

# FARMERS BUSY NEAR IMBLER

IMBLER, Ore. (Special)—Every body works, even father these days in the valley. Harvesting is in full swing with a bumper crop, with a 20% increase over last year. Hay is also being put up and the life of the farmer is a very busy one.

Last Monday evening, Imbler had the pleasure of listening to G. H. Patton, of New York, at the Imbler Amusement Hall. Mr. Patton talked on "Messengers of Peace" and also gave a very interesting talk on "Evolution" convincing those present that they had not originally been monkeys. A moving picture show has been started in Imbler, at the Imbler Amusement Hall. It has been named "The Circle" and is under the management of John Ryan, of La Grande. Mr. Ryan expects to give two shows a week, one on Wednesday and the other on Saturday. For the coming Saturday he will present "The Mask of Lovers" with Fred Thompson and a two reel comedy. Services are being held every Sunday evening at eight o'clock at the Imbler Church. The Rev. Armstrong of Egin delivers the sermon and a cordial invitation is extended to all to attend these services. Many of the Imbler folks are attending the Carnival which is being held at La Grande this week. They all pronounce it a decided success.

Mr. and Mrs. Oscar Howell returned this week from Walla Walla, Wash. where they were called by the death of Mrs. Howell's father, Mr. Green. Mr. Green met his death by the overturning of an auto truck. Ross Perry, of the Ross Perry farm sold four pairs of calves this last month for \$350.00 per pair. Mrs. J. E. Standley, Mrs. Laine McAllister and Mrs. Della Terry were entertained at dinner, Tuesday, by Mrs. Edna Long. Mr. and Mrs. Robert Farthing and daughter Betty, who have been visiting Mr. and Mrs. Lyle B. Kiddle and Mr. and Mrs. Harold Andrews for the past two months, started for home at Mt. Vernon, Or., Wednesday. Harry Cleaver, of Los Angeles, Calif., has been visiting his parents, Mr. and Mrs. C. W. Cleaver. He left for his home, Monday. Charles E. Weaver accompanied him and will visit in Los Angeles, for some time. Mr. and Mrs. C. W. Fox, Dorothy and Clay Jr., were guests of Mr. and Mrs. Day, of La Grande, Sunday. Tom Page, Grant Tucker, Tom Martin and Newton Fuller left Wednesday on a fishing trip to Troy, Ore. They will be gone a week.

**Vacationists Return**  
Many who were off on a vacation trip have now returned. Al Fuller and family returned from a visit with relatives and friends at The Dalles. Mrs. William Wiggans from a visit at Boise, Idaho. Mr. and Mrs. Claude Hale and Ruth Wagoner, from a camping trip at Wallawa Lake. Charles Thompson returned to Imbler from summer school at Corvallis. He will be in Imbler until the opening of the Wallawa school. Mr. and Mrs. Ray Wilson left this week for a visit with relatives at Boise, Idaho. Verne Payne, of Enterprise, was in Imbler Sunday. Mrs. Payne and children returned with him to Enterprise, after a three week's visit with her parents, Mr. and Mrs. William Henric. George Stevenson called on his sister Mrs. William Wiggans, during the week. Mr. Stevenson was on his way to Wallawa, where he is interested in timber land. Mr. and Mrs. Peck, of Cove, were guests of Mr. and Mrs. L. L. Peck this week. Jap Bonetto, of Summerville, who has been in the Grande Road Hospital for the past month, with a broken leg, was removed to his home this week, and is getting along nicely.

## Sells Ice

Red Orange isn't the only college student who sells ice during the summer. Miss Marie Gross, an undergraduate at the University of Minnesota, has turned her man for the summer at Hazel Park, near St. Paul, and takes ice around each day.

## ANIMAL SHOW AT SNAPP CARNIVAL ENTERTAINS MANY

If any of the local dairy men were to pay a visit to the Snapp Bros. grounds and drop in to the Snapp Animal Show, owned by Prof. Evans they would undoubtedly be surprised at the scene during milking hours. While the dairy is not one of the largest in the country, there is a distinct novelty about it. Of course every picture one sees showing life on a farm always about a hoxom lass in a nice gingham dress and bonnet milking the gentle Jersey. But there is a difference. Mr. West is in charge of the livestock. You will see him place his stool and bucket and call out to one of his assistants, "Bring Maxine over here." And Maxine is brought forth and you will start with surprise when Maxine walking on two feet takes her place to be milked. Maxine is the only cow in the world born with just two

hind legs and walks upright like a human being. After Mr. West gets through with Maxine he will call for Maud, but Maud, that lucky horse that was born with six legs. Looking on in amazement a wondering what it is all about, spectators will see the two headed calf turn with two heads and eight legs—six many legs as Maxine and Maud have together.

**Thirty-three Irish Laws Passed.**  
DUBLIN (AP)—During the session of the Free State parliament recently concluded, 33 acts were passed covering every variety of national activities. One of the most notable was that authorizing the use of the River Shannon to supply electricity.

Another act which provoked much controversy was the treasonable and seditious offenses act. It provides the death penalty for treason and graded penalties for various other offenses against the state. Parliament, which had been in session almost continuously for three years, adjourned to November 2.

In Mexico City symptoms of influenza have been found in rats, and the people living there are taking measures to prevent a possible outbreak.
