We cannot go unloved much longer, but we will not want to because fashion has such lovely surprises in store for us. Both these models show the fancy cuff that gives such a chic finish to the tailored costume.

Sister Mary Says:

BY SISTER MARY
Breakfast—Baked apples with prunes, cream, hot rolls, croissants, potatoes, graham muffins, milk, coffee.
Luncheon—Stuffed cucumbers, tomato salad, watermelon, bran bread, milk, coffee.
Dinner—Pork tenderloin, baked potatoes, spinach, tomato and cabbage salad, chilled watermelon, bran bread, milk, coffee.
Order the pork tenderloin "Frenched." Cook the meat thoroughly, allowing three-quarters of an hour. As there is no waste in tenderloin it is no more expensive than chops in the long run.
Our cucumbers, 1/2 cup chopped cold ham, 1/2 cup boiled rice, small onion, salt and paprika, 1 tablespoon lemon juice, 1/2 teaspoon each thyme, savory, sweet marjoram and nutmeg, 1 cup thick with sauce.
The cucumbers should be five or six inches long. Pare, cut a thick slice from one end and scoop out the seeds with a strong teaspoon. A thick solid case should be formed. Mince cucumbers with mixture and fasten the ends with toothpicks. Put into salted boiling water and simmer until tender, about 20 minutes. Drain and serve with cream sauce.

The New Church

At a cost of \$5,000,000, Rochester (N. Y.) Baptists have built this church of 14 stories. It contains 30 retail stores, 250 offices, and four rooms for church purposes. Rev. Clinton Wunder says churches in cities must build such structures if they wish to stay in the business district.

REGINA, Can. (AP)—Lard crabs in great numbers invade this city every evening shortly after sunset, crawling through the street in the lower section of town in search of scraps of garbage on which to feed. As a result, the affected sections have the appearance of a child's municipality. Authorities are unable to explain their presence.

Lawyers Would Like Official Part in Election of Judges
SEATTLE, (AP)—Contending that the average layman does not know the qualifications of judicial candidates, the Washington State Bar association is proposing amendments to state election laws whereby members of the legal profession could indicate their preferences in candidates for the bench.
The proposal, which originated at a recent state convention, would not interfere with the present method of voting members of the association explain. After illness for judge ships had been made, the lawyers would take a vote on the candidates and make an endorsement. This recommendation would be printed on the official ballots under the name of the approved candidate.
The association believes thousands of voters would be guided by the endorsements.
A counter suggestion, proposed by a local newspaper in a humorous vein, would exclude lawyers from voting for judges on the ground of prejudice.

Message No. 13 From: OREGON TRAIL FOX FARM, H. W. Smith, Prop., La Grande, Ore.
We have but two recognized and standard strains of Silver Foxes. They are the PRINCE EDWARD ISLAND strain and the INTERIOR ALASKAN strain. I have both, and all are registered purebred stock.
This is a natural climate for silver foxes—they do real well, while a blue fox is white when in its active season (Arctic region), their fur has little value when raised this far south.
