F. A. INGRAM BUYS CLUB AT \$15,000

(Continued from Page One.) discontinued, and the trapshooting equipment removed by the club.

The house, which is about 25 by 70 feet in dimension, has conveniently arranged dining hall, kitchen, lounges and dressing rooms, and will be converted by Mr. Ingram into service for his patrons.

Fall Program to Continue. Until possession is given, the clubhouse will continue to furnish headquarters for the activities of the club. The fall program of sociability will proceed without interruption. As a farewell event, it is planned to give a ball on New Year's eve.

Already the golf devotees are seeking a new country club site, and have several favorable locations under consideration. Plans for the new course will probably be completed within the near future, according to Chas. Johnson, manager. And with the course, the members expect to provide a clubhouse that will be as pleasant and inviting as the one they have found it advisable to relinquish.

The decision to liquidate the old club was not reached out of a desire to abandon the idea of a country club, Mr. Bohonlamp explains, but because of the general dissatisfaction with the golfing possibilities of the present location. A complete reorganization was agreed upon in order that the club might proceed with its new plans unhampered by obligations that belong to its existence in the old quarters.

The La Grande Country club was organized in January, 1920. Mr. Bohonlamp has been manager since the beginning. Other present officers are W. C. Perkins, president; Dr. A. L. Richardson, vice president; Charles H. Reynolds, secretary, and Harry Zurbrick, treasurer.

ENTERPRISE IN MIDST OF FAIR WEEK

(Continued from Page One.) terprise the first week. Besides the group exhibits, a number of fine individual displays are on hand.

With fair weather, this year's fair promises to be the most successful in the two decades of such events.

The spirit of cooperation which is being shown by members of various organizations in staging collective exhibits cannot help but result in success on all concerned, it is believed.

Grain Special Viewed. The grain special which has been a feature of the fair for the past few years is creating much interest among the grain growers and many fine samples of wheat and other grains are on display this year.

The ton-litter contest in the hog department is expected to prove a big factor in encouraging production of better hogs. The first entry made in this class Monday was eleven fine Duroc-Jerseys which weighed in the neighborhood on 250 pounds each.

Carl Whitmore, of Prairie Creek, is on the grounds with his Hampshire sheep, which have been an attraction for the past number of years. Entries in the cattle division include many strings of Holsteins, Shorthorns, Herefords and other types.

UNION COUNTY REPRESENTED ENTERPRISE. (Special to the Observer) - Good crowds at the Wallawa County fair today include a number of patrons from Union county. Boys judging teams are here from Union and Imbler. H. E. Emmel is the instructor accompanying the team from the Smith-Hughes department of the Union high school. Superintendent Ralph Morgan is with the boys from Imbler. Other Union county people on the grounds are: Mr. and Mrs. Harry Bush, which have been an attraction for the past number of years. Entries in the cattle division include many strings of Holsteins, Shorthorns, Herefords and other types.

WILSON WAS THINKING OF WAR IN 1916 (Continued from Page One.) son as early as 1916, was giving thought to definite proposal to throw the United States into the war on the side of the allies if the Central powers rejected the proposal for a peace conference. He ventures the opinion that Germany today, in efficiency and numbers combined, is potentially the strongest country in Europe. He believes the Kaiser and the German people of the full culture of setting the torch which started the world conflagration and thinks that in determining the goal for bringing on the war, the armed camp condition to which Europe had been brought by the events of decades must be considered.

The Carl doubts that the worst of the economic disaster following the war has yet been seen; he holds that militarism and armaments made the World war inevitable and he doubts that even yet nations have learned that lesson, without which, he thinks, they must perish.

It never has hitherto been definitely revealed that President Wilson as early as 1916 was thinking of throwing the weight of the United States into the conflict on the side of the allies. Even Earl Grey in his memoirs qualifies it with the statement that the president was considering it as an alternative to a peace conference. The sequence of events, however, as they are revealed by the diplomatic history of that time, bears out Viscount Grey's recital.

Wilson Thought Long. In his memoirs, the early records that in February 1916, E. M. House, President Wilson's personal representative on many unofficial diplomatic negotiations in European capitals, set down in collaboration with him a memorandum defining, as definitely as was then possible, the steps President Wilson would be prepared to take and the terms of peace which the president would use the influence of the United States to secure. House, the Carl writes, left a copy of the memorandum with him, while he returned to Washington, and later cabled that the text had been confirmed by the president.

"For a long time," President Wilson told this confidante, "I was unable to make up my mind when we might have to fight, after all, it was difficult to determine which the American path, regarded as worst - British savagism or Prussian militarism. My decision finally turned on this point, to-wit: seized ships and cargoes could be paid for in money, leaving everybody satisfied. But the American lives which the Prussian government was sacrificing in its submarine campaign never could be paid for or restored, and in making a

Barber Snips After Gloria Is Overruled

(Continued from Page One.) ting her hair grow anyway? I'll bet she didn't. I'll bet the guy that wrote that stuff had a sideline as publicity agent for a hair goods manufacturer."

"Probably," agreed the now thoroughly sympathetic barber. "If you want my opinion, I think Gloria's press agent was thinking up something startling for her to remark and hit on the long hair as something that would get you where they live."

Not Sure About Her Ears. "I don't believe that's going to affect the style though," he continued. "Short hair is too comfortable to give up. The few who will let their hair grow are the ones that made a mistake having their cut in the first place."

"You could stand a pretty severe shingle. You've got a good hairline and your features are regular," he encouraged.

She picked up a hand mirror, brushed back her hair and studied the effect.

"I'll have it," she signed at last, "but leave extra heavy sideburns. I'm not just sure about my ears."

WOMAN'S ARM MANGLED

ROSEBURG, Ore. - Mrs. John Bruce of Glide was painfully injured when her right arm was caught in a feed chopper. She was running corn through the machine when in some manner the fleshy part of her arm came in contact with the blades of the reel, inflicting several deep gashes.

Mrs. Bruce was brought to Roseburg for surgical attention.

Obituary

MRS. MARY BEAN. Funeral services for Mrs. Mary Bean, former La Grande resident, who died early Monday at her home at Wallawa, will be conducted at Our Lady of the Valley Catholic church at 10 a. m. Sunday. The Rev. Father Brown, pastor of the Catholic church at Enterprise, will be officiating. Burial will be in the Catholic cemetery here.

GET AT THE CAUSE!

Many La Grande Folks Are Showing How to Avoid Needless Suffering.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day aches, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Doan's Pills - a stimulant diuretic to the kidneys - have brought peace and comfort to many La Grande people.

Profit by this La Grande resident's experience: at 40, an occasional attack of kidney complaint when I felt run down and had no energy. My back was weak and lame, too. My kidneys didn't act right and I knew they caused the trouble. I used Doan's Pills for those attacks and they gave me relief by strengthening my back and kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy - get Doan's Pills - the same that Mrs. Dodd had. Foster-Milburn Co., Mtn., Buffalo, N. Y. - Adv.
