MINERVA SAYS:
Do you know shoes are shoes, but there is a vast difference between shoes and Arch-Aid shoes. Now don't ask me, but ask the women who are wearing this make (Arch-Aid) why they never change to other makes when once they wear Arch-Aid. The first pair you wear will convince you of these facts: 1st—comfort; 2nd—essential part; 3rd—durability; 4th—looks; 5th—saving on silk hose with no slipping at the heel, which prevents remover heels; removes callouses on bottom of foot; corns will gradually disappear when Arch-Aid shoes are worn, stimulating friction on the toes. Remove the cause and Nature will remove the corns. All sizes in stock.
