(Continued from Page One)  
 eyes at 2:55 this afternoon. She was forced to quit because the nausea of sea sickness was brought on by swallowing quantities of salt water. She had been in trouble for an hour but took courage from her friends cheerfulness. She kept doggedly at her task until she suddenly turned in the water, shouting in her face. Attendants then pulled her in.

**Lane Lodges Have Picnic**  
 Woodmen Camps and Royal Neighbors auxiliaries of Lane County held a picnic at Myers' near the McKeone river. Several hundred attended. A program of addresses and music, games and a basket dinner were features.

**WALLOWA NEWS OF THE WEEK**

WALLOWA, Ore. (Special)—George Vernon and H. M. Derrick and son, of Freeewater, Oregon, arrived here the last of the week to start work. They state that the bulk of the harvest work over the mountains has been finished, and that work on the farms is not very plentiful. Mr. Vernon lived in the county some years ago, moving to Freeewater about eight years ago.

The Hanel threshing outfit from Enterprise has been threshing at Thomas Scott's ranch in the hills a few miles northwest of here, for the past few days. Mr. Scott reports a yield of about twenty-five bushels per acre from his crop of winter wheat.

Oscar Maxwell of Middle Valley was busy working, and harvesting at the U. G. Couch ranch in the hills the latter part of the week. Much of the summer fallow in this section of the county has become very weedy while the farmers have been busy at harvest work. The ground appears to have plenty of moisture and many expect to commence seeding their fall wheat as soon as the first of the month if possible.

Threshing was delayed a couple of days the last of the week by the heavy rains which fell here Thursday night and Friday. This shower of rain in the hills was not considerably heavy, however, the most of the landowners were able to commence threshing again Monday morning. Some of those who were cutting with combines were able to cut Saturday afternoon and Sunday.

Duane Lathrop and Mrs. E. L. Barker of the Parson Creek section were visitors here the latter part of the week.

Mrs. John Couch and daughters Lela and May, of Leap, were in town the last of the week. John Carper of Troutdale was a business visitor here the last of the week.

John Doud a farmer of the Prosser section was in town on business the last of the week. Mr. Doud states that he has his hay all up, and that the rain was not as heavy in that section of the

country, as it was in the valley. U. A. McVee, has been doing some repair work on his threshing outfit the past few days, and expects to start threshing in Middle Valley, in about a week.

Many of the farmers in the valley have been busy putting up their second cutting of alfalfa, and binding their spring grain during the past week, the grain has ripened up quite rapidly, and much binding is being done this week.

Henry Ford, returned home from Enterprise, the last of the week. He has been there several days the past week on July duty. He reports that the jury trying the case of Joe Clay for the shooting of Bert Hopkins, here last August, brought in a verdict of not guilty. This trial being held in the circuit court here the last of the week.

F. A. Downing and Peter Knott of Leap, were in the north woods hunting horses the last of the week. Mr. Downing started, his combine at F. W. Henderson's ranch in Leap, during the past week.

H. O. Henderson and family of Wallowa spent several days the past week at Mrs. J. B. Gaston's home at Lake, the past several days receiving medical treatment.

Mrs. Margaret Kalamah, of the Cass, has been visiting her sister Mrs. H. J. Hering, of Middle Valley for the past few weeks. Mrs. Kalamah expects to return home the last of the week, she recently returned from the Hawaiian Islands where she has been teaching school for the past two years.

