Billy Evans
Says

MANAGER'S TASK
What part does the manager play in the success of a ball club?

The question is often put to me when discussing the showing of certain teams which either surprise or disappoint.

I am inclined to think that it is about a 50-50 proposition. A pennant-winning club must have the talent and incidentally it must be properly handled.

No matter how wise the manager he cannot make base hits for the batters, pitch for the pitchers or field for the fielders. He can direct but he cannot execute.

However, a capable manager can get far more out of a team than the leader who lacks diplomacy as well as strategy.

The Chicago White Sox after an excellent example of what a manager means to a ball club.

The Sox, a distinct disappointment last season, a fallender, are the surprise of the 1925 American league race.

The difference in the team's showing is a compliment to the methods of Collins as a manager. It is the same team playing with a different spirit.

McGraw's system
For years the system as used by John McGraw of the New York Giants has been much pre-announced.

McGraw dominates his ball club, even to the giving of signals from the bench as to what type ball should be pitched.

In every world series this fact has been apparent and has also been much commented upon. True, McGraw cannot pitch the ball, but he can determine what he believes will be the most effective style.

McGraw stands out as one of the greatest managers in the history of the game. His record is most imposing. His system is unique but there is no denying that it has produced results.

Recently a former member of the New York Giants told me that before a certain crucial series with Chicago, the first string catcher requested that he be permitted to do the thinking. McGraw agreed.

The Giants lost all four games. That was a break for McGraw. The team might have lost them had he been in charge. Such things have happened.

However, these four defeats with the catcher giving the signs, so the story goes, killed off all objections to the McGraw system of his dominating the play.

The Giants this year seem well on the way to a fifth straight pennant under McGraw's direction. That will be something for rival managers to shoot at.

Texas mechanic says he stole an airplane for a lark, but maybe he means a stork.

There are 35,000,000 children in the United States not counting those that are grown.

Girls in an eastern school smoke pipes. Female of the species will be stoked then the male.

Do Not Suffer from sore, tender or bleeding gums.

We have a remedy for this condition that is guaranteed.

PIRATES PLAY WALLA WALLA

Interesting things may develop at the meeting of the heads of the Blue Mountain League to be held preceding the Pendleton-Baker and La Grande-Walla Walla ball games tomorrow.

Notice from President Schroeder announcing the meeting gave no reason for the action and the probable subject of discussion may be arrived at only by conjecture.

It seems likely that the meeting was called to settle if possible the controversy over the admission question. The charter of the league provides that the two teams at each game take a split of the gate receipts.

Recently the La Grande and Baker clubs have been charging the admission and another for the grandstand. The managers of the two clubs contend that the grandstand admission does not come under the charter clause calling for the split. This most question will probably be decided at the meeting at Pendleton tomorrow.

Baker and Pendleton will play an exhibition game today and a regular league game tomorrow.

McGarrick is scheduled to officiate in the box for Pendleton today with Thump saved for the regular game tomorrow. The Baker team will start Fosbury with the 1450 battery, Earl Brandt, in reserve.

The Bucks have been doing their best all week to build up their records after their 6 to 8 flop at Baker last Sunday. The very sight of Brandt, a "big league" pitcher, demoralized the Buckaroo forces according to a statement in Wednesday issue of the Pendleton East Oregonian. At any rate the Umatilla boys feel like they have Brandt's number now and are expecting to reverse the decision tomorrow.

Pirates Journey North
The Pirates will have their third argument with the Bears at Walla Walla tomorrow. In the first two matches the local club has shut out the Bears with no scores.

If this feat can be accomplished again the Pirates will do it tomorrow. Buck Hein, long boy pitcher for the Pirates will zip 'em across to his running mate, Barth, who will wear the catcher's mask.

La Grande has no new additions to the lineup but Walla Walla will have two. Beck, a pitcher from Willamette college, and Garrett, an infielder who will probably be seen in action tomorrow.

What promises to be one of the fastest golf tournaments ever held in Eastern Oregon will begin at 10 o'clock this morning when players representing the Walla Walla, Pendleton, Baker and La Grande country clubs tee off for the first flight on the local course.

Each club will be represented by a ten-man team, picked from the best of the club has to offer. Elmer Stoddard, Charlie Reynolds, G. L. Larson, Ray Murphy, H. E. Dixon, R. D. Crowe, Joe Carr, Chase Bohannon, Larry Lathrop, and Ernest Watkins will all play like Scotchmen for the honor of the La Grande country club.

Each man will play 25 holes, play to start at 10 o'clock today and at 9 o'clock tomorrow morning. The cup for the winning team is now on display at the Regent jewelry store.

