BILLY COBB
In his 21st year as a big leaguer Ty Cobb continues to be the marvel of baseball.

Forward back into the game at a time when he was not physically fit, in an effort to break the losing streak of the Detroit club, Cobb smacked tricks at the bat not expected of him in his prime.

Always a remarkable batsman, Cobb has never been noted for long distance hitting, particularly home runs. Yet, it was in that feature of the game that he recently startled the baseball fans of the country.

During his career of twenty years as a big leaguer, Cobb's best effort as a home run hitter was to 1921 when he made twelve circuit drives.

In a recent game at St. Louis that broke the Tigers losing streak Cobb made six hits, three home runs, a double and two singles. He was at bat six times, hitting safely on every trip to the plate.

In the following game he made three hits in six times up, a single and two home runs.

Five home runs in two consecutive games comes close to being a record for long distance hitting.

BARE, BEWARE!
Last season George Kelly made

A tire made for the West in the West!

IN A FEW MATTERS we Westerners gladly hand the palm to our Eastern friends. Building subways and skyscrapers—yes! Football—possibly. Climate—probably. Pleasure auto driving—no!

We drive more months of the year . . . have greater scenic attractions. The "great open spaces" draw us farther from home. We know roads—and autos—and tires!

Which, in a way, accounts for the success of C-T-C tires. They are built in the West to meet Western conditions.

Eastern engineers came West to build them—but they make them for the West as well as in the West!

Today they are ranked as one of the three or four really fine tires in America. They are the largest-selling tires made in a Western-owned factory.

Motorists in the nine western states know what a tire should do. Their purchases show that C-T-C does it!

Come in and let us show you this remarkable tire.

"Quality will never be sacrificed to meet a price"

Robert W. Hurling, President, Columbia Tire Corporation

BAKER GOLFERS ARE DEFEATED 28-17

**LARISON'S,
PATTERSON'S
SCORES BEST**

Local Golfer Turns in 39 for Last Nine Holes; Patterson's Total Score 84 Strokes.

La Grande golfers very, very successfully entertained a 12-man team from Baker yesterday at the Country club links. The local team took the visitors into camp 28 to 17, evening up the score. Baker won from La Grande two weeks ago.

The outstanding feature of the day's tournament was the scores turned in by G. L. Larison, La Grande, and Mr. Patterson, Baker.

Mr. Larison came in with a 39, the best nine-hole score of the day and Mr. Patterson went out with a 40. Mr. Patterson's total score was 84, bettering Larison's by one point.

Other scores, while not as low as the above, were very good considering the circumstances. The two teams were as follows: Baker: Patterson, Reif, Stuller, Pucha, Hekkan, French, Helzer, Howard, Cole, Blakey, French and Greene; La Grande: Larison, Huxson, Hironaka, Mar-Taylor, Murphy, Frenk, Owens, Watkins, Binger, Carr, Perkins and Reuter.

A number of the Baker ladies were entertained at the club by the wives of the local golfers.

**JOCKEY'S SKILL
GIVEN PRAISE BY
EQUINE EXPERTS**

CHICAGO (AP)—In all the 50 years of Kentucky derby history, no horse from the field had ever won the great turf classic until Saturday when Earl Sande, America's premier jockey, guided Flying Ebony to victory in a dramatic finish between showers and thunder, lightning and a deluge of rain, drenching the spectators before the cheering of the winner had ended.

Horse experts agreed Sunday night that Sande shared honors with William Duke, trainer of the victor, in combining racing skill and conditioning, both factors being responsible for Flying Ebony's win. The little black colt's chance of victory were so lightly regarded that he was grouped with eight others comprising the field betting. The public, however, so highly regarded the skill of Sande, it not Flying Ebony, that the supply of tickets in the mutuels at the field houses, were completely exhausted. The heavy backing the field received explains why Flying Ebony only paid \$8.20 for 12, or slightly better than three to one.

Is Sande of Old.
Sande's superb skill in handling Flying Ebony convinced his admirers that he still remained the Sande of old, although he is only 23 years old, with no timidity caused by his fall at Saratoga last August when he was cruelly trampled, all but fatally injured. He suffered a broken leg at that time and physicians said he would never be able to ride again. But this same Sande is back riding to victory again, when a less game or determined young man would have been riding in a wheel chair.

After he finished his race veteran horsemen shook their heads, remarking: "There was nothing to it but Sande. If that boy had been on a Holslein cow, he would have won."

