APPLE CROP IS WORTH \$300,000

(Continued from Page One) est money-makers, but several other varieties are grown successfully. Quinos, Jonathans and Delicous are next in demand to the Home Beauties and besides this are Astrachans, Gravensteds, Winter Bananas, Yellow Newtons, Permainas, Snows, and many other are grown in smaller amounts and to satisfy local demands primarily. Approximately 500 acres of land are planted in apple trees that are now bearing and several hundred more are devoted to young trees. Elgin and Babler districts lead the county in production, with La Grande third, Cove fourth and Union fifth. About 300 pickers and packers are employed yearly during the season throughout the county and the weekly payroll, although hard to determine, ranges between \$6,000 and \$7,500. The greater share of the apples are picked and packed during the season, but some are picked and taken to packing houses where they are packed as needed for shipments. This Year's Crop Satisfactory. Apple men are well satisfied with this year's crop, which is from 20 to 25 per cent better than the average for this country. One orchardist, H. H. Weather, of Elgin, has a \$25,000 crop of which he has already disposed of 25 carloads, or about two-fifths of the total. This is said to be the biggest apple yield for the past of the state. The 400 carloads to be shipped this year compares very favorably with last year's 287 carloads. The county has raised crops in excess of 400 and below 287, however. In 1922 about 400,000 boxes were harvested, according to figures in the chamber of commerce offices. Apples go a long way toward making Union county a fruit-raising section, growers state, when added to the crop of prunes, cherries and other fruits.

SAN FRANCISCO (AP) - Butterfat - 5 1/2 c here today.

FAIR PREMIUMS ATTRACT MANY

(Continued from Page One) with the result that additional interest has been created. For instance, there is a ton litter of pigs contest for which five premiums, ranging from \$300 downward are offered. In the milk cow contest there are five cash premiums ranging from \$85 downward. Beef steers are divided into three classes in each of which there are three cash premiums ranging from \$50 downward. Premiums of corresponding values are offered in every department and are expected to cause real competition. Bucking Horses Ready. The program for the afternoon has developed largely into a bucking exhibition of late years but there is this to be said of it: It is a cowboy exhibition by real cowboys from a real cow country. The association has inaugurated the custom of buying the best bucking horses as they are developed and it is claimed that nowhere in the west is there a finer quality of performers. Guy Cash, who won second money this year at the Pendleton Round-Up, was thrown by two different horses at Enterprise last fall. Big Crowds Foreseen. More than 3,000 paid attendees each day of the fair is foreseen by officials, who point to past records as proof of what can be expected. The first Wallowa county fair was held 20 years ago and with the exception of the year 1918, when a desire to conserve the labor of the farms prompted the management to call off the fair, every year has seen a fair held and every year it has been successful. It is claimed that it is the oldest fair in point of continuous service in Eastern Oregon and the biggest and best attended. As to attendance, extravagant claims are made. The total population of Wallowa county as shown by the 1920 census is less than 10,000. Each year during the past half a dozen, on the three big days of the fair, the attendance has exceeded 3,000 people or more than 30 percent of the population of the county. It is claimed that no other county fair in the United States exceeds that record.

EDUCATION BOARD MOVE IS UPHELD

(Continued from Page One) lating the number of children to be placed under one instructor. Parents of the children concerned have sought legal advice to sustain their objection and the hearing on the case, which came with the arrest of parents seeking to keep their children in the Central school, is scheduled for this afternoon in the municipal court. One or two parents have expressed their intention of carrying the fight to the highest authority, contending that other solutions for the problem can be found. A petition is being circulated, it is understood, calling for a removal of the transfer order and also seeking to prevent the payment of salaries to the school athletic coach and to the superintendent's stenographer and office assistant. Those circulating the petition state that this expense is unnecessary, the salary for a coach is unlawful and that the funds so expended could be made available for an additional teacher and quarters in the Central building. The subject of the petition was brought up at the H-Hud meeting and it was pointed out that the coach was a regular member of the high school faculty, having daily study hall duties which is considered fully within the requirements of the state law.

GEORGIA ROSE BODY POWDER

To obtain the best benefit after your refreshing shower or bath, dust yourself with Georgia Rose Body Powder. It is cooling. Makes the skin feel soft and smooth. Perfumed with the fascinating odor of the popular rose.

CO-OPERATION IS URGED BY 5 SPEAKERS

(Continued from Page One) obeys it." C. J. Hurd, representing the extension department of Oregon Agricultural College, emphasized the words of the commissioner, and added his approval of the apparent co-operation of town and farm communities. A Round-Up song, "Let 'Er Buck," composed by M. L. Carter, of the sand ridge, who is a member of the grange, was included in the program of the chamber of commerce quartet, which sat feet tapping and shoulders playing when dark harmonies followed the opening number, "Mareheta." Meetings of the home economic section with Mrs. Jones, and of the lecturers' conference for the outlining of recruiting activities and work programs for the coming year, interspersed the luncheon and afternoon program of lectures. All the guests of note are scheduled to appear on the platform with messages of interest to grange members. Dinner at 4 o'clock, by Blue Mountain grange, assisted by merchants of La Grande, will be followed by committee meetings and a final ceremonial with conferring of the fifth degree. Entertainment will be furnished by the host grange. Although the tentative establishment of a public market will not be touched on in meetings before the session with the chamber of commerce committee in that organization's offices at 7 p. m., sentiment strong in favor of the market has been expressed freely among the members, according to Mr. Nico, county master. The subject of irrigation has been considered. A consistent growth was reported by representatives of the fol-

lowing granges present: Wolf Creek, Telocaset, Blue Mountain, Mt. Fannie, Pleasant Grove and Cricket Flat. Guest delegates heard from Umattila and Mulheur counties. Resolutions to be presented later in the day will be framed by Bernal Tarr, W. A. Sherwood and James Ansen. The only other committee appointed is composed of Celesta Nico, Mrs. James Ansen and Mrs. L. J. Chadwick, who receive applications.

KNEW VALLEY BEFORE ELGIN

(Continued from Page One) Miss Stevens hung the ribbons on all prize-winning articles in culinary, art, needlework, sewing, painting and flower sections. A wall hung with paintings by local artists proved attractive. Following are the prize winners: O. E. Barlow, Elgin, first for landscape in oils and second for an oil marine; Carl Barlow, first for a marine scene in oils; H. J. Hutz, second for landscape in oils; Miss Iota Schorr, Elgin, first in crayons; Miss Anna Brooks, Imbler, first in still life painting and second in water colors; Mrs. Arthur Hallgarth, first for a water color marine scene. Mrs. Sewell took a prize for the best display of snapshots.

A group of electrical appliances for the home was placed in the women's department with a view to attracting attention of those who would profit most through the saving in labor they effect, is surrounded hourly, not by en-