Following the play this evening a dance for the general membership of the club and the visitors will be held in the club house.

Trucks to be Shifted.
ROCKAWAY, Ore.—A large force of tractors has arrived at Jetty creek siding and shipment of the Southern Pacific main line trucks at this point will begin at once.

The track will be moved westward about 150 feet from present location, permitting completion of the Jetty Creek-Brighton section of the Roosevelt highway. Graveling will be undertaken shortly by the state highway commission and the road should be open for traffic within a few weeks.

The construction of this new section of the highway reduces the mileage between Rockaway and Nehalem bay points from 23 miles to six miles and places the Rockaway beach on a through loop route from Portland via Seaside and Tillamook.

The interiors of temples of Buddha in Japan are to be opened to the motion picture camera, where the lives of the priests and the religious ceremonies will be filmed as an aid to missionary work.

The highest honor in the French literary world is to attain a chair in the French Academy.

Crawled Out
Scared, but unharmed, George Warfel of Erie, Pa., crawled out from under his auto when the roof of the Erieanna, a dance boat, came hurtling through the air and onto his car during a wind storm.

Oregon Has Jumper
Otherwise the Northwest schools may reasonably be expected to win a few first places. Sweet of Montana has the big jump in the century, his best time being 9.8 seconds.

He also appears the best in the 220, his time—21.4 seconds. Clayton of O. A. T. is credited with having the best time in the mile, 4:25.3, although there is little difference between his time and that of Smith or Stanford, 4:25.2.

John Devine's sensational two-mile run Tuesday marks him as the favorite in that distance. He is from W. S. C. He won the two-mile in 5:36.4, breaking the existing record.

Plannagan, Oregon, has the best distance in the broad jump, 25.41 feet. Nardin, Washington, with a height of 12 feet, 6 inches in the pole vault, may win that event. Stambaugh has the best time in the relay, 3:24.

Conference relay, javelin, discus, shotput, broad jump, high jump, high hurdles, low hurdles, two-mile, one mile, half-mile, 220 yards and 100 yards records are all in danger.

Honor Famous Twirler

Dazy Vance, famous Brooklyn pitcher, was presented with \$1000 in gold and a medal emblematic of the most valuable player in the National League for the 1924 season during the Golden Jubilee celebration at Ebbets Field the other day. Photo shows Fred Lieb, president of the Baseball Writers' Association, making the presentation of the bag of gold to Vance.

GOLF TOURNEY ANGELS AGAIN BEGINS TODAY DEFEAT BEVOS

ADVISE GIVEN ON TREE CASE

COVE. (Special)—Through the efforts of H. G. Avery, county agriculturalist, Mr. Brown, of the State Experiment Station at Hood River, came to Cove Wednesday to advise the orchardists in the care of their cherry trees, that were damaged during the severe cold this winter. Mr. Brown is head of the experiment farm and is also an O. A. C. Extension worker. He has had considerable experience in this line of work. He advises that all the dead wood be cut from the trees and that particular attention be given the soil. A cover for winter of wheat, rye or anything that will withstand the cold is good, as this will have a tendency to absorb all surplus moisture and also help to mature the trees and get it ready for its period of dormancy.

Miss Nell Eckersley, of Portland will spend the week end with her parents here.

Mrs. E. H. Conklin, of Ontario, will visit her parents, Mr. and Mrs. O. Eckersley here over the week end.

Mr. and Mrs. H. C. Rees and daughter, Miss Connie, were Cove visitors Wednesday, the guests of Mrs. A. G. Conklin.

Mr. and Mrs. Earl Landers were Cove visitors Wednesday.

At the M. J. A. district contest with Baker, Union, La Grande, Truher and Cove contesting at L. D. S. amusement hall Wednesday evening Cove won the contest, in singing. The winning team consisted of Bertrand Wardell, Justin Peck, Willard Peck and Ralph Collier.

Buenos Aires Spends Freely To Keep Its Streets Clean

BUENOS AIRES (AP)—The city fathers of Buenos Aires, who take pride in the reputation of their city as one of the cleanest in the world, have decided to spend 2,000,000 pesos to have the daily cleaning job done both quicker and better. They have closed a contract with an American concern for 30 big automobile garbage trucks, with a German company for 100 automobile street sweepers, and with a French company for 40 automobile sprinklers, which will replace the horse drawn vehicles now in use.

There was a lively international contest for these contracts. The American concern supplying the garbage trucks, valued at \$350,000 competed against three German, three French, three English, one Italian and seven other American manufacturers.

Mississippi farmers had a hot calling contest. Wonder what the winner called a road hog?

New York man and his wife were on the same jury and it agreed.
