Miss West, Mr. Mason Married Sunday

A quiet wedding took place yesterday afternoon at 1 o'clock at the home of Mr. and Mrs. Arnold Hug in West Park, when Miss Laverina A. West and Harry E. Mason were united in marriage. The Rev. O. W. Jones of the Christian church officiated. A large number of relatives of both the bride and groom were present. After the ceremony a reception was given. The bride is the daughter of Mr. and Mrs. W. A. West of the Summerville community and Mr. Mason is the son of Mr. and Mrs. C. C. Mason of Richland, Oregon. He has for the past three years been connected with the care of the Elk temple here. The happy couple will be at home to their friends at the corner of Seventh and Pennsylvania.

The EASY Vacuum Electric WASHER

Belts Are Alright In Their Places

Nobody questions the use of belts for certain purposes—such, for example, as the transmission of power in factories and mills. It is undoubtedly the cheapest method that could be employed, and even though breakdowns may occur, there are always tools at hand to repair the damage. But with electric washers the situation is quite different. If a belt breaks, it may cause a day's delay, make it necessary to finish the washing by hand. No such mishap can occur, however, if the washer is gear driven, like the EASY, for example. The slight extra cost of gears, as compared with belts, is more than justified by the high degree of dependability thereby insured. Yet, in spite of this increase in manufacturing cost, the EASY is no higher priced than washers run by belts.
