

BATTER UP!

CONSIDER Yourself well posted on the national past-time? That is, familiar with words descriptive of its many phases? Then--step up to this "mental" plate and let's see you bat a 1.000 with your pencil in this Cross Word game of Baseball! Let's go-Now!

We're pitching the definitions to you in each of the ads featured on this page. Search out those definitions and as each of the Correct Words carves its way over your thinking "pan," drive it right into the numbered white squares indicated on those player figures above. There are a few catchers but don't let them put you out!

For the most attractively-presented and correct set of answers received the Evening Observer will award 3 Dollars. The second, 2 Dollars and third best set will get 1 Dollar. All answers must be filed with the Cross Word Baseball Contest Editor of this paper not later than August 17. Decisions will be rendered August 18.
