Bulgaria and Jugoslavia Reach Agreement on Transfer of Mail

SOPIA, (AP)—Negotiations which have extended over a prolonged period have resulted in the signing of a railroad operating convention by Jugoslavia and Bulgaria. It involves the transfer of mail from Bulgaria to Serbian trains and vice versa. In the agreement reached the railroad exchange center was left at Thaurrod.

The railroad agreement was reached despite the fact that Serbia had suspended visiting or recognizing Bulgarian passports, owing to a protest lodged with the Bulgarian foreign office against the arrest of several Serbian subjects after the explosion in the cathedral of Sveta Nedelja. The controversy concerning the arrest has not yet been settled despite explanations and apologies offered by Christo Kalfoff, the Bulgarian Minister of Foreign Affairs.

It is said that some of our movie queens use glycerine for tears. Sometimes we wonder that they would use nitro-glycerine.

Style Rules Coats Here! Supreme Quality and Value, Too!

The first requisite of a Winter Coat is—"Is this stylish?" If it isn't, our buyers don't consider it. Next, they ask, "Is the quality good?" If that passes, they then demand that the price be reasonable.

When you buy a Coat here, you get those three necessary characteristics, Style, Quality, and Value!

Our styles this Fall emphasize the flare and fur trimming. The fitch dyed furs have predominated. When you examine the less noticeable features of our coats—the linings, stitchings, buttons, etc., you will find them all eminently satisfactory.

Look here for your new Winter Coat! Priced,
