

NEWS of SOCIETY

Mr. and Mrs. J. W. Park celebrated their twentieth wedding anniversary at their home at 1705 Y Avenue recently. The rooms were decorated with various summer flowers, a pink and white color scheme being used. During the evening a musical program was given. Mrs. O'Neal and Mrs. Lawry Lilly presented Mr. and Mrs. Park with many beautiful gifts of china ware. A delicious tray luncheon was served.

Those present were: Mr. and Mrs. P. J. Lilly, Mr. and Mrs. Woody Lay and baby, Mr. and Mrs. Lyman Huff and baby, Mr. and Mrs. Lawrence Lilly, Mr. and Mrs. Horner Love and baby, Mr. and Mrs. W. T. Patten, Mr. and Mrs. Charles O'Neal and children, Mr. and Mrs. Arthur Hoff, Miss Ivy Shaling, Mr. and Mrs. Ed Shultz, Mr. and Mrs. Park and sons, Eugene and Merwin.

At the regular meeting of the American Legion Auxiliary last evening at eight o'clock at Honan Hall a call was issued for old photograph records and playing cards to be sent to the veterans hospital No. 77 at Portland Oregon. Anyone having records they are tired of or old playing cards are asked to leave them with Mrs. Harley Richardson and they will be sent to the hospital.

Reports were given by Mrs. Chester Thompson and Mrs. Otto Palmer, who represented the local auxiliary at the American Legion State Convention last week at Prineville.

A delightful afternoon was spent by the Parkside Club yesterday at the home of Mrs. E. Keller, in May Park, with Mrs. M. P. Carroll and Mrs. W. C. Freilberg as assistant hostesses. The home was made beautiful with flowers and after a short business meeting an interesting program was given, consisting of a reading by Mrs. E. Halby, a piano solo by Mrs. W. Cass and a piano solo by Miss Genevieve Adler.

Delicious refreshments were served after the program.

The Junior Department of the Christian Church Sunday school, with the superintendent and teacher, had a delightful picnic yesterday. The class met at the church at nine a. m. and were taken in cars to a picnic dinner at La Grande.

Honoring her small son, John Curtis fourth birthday anniversary, Mrs. F. L. Ralston entertained yesterday at the Country Club. Twelve little children were present and most of the afternoon was spent playing in the water at the club swimming tank. Later in the afternoon a delicious picnic luncheon was served under the trees.

The children present were: Stella Jean Ingle, Peter Colman, Jack Murphy, Bruce Pratt, Marvella Caplan, Frederick Birmingham, Phyllis Westphalen, Marion Nelson, Howard Dixon, Margaret Dixon, Ruth Jean Zuehlke and Ruth Joseph and John Ralston.

The regular July meeting of the Missionary Society of the Christian church was held yesterday at the church, with the officers of the society in attendance. There was a large attendance and after a short business session, Mrs. Lena York had charge of the lesson. The subject for the afternoon was "Books."

Refreshments were served before adjournment.

Sister Mary Says:

Breakfast—Chilled cantaloupe, poached eggs and spinach on toast, milk, coffee.

Luncheon—Jellied vegetable salad, cream cheese sandwiches, steamed cherry pudding, milk, tea.

Dinner—Broiled halibut steaks, lemon butter, baked potatoes, buttered new beans, sliced tomatoes, orange ice, sponge cake, rice bread, milk, coffee.

With the exception of the mison and the luncheon dessert there are no dishes suggested in the menu that cannot be served to children as young as four years. The tomatoes should be perfectly ripe, pared, seeds removed and finely cut. The beans should be mixed. A small dish of the ice, eaten slowly will be greatly relished by a small person.

Steamed Cherry Pudding.
One egg, 2-3 cup sugar, 2 cup molasses, 1 cup white flour, 1 1/2 cups Graham flour, 4 tablespoons butter, 1 cup hot water, 1 teaspoon soda, 2 cups stoned cherries, 1-2 teaspoon salt, 1/2 teaspoon cinnamon.

Cream butter and beat in sugar and molasses. Mix flour and add to first mixture. Add salt and cinnamon. Add egg well beaten. Stir in cherries and add hot water with soda dissolved in it. Beat well and turn into a buttered mold. Steam two hours and serve with sugar and cream, lemon sauce or hard sauce.

