Buy at the well-lighted stores
A MERCHANT whose windows and store are well lighted can sell more goods—and sell them faster.
That means he can give you better values.
This tip may save you money. And it may make money for the merchant who will let you compare his lighting with the proper store standard. No charge made for the test.

Here is a message of great importance to those who have never experienced the superior comfort of riding on genuine low air pressure tires.

TODAY car owners want to know just two things about balloon tires—their ability to give greater comfort, and ability to give long wear.

In too many instances one characteristic is found without the other.

That is, many balloon tires must be run too hard for comfort, in order to save them from excessive wear.

Or if the tires are run soft enough to give full balloon cushioning, they wear too rapidly.

In U.S. Royal Balloons this trouble has been entirely avoided by two outstanding achievements in tire building.

Achievements which make it possible to run U. S. Royal Balloons at true low air pressures with absolute safety to the tires.

The new flat "Low-Pressure Tread" distributes the weight evenly over a much larger tread surface than a round tread balloon. The wear is slow and even.

Latex-treated Web Cord construction gives this famous tire that exceptional combination of strength and flexibility which permits perfect balloon cushioning.

As a result of these U. S. Rubber Company developments, U. S. Royal Balloons have been established as "the Balloon Tire Principle at its Best."

United States Rubber Company

U.S. Royal True Low Pressure Balloons

with the New Flat "Low-Pressure Tread" and built of Latex-treated Web Cord

United States Tires are Good Tires

Bill Evans says that the season's favorite colors and modishly tailored in mannish models Pacemaker topcoats are stylish for all occasions and serviceable for all weathers.

RABE RUTH MUST PAY \$5,000 FINE, HUGGINS INSISTS

NEW YORK (AP)—Rabe Ruth will have to pay a \$5,000 fine for the violation of the National League's rule against playing with a corked ball.

PHILADELPHIA (AP)—The Phillies' first game at the new stadium was a disappointing one for the team. They were defeated by the Washington Senators in a 4-1 victory.

CHANNING REACHES INLAND FALLS ON TRIP TO OCEAN

CHANNING (AP)—Channing reached Inland Falls on his trip to the ocean. He is expected to return to his home in the city in a few days.

FASTEST SELLING CAR

of all the One-Profit Studebakers

INCREASED volume of sales—based on Studebaker's price of one profit maximum, and no yearly rentals—make it possible to reduce the price of this Standard Six Coach by \$100.

ALREADY a wonderful value—a leader of the line—the lowest priced closed car ever sold by Studebaker—its previous low price has been cut one hundred dollars.

MANY of the opportunities of this one-profit Coach are hidden until revealed by thousands of miles of usage. You can't see the fine workmanship and materials inside the engine and body which give you extra mileage. But here are some things that you can check against competitors' cars to satisfy yourself that this is a Studebaker of the same fine quality as before the price cut—a Studebaker more up to date than the newest quality models.

EXCESS POWER—According to rating of National Automobile Chamber of Commerce, this is the most powerful car of its size and weight.

WOOL UPHOLSTERY—Durable.

EXTRUDED—Including 4-day clock, positive gear, synchronous all pressure pump and automatic, in single grinding under glass, or beautiful silver-faced dial.

FULL-SIZE BALLOON TIRES—For which the steering gear, body and even the body lines are specially designed.

AUTOMATIC SPARE CONTROL—No spare tire in steering wheel, but SAFETY LIGHTING CONTROL—On the steering wheel, at the driver's finger tip.

IMPROVED ONE-PIECE WINDSHIELD—Automatic windshield cleaner, wiper, and defogger, with electric control lights and gear mechanism.

CO-INCIDENTAL LOCK—To lighten and ease wheel, which serves to reduce the shock resistance—single key operation this lock as well as that on the door and the driver's door on the spare tire carrier.

COMPLETELY MACHINED CRANK-SHAFT—To absorb perfect engine balance and thus reduce vibration to a minimum.

There are only two cars manufactured in the world—this Studebaker in the first car built, and the Ford in the last. They are the only two cars that are completely in one piece with no joints, all castings, steering gear, differential, springs, gear sets, give iron castings and drop forgings.

Come in and see this coach. You will find it the same fine car as before the price reduction.

\$445 Down and the balance in monthly payments on our fair and liberal Budget Payment Plan.
