

NEWS of SOCIETY

Kdale Club Members Entertained
Twenty-five ladies of the Park club were pleasantly entertained on the lawn at the home of C. M. Riddle, Wednesday, Mrs. Bert Alexander officiating. At the business meeting an interesting program was rendered. Miss H. Smalley recited and Mrs. H. Bennett gave an interesting reading. Mrs. Nell Thattner, Mrs. Bert Lawrence, Miss Bertha and Mrs. Will Adler favored the club with several musical numbers. Then a clever little was given entitled, "Hunting Imps Place." The characters were Mrs. Lloyd Pierce as the fairy, Mrs. Robert Alexander as mother and Miss Genevieve Adler as her son. After the program, refreshments were served.

Braided

Oxfords of narrow strips of leather woven into a checkboard pattern are shown for fall. Some of these are made of two colors of leather, such as black and white or tan and black. The heel is high, you will notice.

Ve Couple Spending neyemon in Valley
Mrs. O. (Special) — Ralph Keet and Miss Gladys Richards, Cove high school students, are married at the Baptist parsonage in La Grande, the Rev. and officiating. Following the happy young couple were briefly with Mr. and Mrs. Al Puckett, later going to the home of the groom's parents, Mr. and Mrs. Al Puckett, in the valley, their honeymoon.

romise, Ore. (Special)—A party given at the home of Lewis by recently with about 40 people in attendance. The evening was spent playing games. Refreshments were served before midnight.

Sister Mary Says:

(By Sister Mary)

Breakfast: Chilled omelet, prepared cereal, thin cream, broiled tomatoes on crisp graham toast, milk, coffee.
Luncheon: Corn soufflé, lettuce sandwiches, spinach salad, baked apples, milk, tea.
Dinner: Stuffed baked fish, scalloped potatoes, onions au gratin, cold slaw, gooseberry tadjoca, rice bread, milk, coffee.
Corn soufflé is a delicious luncheon dish that contains much nourishment. The milk and eggs furnish protein, while the corn supplies the bulk.

Church Elects Head

OREGON CITY, Ore. — Large throngs continue to gather at the auditorium at Gladstone park each day during the western Oregon convention of the Seventh Day Adventists, which will last until Monday.
There are 400 tents on the ground with an average of about five persons to the tent, and many of these have been beautified by hanging baskets and flowers.
Every bidding on the ground is being occupied by some organization of the conference. A number of large tents have been pitched for holding meetings. Among those are the kindergarten, primary, junior and senior junior departments, besides the missionary department.
The conference has elected L. J. Woodman, president and W. A. Woodruff, secretary-treasurer. Both are from Portland. The executive committee elected is composed of L. J. Woodman, W. A. Woodruff, J. T. Jacobs, J. L. McCaughey, C. E. O'Leary, R. W. Nelson, all of Portland; H. D. Sikes, Battle Ground, Wash.; M. Lindley, Lebanon, and H. C. Peterson, Hillsboro.

Blue Fox Received

The Blue Mountain Fox Farm, under the management of Ross L. Perry, received a shipment of four female blue foxes, this week.
Mrs. Etta Long entertained at dinner, Wednesday, for Mrs. Charles Martin and Thomas Martin, who left Wednesday evening for Portland, Oregon, where they will visit Mrs. Martin's daughter. From there, they will go to North Bend, where they will visit friends and relatives for several weeks.
Mr. and Mrs. Miss Royce, Isabel Prior, May Prior and Una Riddle spent the week-end at Wallowa Lake.
Among La Grande visitors last week in Imbler were B. Proctor, Clint Hayes and Aloha Dunn.
Mrs. Claude Hale and Ruth Waggoner are visitors at Pleasant Grove for several days.
Mrs. John Rollins and daughter are guests at the home of Mr. and Mrs. W. R. Rollins.
Mr. and Mrs. O. K. Burgett visited friends in Imbler, Tuesday. Mr. and Mrs. Burgett are returning from a trip to the coast and are now on their way to Longview, Washington, where they will teach this year.
In union suits there is strength, but divorce suits are caused by some weakness.

