MINE ACTIVITY TO OPEN.
BAKELI, Ore.—A property deal was closed here calling for development and commencement of operations within 30 days on the Eastern Oregon copper belt, 25 miles east of here, by Robert Bets, head of the Cornucopia mines in Baker county, and John Simple, Spokane mining man, and their associates in Spokane. The amount to be expended was not made public. The newly formed company has obtained a strip of property with rich outcroppings of a mile long and a mile wide of the Copper Creek operations. The work will consist of the sinking of a shaft and making of cross-cuts and drifts on the vein.

Noticeable among the visitors at the copper zone Sunday were prospectors from Nevada and Idaho.

FORB SEAMEN PAID HIGH WAGES.
NEW YORK, (AP)—The shipping articles of the freighter Onida, purchased by Henry Ford Saturday, have been filed with government officials, revealing that the wages paid on the Ford ship are in some cases 100 per cent higher than those paid on other American freighters, and that \$100 a month is the minimum wage.

On shipping board vessels, men receive \$52 a month, and ordinary seamen \$47.50. The first engineer and the first mate on the Ford ship are paid \$225, compared to \$130 on shipping board vessels and \$155 on ships of the American Steamship Owners' association.

One thing about bathing suits is you no longer have to take a girl at face value.

Many of you folks remember when we bought out a bankrupt stock of paint last fall and sold it out cheap. It went like the wind. Well, sir! We just bought out another bankrupt stock of paint, yesterday. It includes high-grade Enamel, Varnishes, Auto Paint, Carriage Paint, French Gray House Paint, and even Canoe Enamel. Some of this high-grade paint and enamel retails for as high as \$7 and \$8 a gallon, but we are putting a flat price of \$2.55 per gallon on little cans, big cans and the whole shooting match.
