Billy Evans Says

IN EAST AGAIN
With an eastern club certain to win the American league consolation this season, that section will add another winner to its already long list.

Part in the Atlantic seaboard teams have had quite a monopoly on the honors in the Ben Johnson circuit.

Since Detroit came through with three successive triumphs back in 1917-18-19, only three times have clubs from the western sector rabbed the hunting. The White Sox did it in 1917 and 1919 and the Cleveland Indians in 1920.

On all the other occasions, the flag has gone to a club representing the east, or 12 out of 15 seasons. Over one stretch the eastern units chalked up seven straight triumphs, the Athletics starting in 1916, receding in 1914, 1913 and 1914 and the Red Sox coming through in 1912, 1915 and 1916.

On top of this the Red Sox won again in 1918, the Yankees in 1921, 1922 and 1923 and the Senators last year.

TWO ARE TIED
During the past 15 seasons, the Athletics and Red Sox have each won four pennants, leading in this respect. The Yanks have three and Cleveland and Washington one apiece.

Only two clubs, Detroit and St. Louis, have failed to carry off the honors in that stretch, the Browns never yet having finished first in American league history.

The Yankees hold the best mark for consecutive triumphs with three while the Athletics hung up a notable record by winning four titles in five seasons.

An eastern victory this year will make it five in a row for that section, still two shy of the topnotch mark.

Buckaroos to Play on Home Grid Saturday

PENDLETON, Ore. (Special)—The first football game of the season here will be played Saturday afternoon at Round-Up park when Coach Ed Butler's Buckaroos swing into action against the Kennebeck Irregulars.

As yet there is but little line on the Pendleton team save that the manager that Coach Butler has to work with is light and inexperienced. Butler is working his squad hard, however, and a scrappy, if green, team will take the field.

DIETZ APPEALS VERDICT

SALEM, Ore.—Jacob Dietz of Portland, who was sentenced to pay a fine of \$250 and serve three months in the county jail on a charge of driving an automobile while intoxicated today filed notice of appeal to the circuit court. The court also suspended Dietz' driver's license for one year and ordered his car held for three months.

Petitioner offered at the trial showed that Dietz' car crashed into a truck near Newberg, with the result that Mrs. Dietz and her son suffered serious injuries. They were taken to a hospital at Newberg for medical treatment.

PRISON TOWER BEGUN

SALEM, Ore.—The work of erecting a new guard tower at the Oregon state penitentiary was started. The tower will be located near the front gate and will be outside of the prison walls. The institution arsenal will be housed in the tower.

Other improvements contemplated include the elimination of steps leading from the prison yard to the guard posts, installation of wire entanglements above the cells and an alarm system to be used in event of breaks or other serious disturbances within the institution walls. The improvements are being made with prison labor and material.

CANINE FIELD TRIALS DATED

The annual field trials for dogs here will be held October 11, according to word today from members of the Wing, Pin and Feet club, which is sponsoring the event. Al Andrews and Charles Runyan have selected a course for the trials which will be ready and fitted for the best work by the canines.

Four trials are scheduled, as follows:

1. Puppy stake. Dogs born in 1925 eligible.
2. Derby race. Dogs born in 1924 eligible.
3. All-age stake. Dogs two years old or more eligible.
4. Shooting dog stake. All shooting dogs eligible. Dogs to be handled by owner.

All who believe they have shooting dogs should begin to tune "em up, because October 11 will be judgment day," a member of the club said today, adding that further information may be obtained from J. P. Morlock, of the Star garage, located near The Observer office.

SHADE BEATEN BY CHAMPION

YANKEE STADIUM, NEW YORK (AP)—Dave Shade of California, Monday night came to cross roads with Mickey Walker of Elizabeth, N. J., in his long pursuit of the welterweight championship and received as the answer to his two-year-old challenge a bruising defeat in a 15-round match at the American league baseball park.

Standing in the center of the ring throughout the struggle, the pair hammered away until both were almost ready to drop from exhaustion at the finish. They bled profusely from nose and mouth and Shade was on the verge of a knockout in the closing minutes of the struggle as the champion brought forth a thrilling rally to save his title by a close judge's decision of two to one.

Both men, casting science aside, slugged with abandon and without letup. Until Walker's sensational finish the consensus among newspaper men at the ringside gave the crouching Californian an edge over the champion. Even after Walker's spectacular rally under which Shade bent like a broken reed, opinion remained divided, a chorus of boos accompanying the ovation which greeted the verdict.

