Billy Evans Says

number of fighters to take the count. He was largely on the defensive, allowed nothing you would expect of a man who had gone 15 rounds with Jack Dempsey. Whenever a much touted individual or team in any line of sport is soundly thrashed it causes the ever suspicious to say unkind things. There was much talk in New York after the bout and it wasn't all complimentary to Gibbons. The St. Paul fighter really raked down more than he was knocked down when the final count was called off. My thought is that Gibbons put up a rotten fight but the best he had. And right here I want to say it was one of the most disappointing championship bouts I have ever seen. I saw where Gibbons wants a return match. I don't know who would care to see the two in action again. I wouldn't and I went through the press gate, didn't cost me a cent to see the affair. If Gibbons' showing against Tunney was his best, and I am of the opinion that it was, Tunney should wisely invest his bank roll and retire. The moment that Gibbons entered the ring I had my doubts as to his chances of winning. He didn't look fit physically, appeared much too fat. If I didn't know that Gibbons was a most conscientious chap, I would surmise that he didn't train very hard for the Tunney go, didn't care whether he won or not. The Gibbons beaten by Tunney was just a ghost of the Gibbons I have seen in action any number of times. THE EVER SUSPICIOUS. Either Tunney is a much better fighter than he ever has been given credit for, or Gibbons has long been an over-touted one. I guess it's about "50-50". Gibbons was fat. He lacked aggressiveness. Showed none of the hitting power that has caused

YOUTH TRIUMPHS. All other things being nearly equal, youth invariably gets the decision in sport. The recent meeting between Tommy Gibbons and Gene Tunney is offered as proof of the above statement.

Farmer Has Terrible Experience. "I don't think anybody ever suffered more pain than I have. Twice I was operated for gall stones and a third operation was advised. A friend in Iowa wrote me how he was cured by taking Mayr's Wonderful Remedy. I took a bottle on his advice with good results and have also taken the full course. My pains are all gone and I feel permanently cured." It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince; or money refunded at all druggists.—Adv.

London Offers Its Dandies Extravagance in Dress

LONDON (AP)—With London's opera season in full swing many new styles have been seen, particularly among the men. One of these was a revival of the evening cloak. These are cut in the latest dress cape style, and lined with French grey satin, or with a discreet blue. And as for men's handkerchiefs, they are a bit thinner and flimsier this year, and at very high prices. As much as \$40 to \$50 a dozen is charged for these new creations of diaphanous linen for evening use. The monograms of these ultra-stylish handkerchiefs are peculiarly elaborate, being formed of thin lines of bound silk drawn across a neat hole in one corner.

Hoed River Election Unanimous

HOOD RIVER, Ore.—Glenn B. Marsh received all of the 23 votes cast at the city school election for director. Immediately following the election the board organized, electing Dr. C. H. Jenkins chairman, I. R. Achison being elected clerk. In Pine Grove, where J. H. Klueck was elected to the board the electors instructed the board to obtain plans for the construction of a \$20,000 hangar type grade school. It is proposed to finance the new building by a special tax levy.

We predict a very hard July. No man can cuss an income tax payment properly in hot weather. The reason more people don't stay at home is because they don't feel at home there.
