MR. COOLIDGE BETTER. PLYMOUTH, N. C. (AP)—Physician attending Colonel John Coolidge, the president's father, announced early this afternoon that he is getting along better than expected and that he is believed to be out of danger.

PREDICTED TREMOR. PALO ALTO (AP)—Dr. Bailey Willis, noted seismologist of Stanford university, who predicted an earthquake in the general region of Santa Barbara, is now in that city...

SANTA BARBARA (By the Associated Press).—The Pacific Telephone and Telegraph company here received word that another severe earthquake was felt at Santa Barbara at 10:15 o'clock. The Southern Pacific reports 65 dead at Santa Barbara.

SANTA BARBARA (By the Associated Press).—Four persons are known to have been killed and 103 injured in the earthquake early today, damaging practically all structures in the city and wrecking several of the largest.

The San Marcos building, the largest business structure, completely collapsed along one-third of its length.

Woman Killed in Hotel. The Arlington hotel and the St. Francis hospital were partially destroyed. Mrs. Perkins, wife of a wealthy railroad man, was killed in the hotel.

Other three dead were found in the wreckage of business buildings.

There were two severe shocks, followed by about 20 others of minor violence apparently centering

MOTOR AUCTION SALE CREATING GREAT INTEREST

The Perkins Motor Company auction sale has created a good deal of comment about the city and from all indications the thousand people expected will be on hand for both the afternoon and evening sessions when the sale opens Wednesday.

The announcement that the cars will be sold on the absolute auction basis, regardless of price is to be fulfilled to the letter, according to W. C. Perkins. Many of the cars have recently been re-conditioned to comply with the Ford 25-day guarantee policy but all are in good running order and all will no doubt be sold at bargain prices.

The fact that Mr. Gregson, the auctioneer with whom the plan originated, has successfully conducted many similar sales in Pendleton, Walla Walla, Lewiston, Oregonia and other northern cities is proof that this method of merchandising used cars is a satisfactory one for both the dealers and the purchasers.

ATTENDING CONVENTION. Dr. W. P. McAdory, La Grande physician is attending the annual conference of the Northwestern Medical Association in Portland this week. Dr. McAdory left for Portland Friday evening. He will return to La Grande Wednesday.

LEONA D. PARSONS and Howard Hug of Elgin were each fined \$1000 and sentenced to 30 days in the county jail by Judge U. G. Couch, Saturday afternoon, after they had pleaded guilty to charges of possession of moonshine mash. Howard Hasselwood of Elgin is also implicated but due to an explosion in the still boiler a day or two before the date of the arrest was not in physical condition to appear in trial. He was badly burned below the knees. Parsons was burned about the hands and arms also.

The arrest was made by George M. Pickett, special prohibition officer, last Friday. A complete will of gallons of mash and 10 gallons of moonshine were taken.

CITY RAZED BY INTENSE UPHEAVAL

Brick Buildings, Including Hotel, Demolished by Shocks Today

LOSS OF LIFE MAY BE CONSIDERABLE

Reservoirs and Water Mains Broken, Streets Flooded; Waves Inundate Lowlands.

SANTA BARBARA, Calif. (By the Associated Press).—All brick buildings here were demolished this morning, including the Arlington Hotel, by an earthquake which swept the southern part of the state. It seems to have centered its ferocity on this city. Water mains and river reservoirs broke and the city is partly flooded. The main street of the city upheaved and buckled under the tremor and as the water mains parted geysers shot up through the pavement. Two fires were started.

It is feared the loss of life may be considerable, particularly in the ruins of the Arlington Hotel, one wall of which collapsed like an egg-shell.

VENTURA (By the Associated Press)—Santa Barbara is flooded, the quake, flooding the low lands. Tremendous waves, which rushed in from the bay, accompanied the result of broken water mains, according to eye witnesses returning from there this morning.

SAN FRANCISCO (By the Associated Press)—Information relayed here to the Associated Oil Company over private lines from Santa Maria said that "many large buildings in Santa Barbara had been

Foreigners Justified In Firing On Chinese

(By Charles P. Stewart) WASHINGTON (NEA Special)—United States Consul General Cunningham is coming in for a certain amount of criticism in Washington for reporting the international police justified in firing into a mob of native strike demonstrators during the Shanghai clash which precipitated the latest anti-foreign outbreak in China.

Traditionally friendly to the Chinese, as a people, official Washington tends to the view that the foreigners among them drove them to violence by their own high-handed behavior, arrogance and greed.

In some quarters the guma is blamed that Cunningham has absorbed the atmosphere of the Shanghai "European settlement" until he has come to share its prejudices.

Making all due allowance, however, for the fact that the Chinese have plenty of reason for hating most of the "foreign devils" in their midst, yet the further fact remains that the comparatively small number of the latter actually in China haven't much choice but to defend themselves when the natives go on the rampage.

Theoretically it's all very well to say that the foreigners bring trouble on themselves. There are foreigners who do say so and appreciate the treatment of the Chi-
