

NEW SEPTIC TANK PLANS PASSED ON

Commissioners Approve Papers Submitted by L. R. Stockman

MAILED TODAY TO BOARD OF HEALTH

Call for Bids on \$105,000 Sewage Disposal Plant Forthcoming If Board Approves Plans.

Plans and specifications for La Grande's new \$105,000 septic tank authorized by the citizens at the June 23rd election, were submitted to the city commission in session last evening by L. R. Stockman, one of the leaders in preparing the plans.

After a short discussion, the commissioners passed both plans and specifications and authorized W. C. Crews, city manager, to forward them to the state board of health for approval. Mr. Crews mailed the papers today.

If the state board passes favorably upon the septic tank as now designed, it is likely that a call for bids will be issued as soon as the above mentioned action is taken.

Sewer Bids Opened. Bids were opened by the commissioners on sewer improvement district No. 1-11, calling for a block of sewer work. Three bids were submitted with Hartenboer and Spaulding's offer of \$19,943.30 receiving the award. Hoscoe Neal and C. Hildebrandt were the unsuccessful bidders.

The recorder was also authorized to pay \$562.31, the amount of the final estimate on sewer improvement district No. 1-10.

Eberhard Named Deputy. Colon H. Eberhard, local attorney, was appointed by the commission as deputy city attorney. George T. Cochran, city attorney, Mr. Eberhard's salary will be decided upon later.

President A. T. Hill and Commissioner Charles Playle were present. Mrs. Fowler, city treasurer, acted as city recorder for Mr. Starna, who is on his vacation.

LOCAL WOMEN BACK MUSEUM

The La Grande committee of the All-Oregon 1925 Exposition and Bazaar, to be held in Portland October 5-10, inclusive, has announced that it will take an active part in preparing articles for exhibition and bazaar, proceeds of which will go to a fund dedicated to the building of an art museum at the University of Oregon, Eugene. The local committee's personnel follows: Mrs. Ray F. Murphy, chairman; Mesdames William Miller, Ernest Watkins, Lovell Williamson, Donald W. Pague, Miss Mina Ash and Dr. Margaret Ingler. The women of the committee here expect to send a large number of articles to Portland and are preparing to do some intensive work until the opening of the exposition and bazaar.

McCULLOCH IN CHARGE

Judge C. H. McCulloch of Baker was in La Grande this morning holding court in the morning. Judge Knowles' absence Judge McCulloch has been conducting the legal affairs of the court house. In case Judge Knowles does not return from Portland before August 5th, Judge McCulloch will hold court in La Grande again on that date.

Prominent Men Are To Speak at Picnic Here

A picnic in honor of Bert Oakland, national deputy, will be given at the Riverside park next Saturday afternoon and evening by the Modern Woodmen of America and the auxiliary, the Royal Neighbors. Members of the lodges from all over Union and the adjoining counties have been invited and are expected to be present at the park. The entire afternoon and evening is to be devoted to a "Regular Modern Woodmen Good Time," to quote the invitation sent to the members of the lodges.

Initiation on Cards. An unique feature of the program will be a big, open air initiation of

War On Rust Started In The Valley

Government Men Here to Eradicate the English Black Currant, White Pine Disease Life-Giver

The fight to prevent the introduction of white pine blister rust into Eastern Oregon is now under way in Union county under the supervision of J. E. Spurlock and L. O. Drew, field assistants of the United States Department of Agriculture, with headquarters at the state college at Corvallis.

The campaign, while aimed at the blister rust, consists chiefly of destroying the cultivated English black currant in Union county.

White pine blister rust is a fungus disease destructive to five-needled pines—the white and sugar pines. It is now prevalent in the United States and Western Canada although in the Western United States it is confined, thus far, to Washington and has not entered Oregon, Idaho or California, Mr. Spurlock says.

Because of the extent and great value of the white pine in the northwest, the agriculture department is cooperating with state officials and private owners in conducting a broad, comprehensive program designed to extend over several years in order to control the disease. Blister rust cannot be controlled by spraying. Mr. Spurlock asserts, since spores are blown from infected pines continuously.

Found on Berry Plants. "It has been found that the rust must spend part of its natural life on some species of currant or gooseberry," Mr. Spurlock continued. "It cannot pass directly from pine to pine but moves from infected plants to currants or gooseberries and then in turn to healthy pines. Thus it can be seen that the destruction of all such small fruit plants would soon starve out the rust. Such a drastic measure of control is both impracticable and unnecessary since the disease cannot spread from a currant or gooseberry bush to a pine over any great distance."

