Billy Evans Says

PENNANT STRAIN. The strain of a grand slam major league pennant race is something which only one who has been through the mill can understand.

It is quite a lot of gold to be shooting at with the long winter season and no salary checks due the first and fifteenth.

There can be many other contributing causes, insecurities being a most prominent one.

For several years in baseball circles the courage of the Pittsburgh club has been questioned because of its failure in the stretch.

The Pittsburgh team of this year practically the same that failed in previous years, is living down the stigma of being branded as yellow.

PIRATES DELIVER. The recent series of five games with New York at the Polo Grounds offered the Pirates a perfect setting to definitely establish their baseball status as a truly great team or a quitter.

Philadelphia, which has led the American league almost all season, started east with a two-game lead, but that margin in the first three games at St. Louis by dropping all of them.

Philadelphia's inexperience proved most costly, while the temporary collapse of Washington's veteran pitchers put the world champs in the hole.

National League. Chicago at Pittsburgh.

Pacific Coast League. Los Angeles at Portland; San Francisco at San Diego; Sacramento at Oakland. (Two games.)

Game Postponed. Los Angeles at Portland, postponed; wet grounds.

Old—Yet Young

Howard "Doc" Gregory, player-plot of the Wichita club, Western League, may be old in years, but he's still young when it comes to performing on the diamond.

FRISCO SHUTS OUT SEATTLE. The Pirates won four of the five games, and as it now seems, passed the way to the winning of a National league pennant for Pittsburgh.

NO, COMPANY'S NOT COMING. If you drop a dish cloth, company won't come, save as a matter of coincidence. Popular superstitions like this are losing ground; so is the superstition that there is something mysteriously better about "eastern" motor lubricants, merely because they cost more and are made in the east.

The Right Way to Judge Motor Oils. More than ever, motorists are discovering that the test of an oil is not where but how it is made, and how it lubricates. That's why Zerolene—refined from selected western naphthenic base crudes—is today successfully lubricating more cars in the Pacific Coast states than any other oil made.

An Exclusive Process—What it Does. Lubricating qualities have never been more carefully or successfully preserved than by the processes used at Standard Oil Company refineries for the refining of Zerolene.

What Zerolene Will Do For Your Car. Zerolene will give your car better lubrication: it increases the gasoline mileage, reduces carbon-removal and maintenance costs and lengthens the life of any engine in which it is used.

Get the Facts! A series of independent and impartial reports showing the experience of large users with Zerolene motor oil has been collected in our booklet, "Why Pay Tribute to a Superstition?"

Insist on Zerolene—even if it does cost less.

BALL BLAMED FOR SLUMP OF ATHLETICS SLUGGING

PHILADELPHIA (By the Associated Press)—The first lively major league baseball may have played a part in the downfall of the Athletics, in the opinion of Bucky Harris, Washington manager.

"The Athletics," he said, "had a habit of getting their runs in big clusters. They got as high as 13 in one inning. They were winning most of their games that way, but the lively ball was a helping factor."

Harris looks for a return to the normal hitting standards of the pre-Ruthian era, when it was a distinction to be a .300 hitter.
