

# NEWS of SOCIETY

A delightful affair took place yesterday afternoon at Riverside Park when the members of the Lucky Thirteen club met in their last meeting until fall. A delicious hot luncheon was served at one o'clock, after which three tables of bridge were at play. Mrs. Grace Mattor won high score for the first prize, the second prize went to Mrs. E. T. Andrews and the third to Mrs. H. N. Ashby.

Mrs. W. G. Sawyer, president of the club for the past year, retired from office and Mrs. John Thomson was elected to take her place.

The Women's Foreign Missionary Society of the First Methodist Episcopal Church met Wednesday afternoon at the home of Mrs. E. O. Payton. Mrs. G. C. Headley had charge of the devotions and lesson study, which she gave in a most interesting manner. Mrs. C. Dunning rendered a beautiful vocal solo. Mrs. H. W. Leighton presided over the business meeting.

The afternoon was spent in making bandages for a hospital in foreign fields. At the close of the afternoon dainty refreshments were served. Mrs. Payton was assisted by Mrs. Leighton and Mrs. D. W. Beck.

## Sister Mary Says:

**Breakfast**—Chilled cantaloupe, eggs poached in milk on graham toast, toasted bran muffins, marinated milk, coffee.

**Luncheon**—Baked farina with cheese, lettuce sandwiches, fruit cup, drop cookies, milk, tea.

**Dinner**—Veal birds, creamed potatoes, buttered peas, head lettuce with tomato cheese dressing, raspberry dumplings, whole wheat bread, milk, coffee.

A bit of crisp broiled bacon can be served to a child of four years if the vegetables, fruit, bread and milk are not satisfying enough for the evening meal.

Since cantaloupes are a mild fruit the marmalade is suggested in the breakfast menu to add piquancy to the meal.

**Baked Farina With Cheese.**  
Two cups milk, 1/2 cup farina, 1/2 teaspoon salt, 1 egg, 1 cup grated cheese, butter.

Heat milk in top of double boiler. Add salt and bring to the boiling point. Stir in farina, beating with a fork. Cook directly over the fire, stirring constantly for 10 minutes. Cook over boiling water for 20 minutes. Remove from heat and beat in egg. Spread in a shallow pan to cool. Cut in small squares and line a well-buttered baking dish with squares. Sprinkle with cheese and dot with bits of butter. Continue layer for layer until all is used. The last layer should be of cheese. Bake in a hot oven until cheese is melted and top is browned, about 20 minutes. Serve from baking dish.

## Says Poetry-Teaching Methods Ineffective

**SEATTLE, Wash. (AP)**—To scotch a dislike for poetry because of the way it is taught in many schools, children should be given the idea that poetry is something to love without any thought of school rooms or marks or so-called literary day for a gold star, declared Margaret Deard of the St. Louis Public Library, before the annual meeting of the American Library Association today.

Many teachers extract all the music and thus,ness from poetry in their teaching of it, and it is the rare few who, by interpretation, make it the more beautiful and full of meaning, she said. "There is a preventative opportunity here for librarians and to seize it we must saturate children with poetry to the point of invulnerability before the wrong kind of 'education' can begin his destructive work."

"We cannot guarantee to the children who come to the libraries that the apparent world will not be dull for them, but we can give them a hint of an inexhaustible world of their own. It is only by familiarizing children with the look and sound of poetry in a way so simple that they cannot help but understand it, that we are to gain their confidence for further poetic adventuring."

## Cupid Setback by Swarms of Mosquitos

**NEW ORLEANS (AP)**—Mosquitoes, which have descended in larger swarms than usual this summer on New Orleans and other places along the Gulf coast, have been blamed for bad dispositions and almost everything else. But the latest charge against them comes from "Tantiphaos parish where the pests are accused of causing the postponement of five weddings in one week. The weddings were to have been outdoor affairs in keeping with the season. A dry winter which caused the deaths of thousands of small fishes and other forms of animal life that prey upon mosquito larvae, followed by unusual rains this spring are the causes given locally for the unusual plague of mosquitoes. Local health officials say that in the main they are harmless at least insofar as germ carrying goes.

Druggists that sell various ill smelling oils have reaped a harvest this summer and smudges of burning rags, rubber and Spanish moss are common sights in front and back yards and even on sidewalks here. Good screens keep most of the pests out provided screen doors are closed quickly when one enters or leaves a building.

## Harding Memorial Will Be Unveiled in Canada Soon

**VANCOUVER, B. C. (AP)**—A unique memorial to the late American President, Warren G. Harding, will be unveiled at Vancouver, September 17 to commemorate his visit to Canadian soil in July, 1922.

The movement for the memorial was inaugurated by the Kiwanis club of Vancouver, and the subscription list was opened to the Kiwanis clubs in the United States. The result was that the objective, \$25,000, was soon over-subscribed and the clubs in the United States insisted that they be permitted to bear the entire expense. The amount subscribed by the Canadian clubs then was returned to them.

The memorial will mark an event in history which offers no parallel—that of a United States president making an address on Canadian soil during his term of office. President Harding stopped at Vancouver for a few hours on his way south after visiting Alaska in 1923. In his address he made an eloquent plea for continued friendship between the English speaking people and particularly between Canada and the United States.

The memorial will stand within a few feet of the spot in Stanley Park where President Harding delivered his address. The design of the memorial was submitted by Charles Starvog, an Italian sculptor now residing in Vancouver, and was one of 80 submitted to Kiwanis headquarters in Chicago. An invitation will be extended to President Coolidge to officiate at the unveiling.

America and Canada are represented in the statue by female figures facing each other and holding the shields of their respective countries and the olive branch, symbol of peace. Under the olive branches there will be a bus relief tablet of the late president, underneath which will be the single word Harding.

At each end of the statue will be a panel engraved with passages from Mr. Harding's speech. In front of the statue there will be a pool, the water for which will issue from the mouth of a colonial lion's head to be carved of granite, and which will surround the entire work.

At the ends of the platform there will be a semi-circle of seats to provide accommodations for visitors, and at the entrance of the platform will be the forms of two eagles symbolic of the United States. Around the memorial will be a wall which will be overgrown with flowers and shrubbery to give seclusion to the granite work.

A summer resort is a place where competition starts in just where the flies leave off.

**Irish Crop Reports Encouraging**  
**DUBLIN (AP)**—The crops in the Free State were this year at least three weeks later than usual. At the beginning of June the continued rain had caused some apprehension for the next harvest, but the hot weather enhanced everything, and reports from all districts are regarded as encouraging. The prospects of the potato crop on the poor wet soils of the Western counties are said to be more doubtful.