"However the cultivated black or European currant—not the yellow flowering currant—is extremely susceptible to the rust even at a distance of 150 miles or more from infected pines and it can also spread the disease further than other bushes owing to the virility of the spores which develop on this particular plant. Because it is such a potential menace to the white pine forests, no matter where it is growing, the English black currant was declared a public nuisance by the 1923 legislature and a law was passed for bidding the growing and transporting of the plant in Oregon.

"The eradication work this year is the continuation of a systematic effort the past three summers to locate and destroy these plants which are most likely to contract rust from a long distance spread. Most if not all of the cultivated black currants in the northwest have been destroyed. Agencies assisting in this work are: the state board of horticulture, the state board of forestry, the United States forest service, private timber owners, the state agricultural college, newspapers, public schools, the office of blister rust control of the United States department of agriculture, and last, but not least, the general public.

"More than half of the 22,000 bushes eradicated thus far have been destroyed by the state board of horticulture. The state board of forestry, the United States forest service, private timber owners, the state agricultural college, newspapers, public schools, the office of blister rust control of the United States department of agriculture, and last, but not least, the general public.

BIG 3 DAYS LOOM FOR SPORTSMEN

Three Events Scheduled for Sunday, Monday and Tuesday

FISH BANQUET TO CULMINATE AFFAIR

Eastern Oregon Sportsmen's Association to Join Wing, Fin and Fleetfoot Club at Table

Sunday, Monday and Tuesday will be perhaps the three biggest days of the year for eastern Oregon sportsmen and the Wing, Fin and Fleetfoot club.

Beginning Sunday the annual fishing contest of the Wing, Fin and Fleetfoot club will be held, on Tuesday the Eastern Oregon Sportsmen's association will hold its annual trap shoot in La Grande and the day will close with a big fish feed which is served every year by the club.

"The fishing contest will last two days and a half of the third, July 26, 27 and until noon of the next day will be given anglers in which to catch the biggest fish, the best mix of fish and so on down the long list of prizes in each division.

(Continued on Page Five.)

FOUR HUNDRED AT GATHERING

PORTLAND, Ore. (Special by Mail)—The annual gathering of former residents of Union county who now live in Portland and vicinity was held at Lauriburst Park Sunday with upwards of 400 persons in attendance.

Outgoing a basket dinner visting and speaking were given by Judge J. W. Knowles and E. L. Eckley, of La Grande; T. A. Hinehart, of Salem; and Judge W. T. Slater and J. L. Carter, of Portland. Miss Olive Jones read an original poem on the Grande Ronde Valley which was highly appreciated.

Charles Baker was re-elected president and Mrs. Harvey C. Rinehart secretary-treasurer. The Union county people have a permanent organization, which meets in reunion on the third Sunday of July each year.

Among the out-of-town visitors were Mrs. Ough, formerly Mrs. Harvey Meacham, of the original residents and settlers of what is now known as Meacham and her daughter, Mrs. Harvey Meacham, of San Francisco.

Joe Whitty Appointed County Water Master. Joe Whitty, of La Grande, has been appointed water master for Union county, working out of Rhea Lapers state engineering department, according to announcement today. Mr. Whitty's headquarters are at the Curry Printing company.

OFFICIALS FINISH CERTIFICATION OF GRAIN OATS. D. E. Stephens, superintendent of the Moro Experiment Station and H. G. Avery, county agriculturalist, have inspected grain on about 25 fields in Union county since the first of the week.

The fields which passed field inspection were: wheat—Hard Federation, Frank McKenno, Alton; J. A. Gaskill, Imbler; Luther Hindman, Elgin; oats—Idamite, J. D. Woodell, La Grande; Markton oats, Clyde McKenzie, Summerville; Hybrid 128 wheat, Mrs. E. D. Gaskill, Imbler; Frank McKenno, Alton; Carl Fuller, W. E. Leubster, Alton; T. Bingham, Imbler; Luther Hindman, Elgin; Soft Federation wheat, Grover Grinnett, La Grande; B. E. Black, Summerville; Kanrad, Rex Roulet, Elgin.

Potato inspection will be carried on about August 5th by E. R. Jackson who was unable to get here at this time. About 25 growers have asked for certification inspection. A number of additional grain fields will be inspected at that time.

Mr. Stevens and the county agent are conducting a farmers' excursion at Wolf Creek today similar to the one held in the valley last Tuesday.

Mal K. King, Attached to Party, Escaped Explosion Because of Patrol Duties.

CHATTANOOGA, Tenn. (By the Associated Press)—A telephone message from Rockwood late today said the number of men entombed in the Roane Iron company's coal mine is thought to be ten. Little hope is entertained for rescuing them alive.

