Another highly successful and noteworthy production was "Madonna of the Streets" which brought Nazimova back to the screen after two years on the motion picture stage and which has proven one of the best box office attractions of the last year. Carve gave great strength and feeling to "Madonna of the Streets" and proved that Nazimova was a star whose career could not be dimmed by two years of the screen.

Carve directed "The Girl of the Golden West" and "Mighty Lak a Rose." The latter brought Dorothy Mackaig to the screen.

Nazimova Scores Fresh Triumph in Stage Hit.

Edwin Carve, who directed and produced "My Son," Nazimova's latest starring vehicle for First National, has many successful photographs to his credit.

Church Wants to Know What Collegians Expect

RACINE, Wis. (AP)—What the student body of the Council of the Episcopal church expects from the church in the present day religious controversy, will be determined here June 15-24 when the triennial assembly of the National Student Council is in session. The attitude of the undergraduates in 100 universities and colleges has been obtained in a questionnaire distributed throughout the council.

When accord has been reached finally by the assembly, the results will be put in a definite statement and upon this declaration will be based the action to be taken at the eighth triennial general convention of the church to be held at New Orleans, October 7.

The students were asked to express their views on such problems as: "Should one's thinking in religion be organized into creedal form?" "How do the teachings of the church harmonize with the established results of modern science?" "What may a student expect from the church, and why?" "Is a working knowledge of the Bible necessary to a proper practice of Christianity?" and "What effect has college had upon your religion, and why?"

Answers to these questions and a score of others equally pertinent have been received in surprising volume.

The assembly will be divided into eight discussion groups, the personnel of which will change each day so that a student will have an opportunity to discuss the problems laid down in the questionnaire with different students from all over the country. Later, a forum of the entire conference will hear reports from the discussion groups, accept or reject their decision, and shape the policy of the student work of the council in all of the institutions represented for the next triennial.

EUGENE, Or.—Eighteen boys and girls have finished the course at St. Mary's Catholic high school here and will receive diplomas at the graduating exercises. The baccalaureate sermon was delivered by Rev. Father Edwin V. O'Hara.

"On Thin Ice" Showing At Sherrys Now.

"On Thin Ice," the latest Warner Bros. Classic of the Screen, will be the feature attraction of the Sherry Theatre. Movie-goers will have the opportunity of seeing San Francisco's underworld in all its drama and sordidness.

Tom Moore, Edith Roberts and William Russell have been selected to portray the leading characters in this expose of criminal psychology. Edith Roberts' charming personality cannot fail to prove appealing in her role of the sweet young girl who is accused of stealing \$200,000 worth of bonds. Circumstances point to her guilt, and her unhesitant meeting of Tom Moore and William Russell, ruthless gangsters, only makes the case against her seem spookier.

The plot includes a rather novel introduction of the love theme, by presenting the gangster whom Miss Roberts eventually loves, as her brother—thus permitting of an interesting little interlude with Theodora Van Alsta, who portrays a narrow-minded small-town physician.

"On Thin Ice," which was written and adapted for the screen by Darryl Francis Zanuck, was directed by Mal St. Clair, whose flair for swift-moving action has given him the reputation of being one of the best local creators in the directorial field.

Coincidentally showing "Water Wagons."
