It May Interest You To Know

That—
Despite "Vardad" "Wine" is to flow freely this Fall and Winter—in colors.

That—
Along with the fibres come the pleats. We are to have fullness aplenty at last.

That—
Will we welcome the bustle our grandmother wore? There is quite a suggestion of this feminine fervor in some of the evening gowns whose designers are gathered into graceful fashions at the back.

That—
If there is anything in a name, the lizard is proving that the use of his is no mistake. There is a striking new fur called Lizard Gossile, and the slippers of Lizard Kid.

That—
Cotton growers will hear with joy that the vogue for the lingerie frocks of cotton is having a beginning. So will we all. Lace trimmed as they are, they are the most feminine of styles.

That—
Velvet expects to be much sought after, not only in millinery but in coats and frocks.

That—
A bit of ostrich may end about the car and chest—even to the shoulder, this season, falling from the small hat shapes.

That—
It is expected that lace will remain as popular throughout the Winter as heretofore.

Ford May Make Snowplow To Aid Winter Automobiling

HALLEY, Ida. (AP)—Automobilists of Idaho are led to believe that Henry Ford soon will put upon the market a rotary snowplow that will make winter automobiling possible in many sections where winter travel hitherto has been limited to skis and snowshoes. For two years Ford employees have been experimenting with a rotary plow, which has worked on a tractor. It operates much the same as the great plows used by western railroads. Last winter 80 miles of mountain road leading through high passes to a lead mine which Mr. Ford is developing in the Sawtooth mountains, was kept open for motor traffic despite deep snows.

Billy Evans Says

MANAGER COLLINS.
While the baseball world is watching the progress of Washington and Philadelphia in the American league and New York and Pittsburg in the National, the remarkable play of one club is being overlooked, the Chicago White Sox.

Although a glance at the percentage column reveals the fact that there is a 10-point margin between Chicago and the leaders, the play of that club has been one of the outstanding features of the majors. If Collins is able to finish third with the White Sox, even fourth, the performance must be regarded as one of the greatest managerial achievements in years.

YANKEE'S JINX.
The New York Yankees are providing other assets than their failure to be a pennant contender in the 1925 American league race. With practically 100 games of the schedule played, the Yankees are resting in seventh place instead of fighting for first as most of the experts had predicted. The present campaign has been a continuation of jinx for the Yankees and the figure "2" has been one of the club's greatest handicaps. It seems well-nigh impossible that a club with so much power would be unable to win more than two games at a stretch in the first

ten games played, yet that has been the fate of the Yankees. On 14 occasions the club has won two in a row and up until August had not been able to make it three straight. One of these days the Yanks may break loose, smother their two-game winning streak, and start on a victorious rampage that has been a dream of Manager Miller Huggins since the opening of the season.

Get the Red Crown Mileage Card as any "Red Crown" pump. Use it and see your summer mileage increase

21 MILES IN 7 HOURS
Twenty-one miles in 7 hours 11 minutes and 20 seconds, is the record made by Gertrude Ederle, crack swimmer of the Women's Swimming Association, as Sandy Hook a week ago. Miss Ederle now is on her way to Europe for an attempt to swim the English channel.

RED CROWN GASOLINE

"60 MILES TO THE GOOD. HOW'S THAT?"

You can get from 15 to 20 miles more to the tankful of "Red Crown" if you follow the practical instructions in the Red Crown Mileage Card. Here's one motorist who got more:

"I've been following my mileage with a Red Crown Mileage Card, and I'll say the Standard Oil Company knows how to make real mileage gasoline. I'm getting 280 miles on a 20-gallon tank against 220 miles just a month ago, so I'm 60 miles to the good. How's that?"

You, too, can get extra mileage from "Red Crown"—start "saving miles" today. Buy from any Red Crown pump in town.