British Encourage Flax Growing

LONDON (AP)—To encourage the growing of flax seed and flax in the United Kingdom on a commercial scale, a committee appointed by the Board of Trade has unanimously recommended that \$200,000 be made available. The development of new strains of seedling seed is necessary, and for that purpose the flax factories at Bonford and Lopen should be acquired and controlled by the ministry of agriculture.

Philippines Have 145 Labor Unions with 89,402 Members

MANILA (AP)—There are registered in the Bureau of Labor 145 labor unions in the Philippine Islands with a membership of 89,402, including 87,402 men and 2,000 women. These figures do not include mutual benefit societies, of which there are 107 with a membership of 73,437.

Speedy Planes Will Bring Bombay Close to London

LONDON (AP)—All steel airplanes now under construction here will make the trip from England to India, roughly 10,000 miles as the crow flies, if they were able to accomplish it, in three days and some odd hours, according to recent announcement of the air ministry under whose supervision the machines are being built.

The specifications provide that the planes be equipped with three motors developing 2,000 horsepower, and it is hoped they will be able to accomplish 100 miles an hour and possibly even a greater speed. A crew of four or five will operate each machine, which will carry 20 to 25 passengers. It is proposed that these giants of the air travel day and night, there being sleeping accommodations, and hot meals by means of an electric cooker.

Town Once Noted As Gold Camp To Join Ghost Cities

HELENA, Mont. (AP)—Marysville, Mont., to be wiped off the railroad map within a few weeks has it has been voted from record in its other activities, once was the goal of a race between two great railway systems and in the thirty-old years of its life was the source of myths valued at not less than \$100,000,000. The town, incidentally, produced a baseball team with a record of defeating all Pacific coast league clubs of its day and of sending several players to the major leagues. A quarter of a century ago Marysville had a population of 7,500.

Pushed of the Northern Pacific railway to remove its tracks from Helena to Marysville delegates to the backwoods town is left of the one-time famous town and again it is to become a stage-coach town, 150 miles from a railroad. Years ago the Great Northern, which lost the race for a terminus within the city, and ended its line just outside the boundary, abandoned Marysville and gradually, as the mines worked out, the surviving line limited its service until, during the past year, a train operated only when there was an accumulation of freight for its haul.

Truly a ghost city, with a handful of shacks and tumbled foundations left of its once bustling business district, scattered, weather-beaten houses outlining its residential section, possibly 50 or 60 families claiming it as home, Marysville indicates its past glory only to the imagination.

The famous Drum Lummion mine, chief source of its wealth, is still being worked sufficiently, it is said, to pay wages to a handful of men; some other of the older mines are operated on the same scale and there are numerous prospects whose owners optimistically forecast a renewed activity in the old camp. Nevertheless, the Montana railroad commission, after an exhaustive investigation, has pricked the bubble of hope and has given its consent to the abandonment of the railroad.

The Drum Lummion mine, discovery of Thomas Cruse, alone is said to have produced \$07,000,000 worth of gold. Cruse sold the mine to a London syndicate for \$1,600,000 when the vein had just been scratched. The new operators homesteaded the surface of the hill and, as the story goes, made millions in Boston, Helena and New York, as well as in England. Many other mines paralleled its development and, from one of these, the Penobscot, Nate Vestal brought down to Helena what was then the largest bar of gold in the world, valued at \$5,000.

What is said to have been one of the first concentrators ever constructed on a conglomerate scale was built below the Drum Lummion to work the tailings of the famous mine. The ruins of the giant plant still mark the road to the city.

It took a jury just one hour and fifteen minutes to decide that Mrs. Blanche Geller, divorced wife of a Toledo auto dealer, was entitled to \$50,000 from his second wife for alienation of his affections. She married Geller in 1905 and the divorce was granted in 1923, two years after Geller met the woman who later became wife No. 2.

also will speak.

Bids for the construction are now being advertised for and actual work on the church will start shortly.

BROWNING VICTIM FOUND

SOUTH BEND, Ore.—The body of Nester Jarvi, 24, of Charleston, who disappeared from a boat on South slough of a mud flat near where his dog appeared and where the boat was found shortly after the disappearance. The high tide had washed the body up on the flat, where it became exposed at low tide.

The discovery was made by August Bayer, a neighbor. Bayer anchored the body temporarily, and notified the coroner's office. Dr. Bartie, acting coroner, decided no inquest was necessary, as all circumstances pointed to an accidental drowning.

No further trace of Albert Frame, his 16-year-old half brother who accompanied him, has yet been found. Tomorrow being the ninth day, it is expected that Frame's body will float.

The only relief from the weather is pretending you like it.
