**Minerva Says---**

A woman had a narrow escape of being a cripple for life by wearing a pair of old run-over shoes. But a good friend favored her by inducing her to buy a pair of Arch-Aid Oxfords which corrected her ailment and put her on easy street.

Oh, joy! I never know what comfort was before, she said. Just like walking on feathers. My feet don't burn at all, and I do not seem half as tired when night comes. More people would wear them if they only knew how good they feel. I got mine at THE BOOTERY. They have all sizes and widths and can sure give you a good fit.

**LONDON ADOPTS AMERICAN IDEAS IN HOUSEBUILDING**  
LONDON (AP)—The London county council is tired of the orthodox white or red brick house and is going to experiment with buff, brown, red and white colored concrete buildings.  
The council's architect, G. T. Forrest, said recently there was something monotonous in a long series of dingy grey houses and, having noticed on a recent visit to the United States an attempt had been made to relieve this monotony by the use of colored materials, he intended to follow suit.  
On the council's Becontree, Essex, estate, some 3,000 houses will be erected in which the American idea of mixed colorings will be adopted.

# Sister Mary Says:

Breakfast—Chilled cantaloupe, poached eggs on graham toast, crisp broiled bacon, milk, coffee.  
Luncheon—Baked potatoes, creamed dried beef, carrot salad, raisin bread, caramel cookies, milk, tea.  
Dinner—Baked bluefish, new potatoes in butter, creamed peas, stuffed tomato salad, raspberry shortcake, whole wheat bread, milk, coffee.  
Bones must be carefully watched when small persons eat fish, but aside from this fish is an excellent food for children.

Very young children eat tomatoes these days. Babies are given strained tomato juice just as they are given orange juice and children of four years may eat the flesh of the raw vegetable. The skin, of course, must be removed.  
**Caramel Cookies.**  
One cup butter, 2 cups brown sugar, 2 eggs, 1 cup sour cream, 4 to 5 cups of flour, 1 teaspoon soda, 1 teaspoon salt, 1 teaspoon vanilla.  
Soften butter and beat in sugar. Beat until creamy. Beat in 1 cup of flour. Add eggs well beaten and beat mixture well. Mix and sift 3 cups of flour with salt and soda. Add half to first mixture and beat until smooth. Beat in milk and when smooth add remaining flour mixture. Stir well and add vanilla. Add more flour if necessary. Form into a small roll and put in the ice box until firm and very cold. Cut with a sharp knife and bake in a moderately quick oven for six or eight minutes.

This recipe can be "made up" in the evening and the dough chilled over night. Then the cookies are cut and baked early in the morning before the sun is high and hot. The rolls should be made about as thick as a rolling pin and the slices cut as thin as possible.  
Ancient Roman statues are incorporated as common building stones beneath the old Turkish elated walls of Angora.