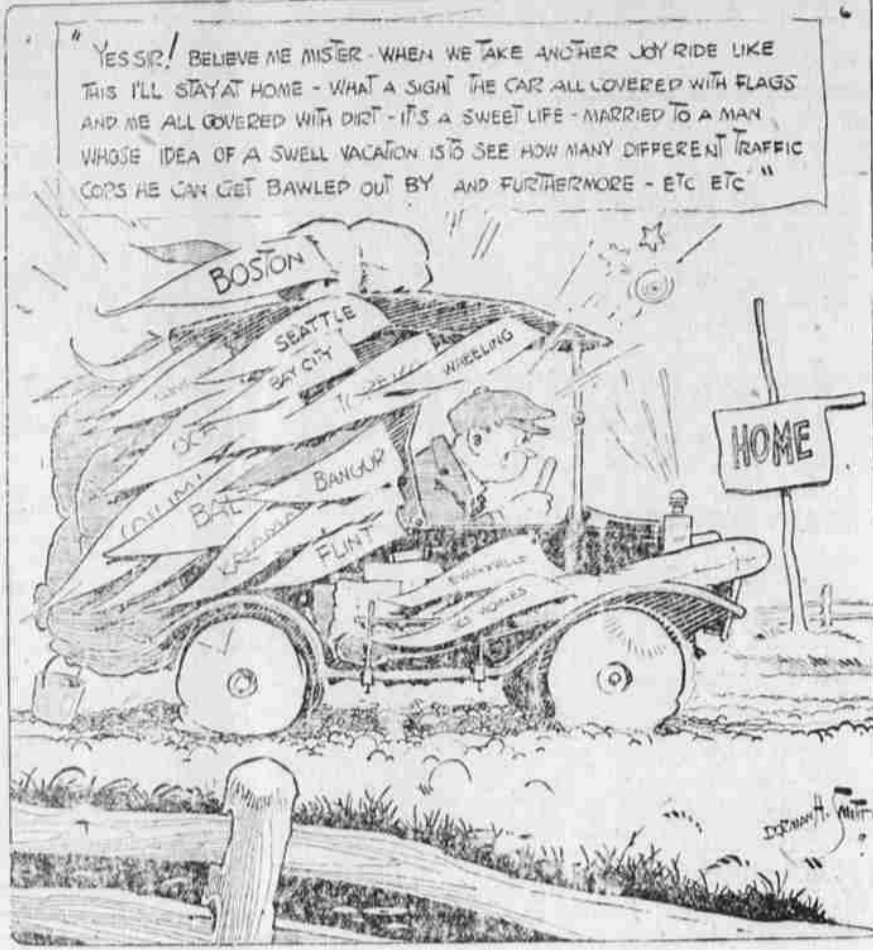

James Reed has been busy the past few days combining his crop of winter wheat in the hills north of Louisa, and reports a yield of slightly better than thirty bushels per acre, from a field of forty-toil.

Many of the farmers state that they have more mud in their water than in this section than for a number of years. The mud is said to be cutting a considerable figure with the yield in many of the fields which were very heavy.

Considerable frost was reported from various parts of the county Saturday night. It was not thought to be severe enough to damage anything except some of the tender variety of garden vegetables.

A considerable number of the past few days looking for work being finished there, work has become scarce. This condition is welcomed by farmers in this county, as help has been very difficult to get during the past three weeks. It is expected that plenty of men will be available from now on.

**THE COVERED WAGON**

ment declares a crop of 2,266,000,000 in 16 countries compared with 2,522,000,000 bushels in the same countries last year. Those 16 countries account for about 15 per cent of the world crop outside of Russia and China.

**Forecasts Same.**  
 Should these forecasts be borne out, the department says, it is possible that the world's production of wheat in the Northern Hemisphere outside of Russia will be about the same as last year. The output of the world's crop will be affected, of course, by production in the Southern Hemisphere, but taking all these countries together, there is not likely to be any very great increase over production last year.

(Continued from Page One)  
 India and the United States. Consumption reports from Egypt, France and Germany indicate increased crops.

A statistical interpretation of the condition reports of these countries, added to the official forecasts received to date, the depart-

**WHEAT CROP THIS YEAR NO LARGER**

"It now seems probable that Russia will have some wheat to export, whereas last year she imported wheat," the department says. "This change will add somewhat to the world's supply of wheat outside of Russia. Meager reports from China indicate that the crop there is no better if as good as last year. Present indications are, therefore, that the world's production of wheat may be about the same as last year or a little greater by as much as Russia has to export."