ROCKWOOD, Tenn. (By the Associated Press)—William J. Snow, superintendent of the Roane Iron company coal mines, and a party of six men, who went into the Brown Dip on the No. 7 entry to combat a mine fire last night, were trapped behind an explosion. Today grave fears are felt for their safety.

Bryson Dip is the scene where a fire recently and some time ago it was walled up in an effort to extinguish the flames.

7 PERSONS ENTOMBED BY BLAST

Explosion Buries Party Fighting Fire in Roane Iron Company's Mine

GRAVE FEARS FELT FOR THEIR SAFETY

ROCKWOOD, Tenn. (By the Associated Press)—William J. Snow, superintendent of the Roane Iron company coal mines, and a party of six men, who went into the Brown Dip on the No. 7 entry to combat a mine fire last night, were trapped behind an explosion. Today grave fears are felt for their safety.

Bryson Dip is the scene where a fire recently and some time ago it was walled up in an effort to extinguish the flames.

The barricade was removed this week but the old blaze broke out again and Snow organized the party to fight the fire.

Later Snow told Mal K. King, member of the party, to make regular rounds of the mine. As he was returning to his companions he heard an explosion and smelled after damp gas. He managed to escape to the main slope by leaping into a mine car.

XTRA

OREGON MAN VICTIM

DALLAS, Ore. (AP)—Overcome by dynamite gas at the bottom of a well on the Siemens farm five miles north of here, Peter Redekopp succumbed to the fumes, after two ineffectual attempts were made to rescue him in which two other men were overcome. Though the third attempt was successful, efforts to revive Redekopp failed. The gas had remained in the well since last night when a dynamite blast was set off. Redekopp had been employed to deepen the well. This morning he descended in a bucket operated from above by the farm owner. In a few minutes he signalled to be pulled up and when half way pitched out from the bucket.

WEDDING GUESTS ARRIVE. NEWPORT, R. I. (AP)—Guests have begun to arrive in private yachts for the summer's most fashionable wedding. Miss Muriel Vanderbilt, daughter of Mrs. William K. Vanderbilt II, Saturday will be the bride of Frederick Cameron Church Jr., Boston insurance broker.

ASKS FOR RULING. SWAMPSCOTT (AP)—A request has been received by President Coolidge from Chairman O'Connor of the shipping board for a ruling by the department of justice as to whether the board has the authority under the law to sell ships for scrapping.

SWAMPSCOTT (AP)—A request has been received by President Coolidge from Chairman O'Connor of the shipping board for a ruling by the department of justice as to whether the board has the authority under the law to sell ships for scrapping.

HA'NTED ONCE MORE

KRIM ASSERTS FRENCH UNFAIR

CAIRO, Egypt (By the Associated Press)—In an open letter addressed to the French parliament, published in an Egyptian newspaper, the Al Shassap, here, Abdel Krim, Moroccan rebel leader, declares he has made every effort within his power to reach an understanding with Marshal Lyautey, French governor general of Morocco.

He declares that if the French would only just demand that Lyautey always refused to consider them and that the marshal did everything possible to impair Abdel Krim's honor and dignity.

WRECK VICTIM LAID TO REST

The funeral of George Maier, 27, who was killed in an auto accident last Saturday night at Sacramento, Cal., was held yesterday at Sacramento. The K. of P. lodge, of which he is a member, was in charge of the services.

Mr. Maier, accompanied by his brother, Ben, and another young man were returning home from a dance at one of Sacramento's suburban hotels. He was riding in the back seat of the car and the other two were in the front seat. They came to a railroad crossing and not noticing any trains started across when the car was hit by an approaching train. George was killed instantly and the others were bruised and not too seriously injured.

Mr. Maier will be remembered as having served his apprenticeship in the O. W. U. and N. boiler shops here. He lived in La Grande most of his life and attended the La Grande public schools. The family moved to Sacramento about three years ago where they have since made their home at 2322 Second Avenue.

Outworn Inside Hood River. HOOD RIVER, Ore.—The variegated outworn, epidemic over sections of western Oregon and the cause of severe damage to truck gardeners and farmers, has appeared here. While damage has not been severe, County Fruit Inspector Kochon has advised growers to use poison bait in their destruction. In case the worms attack apple trees they can be controlled by application of an arsenate of lead spray.

CONSIDERS CHARGES. PORTLAND, (AP)—The county grand jury today considered charges against Clement J. Pape, former German vice consul, expected to report this afternoon. The state took an hour to present the case. Pape did not appear.

American Is Murdered By Yellow Band

PEKING (By the Associated Press)—Morgan Palmer, American, has been killed by bandits at his ranch on Sun Gari river, near Harbin. Dr. Howard, eye specialist attached to the Rockefeller hospital, was captured at the same time.

