RESOLUTION READ FRIDAY

The following resolution was read last Friday evening at the Methodist church where G. H. Sines, U. P. Official, delivered an address before a large crowd of local railroad employes and citizens:

RESOLUTION

WHEREAS, the entrance of the auto bus and the auto truck into the transportation business has so reduced the business of the Oregon-Washington Railroad & Navigation Co., as to not only deprive a number of former railroad employes of their positions, but it has also operated to reduce the earnings of a large number of such employes now in the service, and

WHEREAS, the Oregon-Washington Railroad & Navigation Co. has been responsible in a large part for the financial and commercial prestige of La Grande for many years, contributing to our city a payroll in excess of $114,000 per month, and has rendered expedient and economical service to the business interests, and

WHEREAS, the number of local tickets sold by the Oregon-Washington Railroad & Navigation Co at La Grande totaled 24,496 for the year 1917, as compared with only 15,615 for the year 1923, and

WHEREAS, the number of pounds of LCL freight shipped by the Oregon-Washington Railroad & Navigation Co. to points within a radius of fifty miles of La Grande for the year 1917 amounted 4,119,090, as compared with only 1,312,890 for the year 1923, and

WHEREAS, the road and or highway taxes paid by the Oregon-Washington Railroad & Navigation Company in the county in which La Grande is located increased more than 3000 percent in the six year period 1917 to 1923, and

WHEREAS, the amount of money contributed by the motor bus and the motor truck towards the building and or upkeep of our highways is but negligible as compared with the taxes therefor paid by the railroads, and

WHEREAS, the continued prosperity of our city depends far more upon the continuous successful operation of the railroad than it does upon the operation of the motor bus and the motor truck, and

WHEREAS, the business now handled by the motor bus and the motor truck which formerly was handled by the railroads has caused certain railroads to abandon portions of their right of way. A case in point—the Boston & Maine Railroad, principally on account of these two means of transportation, is now planning to abandon several hundred miles of its trackage, thereby reducing formerly prosperous cities to the status of mere country towns, a situation that will result to any city wherever and whenever the unfair competition of the motor bus and motor truck forces a railroad out of business, and

WHEREAS, competition of the motor bus and the motor truck is unfair because of the fact that these means of transportation, although common carriers, are not subject to regulation of rates by any public tribunal, neither are they required to build or maintain their own right of way as are the railroads, and neither are they required to pay a tax upon the business handled; therefore,

BE IT RESOLVED, by the railroad employes assembled in this meeting that each and every one of us shall constitute ourselves into a committee of one for the purpose of informing the merchants of La Grande whom we patronize with the facts herein set forth, and the further fact that the continued growth of the motor bus and the motor truck transportation and resultant decrease in business handled by the railroads, will deprive many of us of our livelihood and decrease the earnings of others, and the business men of the income derived from our earnings, and

BE IT FURTHER RESOLVED, that each of the labor organizations at La Grande be requested to appoint, and to keep appointed a committee of three for the purpose of co-operating with similar committees of employes, either in sections or as a whole, and with authority to speak in these respects for the respective organizations represented. These representatives, either singly or in co-operation with other similar committees of employes, and each speaking for their entire membership, to be clothed with the authority and with the responsibility of keeping our merchants, citizens and various civic bodies informed in the future to the end that such appropriate action as may be deemed necessary and advisable may be taken from time to time.

Ireland Gives Financial Aid To Theatrical Productions

DUBLIN (AP)—The Abbey theatre, founded by William Butler Yeats, the poet and senator, and Lady Gregory, plays an important part in the intellectual life of Ireland. It has produced for the first time 170 plays, many of them successful, but the theatre has been for the past 12 years run at a loss, and no director or shareholder has ever drawn a dividend.

To enable the institution to carry on, the finance ministry has included in the budget a grant of $4250. In his opinion there is no agency which has done more to make the name of Ireland known abroad, and he says it would be a misfortune if the only institution in the country providing an incentive to dramatic and literary work should be closed down.

This Is Getting Tiresome

Windsor Castel Could Use A Good Vacuum Cleaner

WINDSOR ON THAMES, (AP)—Of all the spring cleaning jobs in the houses of royalty, that at Windsor Castle is the most difficult because of a two-ton carpet which covers the floor of the Waterloo Chamber, and which has to be taken outdoors and beaten by hand.

The Waterloo Chamber is used as the royal dining room during Ascot week, when King George and Queen Mary make Windsor their headquarters. A force of about 60 men is required to carry the massive rug. It is 80 feet long and 40 feet wide and was woven in India by the prisoners of Agra, who were engaged on the task seven years.

It takes a stiff upper lip to kiss a mustached man.

Portland's Brilliant Festival

That very brilliant and charming event, the Rose Festival, which has made Portland, Oregon, the very center of floral and festival attractions in the Northwest for the past sixteen years, is to be again staged the 15th to 20th of this month. The Rosaria Pageant with a chorus of 2000 and a cast of 5000 will be presented each evening, the famous floral parade on afternoon of the 18th, and the Merrykhana parade on afternoon of the 19th. Many other interesting features each day.

For this event the Union Pacific has made a round trip rate of a fare and a half, tickets to be on sale June 15 to 19 inclusive, with a return limit fixed at June 22nd.

Call on J. H. Keeney, Agent, for any other information desired. 6-5-1t

Japanese Plant Gardens As Models of Perfection

SEATTLE (AP)—Japanese look upon a garden as a picture, beautifully designed and framed, much as the Occidental looks upon a painting, Prof. Takuma Tono, landscape architect of Waseda University, Japan, told Seattle on a lecture tour of the United States. Professor Tono is a graduate of Cornell university.

"Our Japanese gardens are entirely different from gardens in any other part of the world," Mr. Tono said. "In all western nations the garden is considered a collection of rare and beautiful plants, flowers, shrubs and trees, rather than the picture for which the Japanese strive. Japanese gardens are more naturalistic than architectural."

Some day somebody will invent a safety razorback hog.

SYNOPSIS OF THE ANNUAL STATEMENT OF THE
