DOLE SYSTEM HELD UNJUST

LONDON (AP) — Young men should be taken out of the city settlements, transferred to the country and taught how to work as they were taught during the war how to fight, George Landsbury, newspaper editor and socialist member of parliament, told the House of Commons during a debate on what he described as "the wretched, miserable dole system" of the state, and its effects on young men between the ages of 18 and 25.

"I would stop giving these young men a farthing for doing nothing," Mr. Landsbury asserted, "and unless they were prepared to earn money in the country or elsewhere under decent conditions, they could do without things to eat, so far as I am concerned. The government is ruining the characters of tens of thousands of our young people, and any state of society that trains people to believe they should live by doing no work is committing a crime against the individual and against society."

According to figures presented to the house by T. Thompson, a Liberal member, $1,585,000,000 has been paid out by the government since the armistice in unemployment benefits.

Woodcraft Session On.

THE DALLES, Or.—Featured by registration of delegates, automobile trips to scenic points of interest about The Dalles and an address of welcome by Mayor Stadelman, 200 delegates and members of Neighbors of the Woodcraft opened the state convention of the order here.

Sessions will close tomorrow night with public installation of newly elected state officers in the city auditorium preceding an initiatory program exemplifying work of the circle. Ritualistic work was put on today by juvenile members of Cedar circle No. 8, The Dalles.

State officers in attendance are Mrs. Anna Maricli, grand manager; Mrs. Mary Hurley, grand banker, and Mrs. Effa Beam, district captain, all of Portland. In addition officers from district No. 11 also were in attendance.

Bad news from China. Tientsin cook killed 46 people. He did it with gunpowder, not baking powder.

Growers Holding Wool.

PENDLETON, Or.— Movement of unsold wool in Umatilla county will be made slowly, probably not for three months, according to a statement by Mac Hoke, secretary of the Oregon Wool Growers' association. The unsold wool in this district is all in strong hands, and the big operators have either shipped to Boston or Portland or have stored their clips in local warehouses or sheds and are prepared to hold it for from three to six months.

A 50,000 pound clip recently reported sold from the Echo district in Portland as a new-clip deal was shipped two weeks ago, Mr. Hoke declared. The sale showed no new development in buying activities in this district that would indicate any change in marketing conditions.

Two Pastors to Trade.

MEDFORD, Or.—A novelty in permanent exchange of pastorates is that by which Rev. F. A. Leach pastor of the First Baptist church of Medford, who recently accepted a call to the First Baptist church of Bremerton, Wash., will be succeeded here by Rev. Dr. W. H. Eaton, for the last seven years pastor of the Bremerton church, and who for a longer time prior to that was pastor of the first Baptist church at Roseburg, Or.

The exchange will take effect the last of May.

Here's Real Relief From Neuritis

In 24 Hours Pains Cease and You Get Rest and Comfort Again

Torturing pains—the kind that pierce and burn and never seem to let up—that rob a man of his sleep—that make him just a bag of nerves and all worn out.

These are the pains that dope and coal tar products can only relieve. You've got to get something more lasting.

The quickest, safest and surest way to get rid of the persistent, nerve-racking pains of Neuritis is to get a bottle of Allenru's Special Formula No. 2. Be sure you get No. 2, which comes in capsule form. Take those little dark green capsules as directed and notice how in about 24 hours they have considerably reduced if not entirely banished those severe, torturing pains that have caused you so many sleepless nights. Continue for two or three days more or until the pains have entirely disappeared.

It doesn't matter how long you may have suffered or whether your Neuritis is in the shoulder, arm, neck, or legs, Allenru Special Formula No. 2 will stop the torture and give you speedy relief.

Red Cross Drug Store or any good druggist will be glad to supply you. Mail orders accepted.—Adv.

Britain's Trade Prospects Painted in Dismal Colors

LONDON (AP). — A gloomy view of Britain's trade outlook was expressed by Sir Robert Horne at a recent dinner of the British Overseas Banks association. He said he had just come back from a journey abroad, which had taken some months, and he was of the opinion "that we are in a worse position today than we were six months ago, and that was bad enough. If we look at the staple trades of the country we cannot help having a feeling of anxiety and apprehension as to the future."

Sir Robert referred to the state of the shipbuilding, coal, heavy steel, woolen and cotton trades, and said it was his deliberate belief that every section of society had to combine to find some solution of the problem, otherwise there was no hope for the country.

German Workers Warned Of Dangers in Hard Liquor

BERLIN (AP).—That the movement for prohibition in Germany is rapidly gaining ground among the working classes is indicated by an appeal recently issued by a number of Socialist party leaders, most of whom are members of the reichstag.

The document declares that "the working class is the worst sufferer from the effects of alcoholism." It admonishes the workers to "keep alcohol away from all your meetings, sessions, and demonstrations, and establish people's houses and hotels that sell no liquor. Reduce the possibility of obtaining liquor wherever you can do so, and conduct intensive educational work concerning the harm done by alcohol."

Legion Helps Ex-Prisoners.

SAN FRANCISCO, Calif.—Rehabilitation of the soul as well as the body is a program announced by the American Legion of the department of California. The work will consist of getting imprisoned veterans who are first offenders into contact with their families when they are released from prison. Then the Legion intends obtaining work for the former service men who have played squarer with their country than they have with themselves.

RISK LIVES TO SAVE COLORS.

REDWING, Minn. — When the armory burned down here recently members of Leo C. Peterson post of the American Legion, at the risk of their lives, rescued the national and post colors from the burning building. They fought the fire from 8 a. m. to 3 a. m., and then at 10 a. m., with borrowed rifles, their own having been destroyed in the fire, attended in a body the funeral of a comrade.

Many Entertainments in Vienna

VIENNA (AP).—Denying that Vienna is dead socially, Herr Breitner, city councillor, declares there were 7,129 entertainments in the city between January 1 and March 20. All paid amusement taxes despite the economic crisis through which Austria is passing.

LONDON (AP).—In the future airplane passengers who become bored while flying may be able to take in a movie during the voyage. One of the large Paris-London air expresses was recently equipped with a movie picture projector, and during a trial flight a film was flashed on a screen inside the cabin, with 12 passengers as spectators.