Palmer, his mother, Dr. Howard and his son and an American trader named Baldwin, with his wife and child, were visiting the Palmer ranch when the bandits attacked.

Consular advices say that Howard was still a captive last night. The others are "safe for the present" but their whereabouts are unknown.

The American consul at Harbin has taken action to secure Howard's release.

WASHINGTON DISTRESSED. WASHINGTON (By the Associated Press)—Officials here were manifestly distressed over the killing of one American and the capture of another yesterday by Chinese bandits, but there is no indication that the development would interrupt negotiations in progress for a friendly effort by the powers to help China out of her domestic troubles. Formal comment was withheld pending a full investigation.

Glover Advanced in Post Office Service. SWAMPSCOTT (By the Associated Press)—S. W. Irving Glover was appointed second assistant postmaster general today, succeeding Paul Henderson, resigned.

Robert B. Howard was named to succeed Glover as third assistant postmaster general.

British to Build Two New Battle Cruisers. LONDON (By the Associated Press)—Premier Baldwin told the house of commons today that the British government's naval construction program included two cruisers to be laid down in October, two next February and three yearly thereafter.

The government has also decided to construct annually nine destroyers, six submarines, with certain auxiliary craft beginning in the fiscal year of 1926-1927.

AUSTRALIA GREENS FLEET. MELBOURNE (AP)—The United States fleet today found harbor in Australian waters. One detachment entered Melbourne harbor this morning while another was received at Sydney, New South Wales. Arrival of two sections of the fleet was the signal for extensive celebrations of the American visit at both cities.

4 PERISH IN STORM; CROPS HURT

Lightning Strikes Down Brooklyn Boy Disentangling Kite. WOMEN, TWO MEN DIE FROM BOLTS. Trinidad, Colo., Recovering from a \$400,000 Cloudburst Today; Restoring Rail Traffic.

STORMS FATAL TO FOUR. Brooklyn—Boy killed by lightning. Somers Point, N. J. — Lightning fatal to woman. Fort Stockton, N. Y. — Two killed by lightning. New England crops damaged by rainstorm. Trinidad, Colo. — \$400,000 property damage caused by cloudburst.

NEW YORK (By the Associated Press)—Four persons were killed by lightning in metropolitan New York and New Jersey yesterday. Crops of tobacco, hay and grain were flattened by a severe rainstorm in New England.

A boy, 14, was killed by lightning at Brooklyn while dislodging a kite from a tree. A woman was killed at her sewing machine in Somers Point, New Jersey. A laborer was killed under a tree and a soldier struck dead by lightning while on duty at Fort Storn.

TRINIDAD RECOVERING. TRINIDAD, Colo. (By the Associated Press)—Railway traffic is gradually being restored to Trinidad today following a virtual tie-up of all systems last night when a cloudburst flooded the city and washed out sections of bridges and track.

Property damage is estimated at \$400,000. Scores of families were forced to flee to the uplands when the flood waters from Purgatorie river invaded basements in business buildings and homes along the river bottom.

CLOUBURST HITS DURKEE. DURKEE Ore. (Special)—From one-quarter to a mile and half of O.-W. tracks were washed out in several different places near here yesterday afternoon when a severe cloudburst visited the Durkee country.

The water swept over the highway at a depth of from five to eight feet, endangering lives of tourists. No stock damage has been reported but crops in this region were injured. The extent of the deluge covered from one to three miles.

Train No. 23 arrived in La Grande late last evening, having been held up while tracks in the Durkee country were repaired. Durkee is about 35 miles from Baker and the country affected lies just east of Durkee.

DIVIDED; BROKE NECK. PORTLAND (AP)—Jacob Hoffman, 14, of Corvallis, Ore., died here today of a broken neck, suffered when he dived into a shallow hole in the Tualatin river Sunday.

Figures Indicate That Low Tax Is Best Payer. (By Charles P. Stewart) WASHINGTON (NSA Special)—Comparison of last year's internal revenue collections with the previous year's seems to bear out Secretary of the Treasury Mellon's dictum that low taxes bring in relatively more money—sometimes actually more—than high ones.

The present law under which federal taxes are being collected has worked out exactly like that. When passed, it was estimated the rate reductions it contained would cut revenues down 400 million.

Instead the country, cheered by the lightening of its tax load, immediately got so much busier that revenues haven't fallen nearly that much—only about half.

As a prophet, Secretary Mellon is all right—in part. He said taxes could be cut considerably and revenues would be reduced only slightly, if at all. And so it proved.

But the tax cut wasn't the kind Mellon wanted. He wanted it made
