SNOW MELTING AT THE PARK

THE PARK (Special)—The high mountains are becoming spotted with brown patches showing the rapid melting of the snow from their sides. Catherine creek is roaring and high. However, there is much more snow remaining in the flats and jungles at the foot of the higher mountains. Recent measurements show a depth of four and five feet at the head of both the south and middle forks of Catherine creek.

The force of men connected with the department of the interior has not left the district as reported. They are still at their camp on Little Catherine creek near the bridge. They reported that they had not a third of the work done so far. They are checking on the old survey of years ago of the section lines.

Offelio Lay took a carload of people from the Park to the Big Creek picnic given to the band boys at the home of Mr. and Mrs. Frank Whitten last Sunday. Billy Evans Says
MAKE GOOD STARTS
Several veteran pitchers have got away nicely in their early games this season. And in so doing have surprised even their fiercest admirers.

For instance, Babe Adams of the Pirates and Rube Marquard, Braves, both hurled magnificent games the other day. Adams allowed but seven hits and one run to the Cardinals, while Marquard permitted six hits and no runs to the Dodgers for eight innings. The Rube weakened a bit in the ninth, however, and was removed. He pitched great ball, though.

Old Jack Quinn of the Red Sox has likewise dished up a nice head of pitching, winning his first three starts. And so have Walter Johnson, Urban Fisher, George Bames and Jack Scott.

PILES
HAVE A CARPENTER DO YOUR PLUMBING
RIDICULOUS! you say. Yet that is what hundreds of people do every day when they engage the services of other than a trained RECTAL SPECIALIST to cure their Piles. No wonder they receive no benefit and continue to suffer, and condemn the doctor for their time and money wasted.

A BIT UNUSUAL

The fine performance of the old-timers at this early date is a bit out of the ordinary. Usually the veterans of many seasons don't round into real shape until warmer weather sets in, along about the first of June or so.

Often their arms are just nursed along for the first few weeks, and given but a small amount of work. It has been otherwise this year, however.

Adams and Marquard rate as the two oldest pitchers in point of service to the National League. Adams sprang into prominence back in 1909 when he won three games for the Pirates in the world series against the Detroit Tigers.

Marquard came up in 1908. He was affectionately called the "Bill-ow beauty" for the first two seasons or so he was a failure. But in 1911 and 1912 he hit his real stride, turning in 19 straight victories the latter year.

GOLFERS HERE TO BE HOSTS

Plans are being perfected for an inter-city golf tournament to be held here on May 20 and 21. Wallace Wallis, Pontleton, Baker and Hoise have already entered teams and will be guests of the La Grande Country club.

With the addition of May 30, Memorial day, a picnic will be held at the club park for all members and visitors. The club will furnish, boiled ham, ice cream and coffee and members will furnish the remainder of their fare and their own plates.

In addition to the picnic a musical entertainment has been planned.

CONVALESCENT Babe Ruth is so far on the road to recovery that he can be photographed. Here is the first picture of him to be taken since he entered the hospital. It shows him feeling a lot happier since he is wearing the day he will return to the diamond.

The coming of the pictures was announced through the residential streets and the theater was crowded.