**Report Stocks.**  
 "To make the world's supply of wheat as large as last year's production must be enough greater than last year to make up for reduced stocks. Although stocks have been reduced in exporting countries to as low a point as expected earlier in the year, it now seems evident that the quantity of wheat in exporting countries and other important wheat-producing areas has been reduced in the past few years."

"Stocks in European ports, mills and interior points are generally reported to be low. Supplies are reported to be extremely short in the Harbin, Tsingtau, and light Europe. The increases in the rice crop in Siam, on the other hand, will reduce somewhat the European demand for wheat. Conditions are reported to be quite favorable there. But this year's supply of wheat is likely to be fairly well supplied with the surplus available supply last year."

The condition of the Canadian wheat crop as of July 1 indicates a production of 552,000,000 bushels, according to a telegram from the production department of Statistics in the department of agriculture. This is 103,000,000 more than the crop harvested last year.

**NOTICE OF SHIPMENT OF FOREIGN FORECLOSURE EXECUTION.**  
 Notice is hereby given that under and by virtue of an association, loaned upon an order of sale and decree of foreclosure, which execution was issued out of the Circuit Court of the State of Oregon for Union County on the 5th day of August, 1925, in a proceeding there in entitled: The United States National Bank of La Grande, Oregon, a national banking association, plaintiff, versus: Vera Conley and Vera Conley, joint and several debtors, the sum of \$124,750.00, with interest at the rate of 8 per cent per annum from July 23, 1925, until paid, the sum of \$120,000.00 as attorney fees, and costs and disbursements taxed at \$45.00, and that said sum were a good, valid and subsisting lien under and by virtue of the mortgage described in said decree and cross complaint of said defendant Vera Conley and Vera Conley; I will, on Saturday, the 5th day of September, 1925, at the hour of two o'clock P. M. at the front door of the court house in La Grande, Union County, Oregon, in obedience to said directions, sell, subject to redemption, to the highest and best bidder for cash, the hereinafter described real property, or so much thereof as may be necessary to satisfy the accruing costs of the undersigned sheriff in making said sale, the costs, disbursements, attorney fees, interest and interest of the judgment of the said plaintiff, The United States National Bank of La Grande, Oregon, and the like sums decreed in favor of the defendants Island City Mercantile and Milling Company, a corporation, and First National Bank of Union, Oregon, a national banking association, in the hereinafter described real property, to-wit: The premises hereinafter referred to, and also described in said execution as follows:

The southwest quarter (SW 1/4) of Section 22; the West half of the Northwest quarter (NW 1/2) of Section 26; the Northwest quarter (NW 1/4) of the Northeast quarter of the Northeast quarter (NE 1/4 NE 1/4) of Section 43; Northwest quarter (NW 1/4) of Section 16, all in Township 2 South, Range 25 East of the Willamette Meridian, and the Northeast quarter of the Northwest quarter of the Northwest quarter (NW 1/4 NW 1/4 NW 1/4) of Section 20; the Northeast quarter of the Northeast quarter (NE 1/4 NE 1/4) of Section 43; Northwest quarter (NW 1/4) of Section 16, all in Township 2 South, Range 25 East of the Willamette Meridian, containing according to the United

**States Government Survey.**

750 acres, more or less. Also all that portion of the Northeast quarter (NE 1/4) of Section 8, and the North half of the Northwest quarter (N 1/2 NW 1/4) of Section 5, all in Township 2 South, Range 25 East of the Willamette Meridian, lying North and West of the Grande Ronde River, containing 30 acres, more or less, all in Union County, Oregon.

**Law Needs More Money**  
 SALEM, Ore.—The purpose of the so-called Americanization law enacted at the last session of the legislature probably will be defeated through an error in the wording of the act which reduces the original appropriation from \$2500 a year to \$2500 for the years 1925 and 1926.  
 Members of the Americanization committee, appointed under the law, said this amount of money would not be sufficient to employ a secretary and would leave nothing to defray the expenses of conducting the office.  
 The attorney-general will be requested to give a legal opinion.