Referee Patsy Haley cast the deciding ballot. One of the judges, George T. Kelly, of Yorkers, N. Y., cast a vote for Shade, on the strength of his superior fighting in the early rounds. Richard Nugent of Buffalo, N. Y., the other judge, turned in a slip for Walker. Haley's ballot then settled the issue.

THRESHING AT A STANDSTILL

WALLOWA, Ore. (Special)—Threshing operations in this section of the country except for a small amount of stacked grain has been at a standstill here for the past several days due to the frequent heavy rains, which keep the straw tough. Roy Gastin who has been threshing at the H. G. Maxerson ranch in the valley, has moved his outfit to T. G. Johnson's ranch east of town, where he has threshed some stacked grain. A small field of Hard Federation wheat threshed there is reported to have yielded of 31 bushels per acre. Other machines which are threshing from the grain sheeled in the fields will probably not be able to resume work for two or three days at least.

H. G. Maxerson and wife left recently by auto for a few days trip to Yakima, Wash., and returned home Saturday.

Seeding Fall Wheat

Many farmers are busy seeding their winter wheat at this time, although very little of the grain has been seeded long enough to show up yet, but with the abundance of moisture stored in the ground at this time, with a few weeks good weather it is expected that much of the grain will get a fairly good start. Some of the farmers are busy clearing the weeds from their summer fallow.

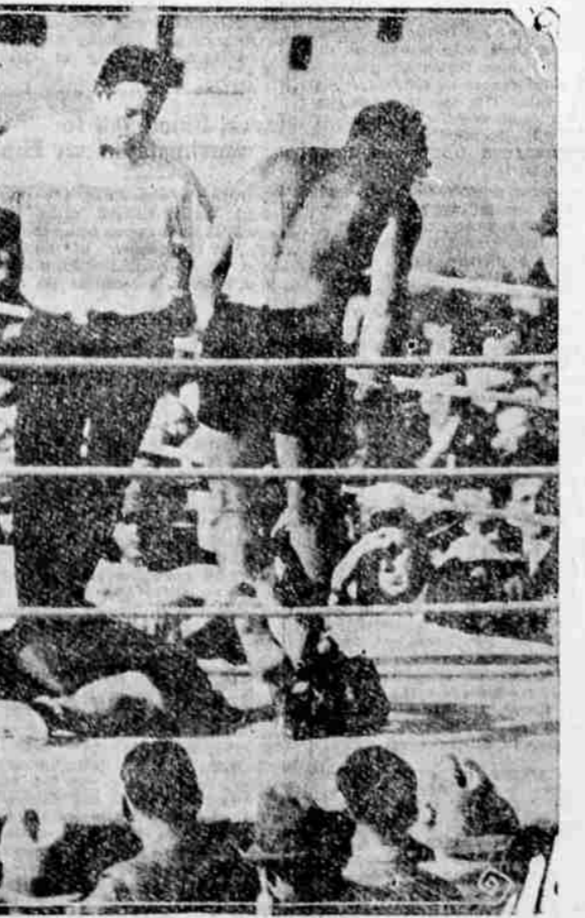

Much grain has been coming in from the farms to the warehouse here during the past week, the greater part being hauled at this time being wheat. Both warehouses are piled high with huge piles of sacks and five men have been kept busy the past several days taking care of and piling the grain.

IS DEMPSEY SLIPPING?

Take a look at this picture and then say to yourself that Jack Dempsey hasn't slipped back—at least not very much. The champion put Ed Warner, Los Angeles heavyweight, on the mat with a short right punch in the first of a scheduled two-round exhibition in San Francisco on Labor Day. Tom Laird, sport writer and referee, is the third man in the ring.

Retired German Stage Star Returns to Boards

BERLIN (AP)—Hedwig Wangel, who was the leading comedienne of Germany a quarter of a century ago, has returned with great success to the Berlin stage in the role of Madame Bonnard, the leading character in Alexandre Dumas' farce, "The Surprises of Divorce" for many years. Frautlich Wangel has devoted herself largely to philanthropic work, and the proceeds of her stage work are given entirely to charity. At the height of her career she left the stage, having lost sympathy with her work as a comedy star. She was in a sanitarium for a long time, but upon the recovery of her health was still out of sympathy with the stage and lived a life of self-denial and extreme simplicity that was in striking contrast to her brilliant career when she was the favorite of German theater-goers.

Max Reinhardt, under whose management Hedwig Wangel is re-appearing, induced the veteran actress to return to the stage in spite of her success of a quarter of a century ago, and her reappearance was celebrated by a large group of the celebrities of the German stage who gave her many ovations when she first appeared in the Komische theater at the rollicking Madame Bonnard.
