

NEWS of SOCIETY

Honoring their house guests Mrs. Jennie Willey and O. G. Willey, of Los Angeles, California, Dr. and Mrs. A. L. Richardson entertained with a beautiful garden party last evening at their home on O Avenue. The affair was in the form of a reception and was well managed by the charming hostess. Approximately three hundred guests were present.

The garden was decorated with colored lights and large palms giving an oriental effect. Exquisite flowers in vases and massive color were used about the garden and on the tables. The color and massive color scheme was used both indoors and out.

In the receiving line with Dr. and Mrs. Richardson were Mrs. Willey and O. G. Willey. On the east side of the garden presiding at the punch bowl were Mrs. Harley Richardson and Mrs. Elmer Stoddard, assisted by the Misses Evelyn Jacobs, of Portland, Miss Louie Cronwell, Margaret Baker, Dorothy Pank and Marjorie Warwick. At the coffee urn on the same side of the garden were Mrs. E. P. Messman, Mrs. H. S. Brown, Mrs. W. H. Bohnenkamp, Jr., and Mrs. Earl Stoddard, assisted by the Misses Dorothy Ann Warwick, Joan Williams, Gertrude Seranton and Lois Nelson.

On the west side of the garden at an attractively arranged table cutting tea were Mrs. Bruce Dennis, Mrs. Robert Newlin, Mrs. A. J. Stango, and Mrs. P. B. Appleby, assisted by the Misses Alladen Serogin, Marjorie O'Brien, Dorothy Caldwell, Ruth Hill, Constance Weaver, Helen Thomas, of St. Lake City, and Madeline Barbeau. General assistants in the garden were Mrs. J. T. Richardson, Mrs. John Theisen and Mrs. H. A. Zurbick. The sunset orchestra furnished music during the entire evening.

An interesting feature was two vocal numbers sung from the sun porch of the Richardson home, by O. G. Willey, accompanied at the piano by Mrs. Harley Richardson. Mr. Willey is the possessor of a

remarkably fine tenor robust voice, well trained. His numbers last evening were enthusiastically received.

Honoring Mrs. Vincent Palmer now of Seattle, Washington, but for many years a resident of La Grande, the members of Chapter L. P. E. O. entertained with a luncheon at the Koley grill yesterday at 12:30 o'clock. Nineteen members of L. P. E. O. were present and a delicious four course luncheon was served. Beautiful flowers of the season served as a centerpiece for the luncheon table.

During luncheon a few appropriate remarks were made by Mrs. Wayne Wade, president of the chapter, and were responded to by Mrs. Palmer. Mrs. Palmer is a member of the local chapter.

NORTH POWDELL (Special)—News has been received here of the marriage of Miss Sadie Barxton to Axel P. Bohn, both of North Powdell, at La Grande on July seventh. After a honeymoon trip spent motoring through Oregon and California they will make their home here.

Hints for the Housewife
Chocolate Ice Box Cake
Although this novel cake is easily prepared and well adapted to hot weather serving, it requires about five hours' refrigeration. The housewife who plans her meals in advance and does not mind preparing for her dinner dessert many hours ahead, will find this a very welcome addition to her list—especially during the summer because it requires very little cooking.

Melt one quarter of a pound of sweet chocolate in an enameled ware boiler. Add one tablespoonful sugar and four teaspoonfuls water. Then add three egg yolks one at a time, beating well. Cool and fold in the stiffly beaten egg whites. Line an enameled ware pudding dish with waxed paper and place on it a layer of lady fingers. Spread half the chocolate mixture over this and then another layer of lady fingers. Place in the ice box for at least five hours. When set, cut into squares and serve from the dish in which it is made, with whipped cream.

Sponge cake or macarons can be substituted for the lady fingers, if desired.

Beat egg well and add to mashed potatoes with milk. Mix and sift flour and baking powder and stir into potato mixture. Drop from the tip of the spoon onto a well-buttered baking pan. Spread smooth, making a depression in the center of each. Fill with meat mixed with white sauce and cover with a spoonful of potato mixture. Bake in a moderately hot oven until brown and serve at once.

Indigestion Had Him Three Years
Miserable Clutch Finally Broken, However, By Dr. Thatcher's Liver and Blood Syrup. The Old Reliable, Declares Enthusiastic Florida Merchant.

Evidence daily accumulates supporting the reputation of Dr. Thatcher's Liver and Blood Syrup as a reconstructive tonic of remarkable power and a general remedy for stomach trouble, torpid liver and impoverished blood.

