham, Wash. Among the correspondents are women between 20 and 35 years of age, and some of them have asked for more strenuous and exercises.

It is estimated that 20,000 are taking the service.

One advantage the boss has is when he is too lazy to work he can think he is thinking.

Another Brother Team

Here's another brother team in sports—the Krassel boys, Daniel and Walter, of Columbia University. Dan is just a freshman, but besides being a stellar fancy driver, can also play football and basketball. Walter comes most of his athletic activities in swimming, where he shines in the diving events especially. Dan is shown on the left in the above picture.

GOVERNOR TO ATTEND SHOW

PORTLAND, Ore. (Special)—Tuesday, June 16, will be Oregon Night and Wednesday, June 17, will be Washington and "Wayfarer" Night at the presentation of the 5,000-person civic pageant "Rosaria" during Rose Festival week, the festival directors have announced.

Governor Walter G. Pierce of Oregon has been invited to be a guest of Portland and the festival directors on Oregon Night. President O. W. Miller has sent a similar invitation for Washington Night to Governor Roland H. Hartley and Mrs. Hartley, of Washington. Officials of the "Wayfarer" production at Seattle also will be invited for Washington Night.

Four weeks from Monday will see the opening of "Rosaria" in the magnificent amphitheater being constructed on Multnomah Park. The opening performance has been designated as Portland Night in honor of the 5,000 singers, dancers and actors who are giving weeks of time to rehearsals and the 5,000 additional persons who will appear in the final scene of the pageant. Mail orders reaching Rose Festival headquarters at 255 Oregon building indicate that Portlanders soon will have bought all the opening night seats.

Spectators of this year's floral parade on Thursday and of the Merrykhan parade on Friday, the new Rose Festival feature of comedy and entertainment, may all as they watch them. The processions will be routed through Multnomah Park and over the "Rosaria" stage before going through the city streets and the judges' stands will be on the field. Seat

DRURY TRACK SLOPPY

LAUREL, Ky. (AP)—Drury track was mired in with wet weather and a sloppy track at Laurel Downs, where the \$5,000 race will be run for the first time next Saturday. A large crowd watched the workouts Sunday.

June Farmers Welcome Rain. PORTLAND, Ore.—A heavy rain here quickened the hearts of late county farmers. The rain continued for several hours and again began to fall late in the afternoon. The ground had become very dry and crops needed the moisture. The precipitation amounted to 4.0 of an inch. All spring-sown grain now promises to yield well.

Christians to Fly Rosarians. SALEM, Ore.—Royal Rosarians of Portland will be guests of the Salem Christians at a dinner to be held here. At the dinner the Salem Christians will receive a formal invitation to attend the annual rose festival to be held in Portland in June.

APPLY THE SAME CAUTION There are arguments against every feature of automobile progress and one of the latest has to do with putting owners of four-wheel brake equipped cars in a state of anxiety by warning them against the possibility of having slush freeze on the front brake assembly, thus causing a sharper and perhaps unexpected brake action at the front end of the car. It is quite possible to predict conditions under which the brakes might become frozen, but if you drive as carefully

Only 88 Failures In 95 Years With 11,000 Associations In Business

That's the record of building and loan associations in the United States in the last 95 years, much of that time being before such associations were under state supervision as they are today.

Here are the figures that attest the safe and sound business of Building and Loan investments:

Number of Associations in U. S.	11,000
Number of Members	8,000,000
Assets, in excess of	\$4,000,000,000
Recorded Failures in 95 years	88
Total Losses in 1923	\$250,000
Losses per cent of total assets	7-1000 of 1%

Only 88 failures out of 11,000 companies in the last 95 years, less than one a year, indicates the strength of Building & Loan associations. The losses last year were only seven one-thousandths of 1 per cent of the total assets.

Such a record is made possible only because your Building & Loan investment is always secured by first mortgages on real estate worth more than twice the amount of the loan.

The La Grande Building & Loan Association guarantees 7% interest compounded semi-annually on your savings. Stock may be purchased in small monthly payments in denominations of \$100. Drop in or phone for a representative.

THE largest-selling tire made in any Pacific-Coast-owned factory is the C-T-C.

Today the largest-selling tire, a year ago C-T-C was "on its way up"! Two years ago it was a babe in the industry. Three years ago, an idea. Four years ago—an ideal!

Yet it has taken twenty-five years' tire-building experience to build C-T-C!

Behind C-T-C stands a staff of engineers whose experience in Akron factories runs back more than a quarter century! They know tires!

When you need new tires, let us show you what the C-T-C can do. Or, better still, call in now and get acquainted with this tire that has "made good" quickly because of remarkable mileage records.