IMBLER SCHOOL OPENS MONDAY

IMBLER, Ore. (Special)—September 21st and summer will be ended, that is, for the school children. Most of the Oregon schools open the day after Labor Day, and of course, all the children will be there the first day, so delighted are all that school is beginning again.
The Ladies Relief society of the L. D. S. church will hold a bazaar, Friday evening at the church, fancy work of all kinds will be for sale and aprons and other useful articles. Sandwiches, cake and ice cream will be served.
Walter Stringham and Miss Meredith Sturgill of Union were dinner guests of Mr. and Mrs. L. A. Stringham, Sunday.
The Sunday school of "Pumpkin Ridge" gave an enjoyable ice cream social at the school house, Saturday evening.
Mrs. W. W. Smith was taken to the Grande Ronde hospital last Thursday for an operation. She is reported as doing very nicely and will be home in a short time.
Mrs. D. D. Burger and children, of La Grande, arrived in Imbler, where they will make their home for the winter.
Mrs. Elmer Weis and Elton spent the week-end with Mrs. Weis' parents in Wallowa.
The regular services of the Imbler church will be held Sunday evening at eight o'clock. Rev. Armstrong, of Elgin, will preach.
The Bible study class met at the home of Mrs. Frank Martin, Tuesday evening. Prayer meeting was held at the usual hour, Thursday evening, at the church.
Robert Frederick Kiddle celebrated his first birthday, Tuesday, August 26th. He is the son of Mr. and Mrs. Lyle B. Kiddle.
Mr. and Mrs. G. O. Rowett were in Imbler, Tuesday. They came from Astoria.
Leta Stringham spent Sunday at the home of her parents, Mr. and Mrs. L. A. Stringham. Miss Stringham has accepted a position in the office of the Astoria City-Flouring Mill Co.

"The Spirit of Hollywood"

"The Spirit of Hollywood" has been immortalized in bronze by E. Bossi, famous Italian sculptor. This statue of an imbricated iron entitled "Drunk" adorns one of the conspicuous corners in the heart of the film village.

American Printers of Braille To Honor Memory of Inventor
PARIS (AP)—The memory of Louis Braille, the blind French savant who invented the system of raised point universally used in the printing of books for the sightless, is to be perpetuated by the permanent Blind Roller War Fund changing its name to the American Braille Press for War and Civilian Blind.
This is an American corporation, is supported entirely by American funds, and its directors are all Americans. The printed matter for the blind is produced by the society solely in France, but the output goes to all parts of the world.
The fund was organized during the war for the relief of soldiers and sailors who had lost their sight in fighting for the allies. For two years the work has been entirely confined to printing books for the blind under the personal supervision of its president William Nelson Cromwell, of New York and Paris.

MINERVA SAYS:
We have Dr. Scholl's Arch supports of all kinds and description—an arch to take care of and support every bone in the foot. Nine different styles in stock. When these are properly fitted and the right arch for your foot, you will get relief. Her arches are like eye glasses for false teeth. If they do not fit they are useless to you or anybody who buys them. We make a specialty in this work and have all the appliances to work with. We have fitted out many satisfied customers the last few months. Come in and ask about your foot troubles. It costs you nothing for our information.
Cura and Bunion Pads, Cura Piles, Heel Pads, Heel Linings, Foot Ointment, Pedicure Soap, Foot Powder—any of these are good for what they are intended to do.
THE BOOTERY

To U. S. Post?

Mrs. Minnie F. Cunningham of Texas, prominent in the activities of the National League of Women Voters, may be named as a member of the Civil Service Commission to succeed the late Mrs. Helen Gar-2027.

SHOES REPAIRED
By Men Who Know How.
Have you ever taken the time to consider if you were leaving your shoes in proper hands to have them overhauled?
You would not take your watch to a garage for cleaning, then why do you just throw your shoes, your best friends, into any of these so-called shoe-makers?
Bring them in to expert workmen who CAN DO THE WORK right.
A trial is all we ask and your good business judgment will tell you the rest.

PREPARE For The Long Winter In Prospect INSTALL A CALORIC SYSTEM OF CIRCULATING HEAT IN YOUR HOME RIGHT NOW!

You Get More Than Just a "Furnace" When You Install a CALORIC

CALORIC MEANS

Caloric Has Brought Comfort and Happiness To More Than 160,000 Homes

PROTECT THE FAMILY'S HEALTH. The Caloric by natural air circulation and constantly withdrawing the cool air, effects a complete change of air in the building practically every hour. This gives constant ventilation and assures purity of air at all times. Caloric heating is highly recommended by physicians.

UNIFORM CIRCULATING HEAT. The Caloric establishes a natural circulation of air in the building and the heat flows uniformly to every part of the house without resistance. The result is that the variation in temperature between the room where the register is located and other rooms is not noticeable. The Caloric does away with cold floors, cold corners and frosted windows.

SAVES 1-3 TO 1-2 THE FUEL. Scientific Caloric construction delivers nearly 100 per cent of the heat generated directly into your rooms through one register, withdraws the cool air as the warm air flows in, and reduces air resistance. These are basic reasons why the Caloric operates efficiently with 1-3 to 1-2 less fuel than other methods require.

CONVENIENCE AND CLEANLINESS. With a Caloric your entire home, upstairs and down, is heated from one central fire in the basement with less trouble than tending a single stove. No fuel, kindling or ashes to be carried through the house; no smoke, no dust, no gas. Your rooms stay clean.

COOL BASEMENT. Due to the Caloric double inner casing insulation and its flush-front construction, practically no heat is radiated from the Caloric to the basement. The small amount of heat given off from the smoke pipe keeps the temperature above freezing and makes the basement ideal for storage of fruits and winter vegetables. It is not uncommon for foods to be stored within two or three feet of the Caloric.

There's a Caloric Furnace for Every Size and Type of Home.
