Charming Scarf Arrangement

The event was in the form of a Marguerite bridge luncheon, the color scheme of purple and white being carried out in dainty margarites.

After a delicious four-course luncheon four games of bridge were at play at seven tables. Mrs. C. A. Weaver, of Des Moines, Iowa, who is visiting in La Grande, won high score for the first prize and the second prize went to Mrs. J. S. Robinson. Mrs. Martin was presented with a guest prize.

Honoring Mrs. Agnes Duncan, who leaves Saturday for San Francisco, California, for an indefinite visit, Mrs. A. V. Lindgren and Mrs. Lynn Bohlenkamp entertained the members of the Whiteoak Sunday school at the home of Mrs. Bohlenkamp. The party was a surprise for Mrs. Duncan and the main feature of the evening was a handkerchief show.

The time was spent socially and at needle work, after which dainty refreshments were served.

Women of Wealth Get New Thrills in Driving Four Horses

LONDON (AP)—Coaching has not diminished by any means in England because of the popularity of the automobile. This form of sport appears to appeal even more than formerly to the women of today, and there has been a move on foot recently to admit women members to the Coaching club, as they have never had a coaching club of their own. Women have long been eligible for competitions, however, and have successfully appeared in coaching and harness classes at horse shows for many years.

Coaching enthusiasts say that the appeal of this sport is more potent than ever, as women realize that they show to much better advantage upon a coach than seated in an enormous automobile, often partly hidden from view. While women here have figured in the coaching world chiefly as passengers, nevertheless there have been, and are, notable women whips.

Coaching, or at least driving one's own coach, is an expensive amusement today, though no more so than the ownership of a fair sized yacht. A coach at the present time costs from \$1500 to \$5000. A good horse may be had from \$750 to \$1750, but the cost of a perfectly matched team is out of all proportion to the individual value of the four horses.

Although the season, which opened with the Coaching Club's meet in Hyde Park in May, and extends for three months, is short running expenses are very high as compared to pre-war days.

The majority of whips in England are taught to drive from childhood. Good "driving hands" are most important. In the absence of this gift, no training can make a thoroughly accomplished whip.

But, given "hands," steady nerves, imperturbable temper, patience and skilled tuition, a woman, taking up four-in-hand driving for the first time, may acquire reasonable proficiency in three to four months. Four-in-hand driving appears easy, say the experts, but it demands consummate skill, while the physical and nervous strain is by no means light.

BAKED CHEESE OMELET

This omelet may be served as the main dish for even a formal little luncheon. It differs from the average omelet in that it is baked instead of fried.

The ingredients needed are four eggs, one half cupful graded cheese, one quarter teaspoonful of salt, one quarter teaspoonful of butter.

Sprinkle the bottom of a well buttered enameled ware baking dish with part of the crumbs. Over this sprinkle a layer of the cheese, using nearly all of it. Break the eggs into a bowl, add the salt and a tablespoonful of cold water. Stir with a fork just enough to blend the yolk and whites. Pour the eggs over the cheese and cover with the rest of the crumbs. Scatter the remainder of the cheese and sprinkle with paprika, if desired. Bake in a hot oven for ten minutes, or until the eggs are set. Serve from the dish in which it is baked.

Jetty Work Is Inspected.

MARSHFIELD, Ore. — W. C. Hawley, representative in congress, visited the Jetty work here. He was accompanied by members of the Port commission and others. The opinion was expressed that the work of building the jetty will be completed long before the allotted time.
