PEKING (By the Associated Press)—Chinese students, merchants and workmen in the largest demonstration here during the present disturbances, today went into the foreign office and demanded that the Chinese government sever relations with Great Britain and instruct the tuchun at Hankow to forcibly take possession of the British concession there. Hearing violence the foreign legations mounted machine guns and pointed with wire entanglements for an emergency.

If It Can Be Done

An Observer Want Ad will do it quickly and economically. No matter what your want, if it can be found in the La Grande territory, a Want Ad will find it.

Reader interest and reader confidence built over a long period of years shows its value in Observer Want Ads. Intelligent people watch them constantly for buying, renting, trading, getting jobs and getting help, etc. The cost is small—the returns are immediate.

"AN OBSERVER WANT AD WILL DO IT."

Life reminds us of a checker game in which you must keep moving and taking the jumps.

We have started a night delivery to take care of our out-of-town orders. Please give us your orders a few days ahead if possible. We are told that we are selling more paint and oil than all Union County put together. That isn't so. We are not selling paint and oil at all—the price sells it we only collect the money. Everyone that buys linseed oil at this month can have it for \$1.25 per gallon. Better lay in your supply, as we were told yesterday linseed oil was going to raise again. Bring empty cans. Home Paint, \$2.50 per gallon.

Music in Hospitals Is Used in T. B. Treatment

MINNEAPOLIS (AP).—Music as an aid in the treatment of tuberculosis was advocated before the American Sanatorium association at its annual meeting here today by E. De Bell of the New York Tuberculosis association. Mr. Bell described the experience of the New York Tuberculosis association during the past year in bringing singers, violinists, pianists, harpists and others to the wards of 16 hospitals in and around New York where tuberculosis patients are being treated. In addition to musicians, various vaudeville actors and other entertainers were used. The value of this, Mr. Bell pointed out, is to divert the mind of the patients from themselves and their illness to other channels and the effect in producing contentment and actual improvement in health has been marked.

According to Mr. Bell the subjects for entertainment selected must be light, diverting and hopeful. The musical numbers were not classical, but were tuneful, melodious and for the most part something familiar. Hundreds of musicians and entertainers of all types donated their services for the entertainment given under Mr. Bell's direction.

Large Salem Vote Expected
SALEM, Ore.—A large vote is expected in the school election here due to the activities of the rival candidates. The two leading candidates for the vacancy on the board of directors caused by the retirement of Charles Cross are Frank Neer and Roy J. C. Tibbels. Both men have made an active campaign and have a large number of friends working in their behalf.

Worry is great stuff. It is about the only thing that can make most of us think.

Matinee Serial "Idaho," on Wednesday, Thursday.

(Chapter Four)
Two of the desperadoes are captured in chapter four of the Pathé serial, "Idaho" featuring Malbone Hamilton and Vivian Rich at Sherrys Wednesday and Thursday—matinee only. But what can be done with them? There is no law in Carter's Creek—no sheriff, no jail, no court. Miners' courts have been called—but only for the settlement of mining claims.

Civil War Tale At Sherrys Is Fine Picture

Recent months have brought to the silverhead many historical photoplays so obviously produced because of their costume possibilities, that the regular picturegoer is entitled to be skeptical of any offering that dates farther back than the world war. Indeed, in their abundance the costume spectacles have become almost a drug on the market.

It is an with a collective sigh of relief and a minimum of complaint.

ten in play form by Zoe Akins for Ethel Barrymore, and that star found it a highly successful vehicle, not only for a long run on Broadway but an extended tour, as well, thus proving its entertainment value.

It was this proof, as well as the ideal role it affords, which prompted Miss Griffith to purchase the screen rights. And she has surrounded herself with a supporting cast of unusual proportions for picture.

Through the amusements of an adventurer, this suddenly vanishes, and the drab severity and sensationalism of the divorce court details her.

Diagrams and ostracism follow, with New York next. Then restitution and the forced acceptance of a divorcee's marriage offer from a money-broker.

These are the chief phases of the picture, which depicts, and they lead up to a highly emotional and thrilling climax in an automobile accident in the streets of Manhattan. But through this misfortune, she escapes the money-lender's clutches and finds her true love.

Robert Vignola, who directed the picture, is declared to have surpassed his former performances in development of the tensesly dramatic action. The scenario was prepared by Charles Whitaker and Broadway King.

NEWPORT VOTES BONDS.
NEWPORT, Ore. (Special).—At a special election this city voted a \$50,000 bond issue to build a city hall, a library and fire department quarters. Twenty-five thousand dollars of this fund will be used to take up outstanding warrants.

The city affairs will be run on a strictly cash basis from date of the bond issue. At present several hundred thousand dollars of improvements are under way, with heavy improvements continuing, and the expression of the people at the polls yesterday indicated their desire to get on a cash basis for the future improvements.