Einstein Busy Expounding His Theories in Argentina

BUENOS AIRES (AP)—The arrival of Albert Einstein in Buenos Aires to give a series of lectures upon his famous theory of relativity, at the invitation of the University of Buenos Aires, caused extraordinary interest, not only in scientific circles but also among the general public of Argentina. During his voyage out to Buenos Aires, according to some of his fellow passengers, Dr. Einstein never dressed for dinner, but made his appearance in the dining room in a white drill suit, wearing sandals, and without stockings.

seven home runs in six consecutive games. The feat was most conspicuous upon and accepted as a world record. That makes Cobb's five homers in two games something to brag about.

Another unusual feature in connection with Cobb's long distance hitting spree is the fact that each of his five home runs was made off a different pitcher.

Eight pitcher Bennett backed up against the wall but was unable to reach the drive, that in turn failed to clear the bleachers, a matter of inches.

In making six hits in one game Cobb called upon strategy to lead assistance in the record breaking performance.

A strong wind was blowing the ball in the direction of the short right field bleachers at St. Louis. Cobb picked balls that he could pull to right field. All six hits went into that territory. He's a wonder.

"Million Dollar" Pair

Here's the "million dollar" battery of the Philadelphia Athletics, Gordon Cochrane and "Lefty" Groves. Of course, the players didn't bring that sum in actual money. It's just a phrase, though they did cost the crafty Connie Mack over \$100,000 in the well known cold cash. Mack expects the great things of the pair, however. Cochrane, catcher, is shown on the left in the accompanying picture.

Batteries: Cooper, Blake, Bush and Hartnett; Scott and Gowdy.

LEADERS' HOLD IS TIGHTENED

NEW YORK (AP)—The almost complete collapse of western opposition to the push of eastern pure milkers permitted New York in the National league and Philadelphia in the American to breeze through the week without a defeat.

Failure of threatening Cincinnati and St. Louis leads to batter down the defense of the McGraw pitchers gave the Giants a blowout of the and a half games at the top. Connie Mack's entry likewise made its seat in the American league saddle more comfortable through the fruitful work of his moundmen.

Spirits by the Pirates, Robins and Phillies gathered six teams in a fight for second place in the National circuit with Chicago and Boston one story from the basement, only two and one-half games behind the running-up Brooklyn club. Tumbling from second to fifth berth, the Reds were joined in their precipitate flight by the clubs and the Cardinals.

The Robins clinched four of their six games and stepped across the prostrate western clubs to lead the pursuit of the champions. The Pirates recovered some of their 1924 pluck and dented a five-game

BOSTON WINNING STREAK

mounting from last to fourth place, with four wins in five starts.

Cubs Set Back
Desperate battling rallies in all of their six games by the persistent Phillies drove the Cubs out of a threatening position almost to the cellar.

In spite of the fact that the leading Athletics stood off their foes in every brush last week, Washington and Cleveland refused to retreat from challenging positions. Two slab classics by the veteran Walter Johnson featured a week for the Senators which was hardly less impressive than the par exhibition of the Athletics. The Indians repaired after a rude jolt from the Mackmen, fell upon weak Red Sox pitching to sweep all four games of the Boston series.

The White Sox failed to advance in spite of sensational box work by Thurston, Robertson and Lyons following a disastrous meeting with the Senators. The careening Yankees were protesting victims to the Chicago recovery, but the full force of their heavy attack did not show itself until late in the week against the leaders.

Detroit and Boston continued to suffer reverses, while both St. Louis teams found satisfaction largely in the brilliant playing of individual stars, with Hornsby and Bottomley cutting down the National batting lead of Poirier and Blaker of the Browns advancing his consecutive game hitting streak to 31.

Rat Exterminations Costly

LOS ANGELES (AP)—The Rodent Extermination department of Los Angeles, organized last year, reports that during the first four months of 1925 it cost the city \$1.40 for every rat captured, except in the harbor district, where the figure was \$7 a head. The total cost to the city during the four months approximated \$125,000 for the capture of 46,000 rats.

If he advertises it he knows it's good.

HOME-CREST FLOOR COVERINGS

THE welcoming atmosphere of a home depends in no small part upon its floor coverings. They should be tasteful and decorative. They should bring the illusion of sunlight to dark interiors and blend harmoniously with their setting. Our HOME-CREST rugs and carpets will command your enthusiastic approval.