One of the most interesting statements to this effect is furnished in a personal communication received by the manufacturer from J. M. Haggert, Jr., of J. M. Haggert & Co., general merchandise, of Blackman, Fla., who writes:

"I have been in business here for twenty-five years and have sold the Thatcher Remedies twenty years and never have had a single complaint about them. Thirteen years ago I had indigestion and was under treatment for that and liver trouble three years, but as I didn't get any better I quit and started on Dr. Thatcher's Liver and Blood Syrup, which I continued to take till completely relieved."

"I am fifty-five years old and feel as well and strong as a man of thirty-five. A few days ago I recommended Thatcher's Liver and Blood Syrup to a young man who had been under treatment for kidney trouble without much success. He took a bottle and it did him so much good he was soon back for two more."

"There is no doubt that this preparation has made a distinct impression on this community. Its remarkable record here and elsewhere is nothing short of a sensation, and the wonderful relief obtained by so many who have been taking it is a general theme of conversation among all classes."

CO-OP BUYING BODY IS BUSY

WALLOWA, Ore. (Special)—S. T. Halle was at Enterprise the last of the week, working with the other members of the co-operative buying committee, of the Wallowa county Pomona Grange. Farmers in the upper part of the valley are said to be much in favor of ordering binding twine and sacks, and such commodities cooperatively. According to the latest reports very good success is being made toward getting cartload lots together.

The last of the week the committee had a list of over 50,000 sacks and between 10 and 15 thousand pounds of binding twine signed up, and were busy getting bids from local dealers of the county.

Eugene Gastin was busy Sunday gathering cattle in the Dry Creek section and taking them back to summer range on Powwaka ridge. He reports the stock in that section of the country to be in fine shape, at this time, and that range conditions are very good.

Buying Machinery
L. C. Johnson was a business visitor here the latter part of the week. A considerable amount of new harvesting machinery has been bought by farmers of this county during the past few weeks, local hardware men here have sold a considerable amount of threshing machinery has been bought by farmers in the east part of the county, consisting of a number of small threshing machines, and several of the new up to date combines. The crops in many of the fields are very heavy, and farmers are anxious to have plenty of good machinery for handling them.

The work on the new K. P. hall here is progressing very satisfactorily, a large part of the frame work is going up at this time.

Charles Klinghammer of Leap was called to Elgin, Wednesday evening by the serious illness of his father, at that place.

Cutting Hay
C. A. Hunter started a number of teams the first of the week cutting his hay crops in the valley. Much of the first cutting of hay has been put up at this time. The

weather for the past two or three weeks has been very favorable for having as no rains to speak of have fallen to delay work.

A number of the farmers in this section have been busy the past week cultivating their summer fallow again before the starting of harvest. The weeds have been coming very thick on many of the early plowed fields, requiring a large amount of work to keep them down.

C. A. Hunter moved his sheep to the valley the latter part of the week, from his large hill pasture on Whiskey Creek. He has had the sheep on the hill range since early spring. With the abundance of good feed there the sheep have done well, and the lambs have made a fine start. He expects to keep them on irrigated pasture in the valley during the balance of the season.

Mrs. John Couch and daughters of Leap, were here the latter part of the week taking cherries for Mrs. Davis.

Fire Hazards Increase
The dry weather of the past few weeks has greatly increased the danger of fire in the timbered sections, and campers going into the forests are required to obtain a permit for starting camp fires. A large fire has been burning in the timbered section north of here for the past several days. The fire is

HOOD RIVER, Ore.—The Mount

Hood loop, highway, following the application of oil the entire distance around the mountain, is now in excellent condition, according to Stanley C. Walter, district forest ranger here. It may be necessary, Mr. Walter stated, to apply a new coat to some sections of the road.

"Equipment has been left on the road," Mr. Walter said, "and engineers are observing the road. They will decide Monday whether it will be necessary to make further application to keep the dust laid the rest of the summer."

Breakfast—Sliced pineapple, baked sandwiches, bran muffins, milk, coffee.

Luncheon—String bean and tomato chowder, croissants, custard, milk, tea.

Dinner—Lamb stew with vegetables, boiled summer squash, tomato salad, whole wheat bread, milk, coffee.

The tomato salad can be stiffed or plain. French dressing or a mayonnaise can be served with it. But always pare the tomatoes. If boiling water is poured over the fruit and allowed to stand for 1 minute the skin will slip off very easily. Re-chill in the ice box for 15 minutes before serving.

Baked Sandwiches.
Two cups mashed potatoes, 1 cup milk, 1 egg, 1 cup flour, 1 teaspoon baking powder, salt and pepper,
